DEATH LAID TO POISON

Mrs. McClintock Murder Victim?

Coroner Asserts Analysis Shows Enough Mercury in Body to Kill

Revelation Follows Inquiry Started on Suspicions Against Shepherd

[SPECIAL DISPATCH]

CHICAGO, April 9. — Coroner [illegible] Wolff announced tonight that [illegible] amount of mercury found in the organs of Mrs. Emma Mc[illegible], mother of William Nel[illegible] McClintock, for whose murder [illegible] D. Shepherd is being held, [illegible] of sufficient quantity to cause [illegible], and that she probably died [illegible] mercuric poisoning.

[illegible] careful study of Dr. Wil[illegible] D. McNally's report on the [illegible] of Mrs. McClintock's vital [illegible] permits me to say that [illegible] amount of mercury found in [illegible], liver, kidneys and [illegible] is of sufficient quantity to [illegible] death," said Coroner [illegible]. "The analysis of the vital [illegible] Dr. Oscar Olson is not [illegible] and the result prob[illegible] will not be announced until [illegible]."

[illegible] bodies of Mrs. McClintock [illegible] Olson were exhumed upon [illegible] of Chief Justice Harry [illegible] of the Municipal Court, who [illegible] the investigation which led [illegible] indictment of Shepherd. Mrs. [illegible]ock has been dead for six [illegible]rs. Dr. Olson was buried [illegible] ago.

RELATES SUSPICIONS

[illegible] Olson declared that cor[illegible]cumstances surrounding [illegible]Clintock's death struck him [illegible]icious at the time. Her [illegible]peared bloated and Shep[illegible]g his wife exhibited an [illegible]t in the funeral plans.

[illegible] Olson, a brother of the judge, [illegible] many years the McClin[illegible]mily physician, and took a [illegible] interest in young McClin[illegible]. According to Judge Olson, [illegible]ock and his wife visited Dr. [illegible] on the night before he died. [illegible] their first visit to the Ol[illegible]s in six years. Shepherd, [illegible] Olson declares, was alone [illegible] the doctor for a few mo[illegible]. Dr. Olson was suffering [illegible] attack of ptomaine poison[illegible], and was on the road to re[illegible]. When Shepherds vis[illegible]ed Judge Olson declares.

[illegible] TIME FOR PLEA

[illegible]ment was today granted a [illegible] additional time to prepare [illegible] to the Supreme Court of [illegible] for release under bond. [illegible] has been denied by three [illegible] in Chicago. This means

HERRIOT WINS IN CHAMBER ON ISSUE OF CONFIDENCE

Premier Challenges Foes to Turn Him Out Before Capital Levy is Voted On; Majority Reduced

[BY CABLE AND ASSOCIATED PRESS]

PARIS, April 9.—The Herriot government, which has been reeling under the attacks of the opposition for a week, suddenly sprang a surprise offensive against its opponents today, and in a speech two-thirds of which was devoted to flaying the governments preceding his, put it squarely up to the Chamber to assume the responsibility of overthrowing him before his financial measures relating increased currency and a forced loan could come up for discussion.

No coalition was found desirous of facing the situation which would have been created by the departure of M. Herriot at this stage and becoming the sponsors for the inflation and capital levy themselves.

The Left groups, which have shown signs of disintegration, rallied behind the Premier and gave the Cabinet a new lease of life. The vote was 291 to 242.

The government, although victor in this preliminary engagement, saw its majority whittled down to less than fifty votes and for the first time since it assumed power failed to pass the 300 mark of adherents when there was a strict party line division with a confidence clause attached. It will have to face a real battle when the finance bill itself is debated the end of this week or the beginning of next week in the Chamber.

How long the government's new lease of life will be also depends on the attitude of the Senate tomorrow, when it is quite probable M. Herriot will attempt a similar operation there.

The Premier charged the successive governments since the armistice with being responsible for the present precarious situation of the French treasury.

"The guilty parties," he said, "are those who, since the end of the war, by floating both internal and foreign loans at abnormal rates of interest, have written enormous bills which France must meet this year and in coming years. The guilty parties are those who contracted debts, not those who must pay them."

The influence of the foreign debt upon France's international negotiations, the pressure of which can be brought to bear upon the French government, at times even menacing France's complete freedom of action, was one of the phases of the situation upon which the Premier laid stress.

"You have already felt the pressure of foreign money. Be careful," he warned, "lest this pressure become a summons, should France be unable to do what is necessary to extricate herself from the present situation."

BALFOUR IN NEW PERIL

Two Die as Mob Storms Hotel

Troops Called Out to Quell 6000 Syrians Advancing on Briton's Quarters

Stones Hurled at Police by Angry Rioters and Blood Flows Freely in Clash

[BY CABLE AND ASSOCIATED PRESS]

DAMASCUS (Syria) April 9.—Two persons were killed and eleven injured in a fight today between a mob opposed to the Earl of Balfour and Syrian police and French Algerian troops.

After prayers in connection with the Ramadin festival, a crowd of about 6000 marched in the direction of the Victoria Hotel where Lord Balfour is staying. Because of the attack against this hotel last night, extra precautions had been taken. Syrian police attempted to check the demonstrators, but were stoned. Fierce fighting ensued, and Algerian troops were summoned to the aid of the police. There were disturbances also in the Jewish quarter.

This is the most serious disorder marking the visit of the Earl of Balfour to the Holy Land. He himself appeared to be surprised at the stoning of his hotel and the disorders of last night and as a consequence he has remained most of the time within the hotel.

The resentment against Lord Balfour arises through his work in the establishment of a national Jewish home in Palestine.

RIDDLE OF LIFE NEAR SOLUTION

Yale Professor Reports Tests Bring Scientists Close to Goal

[BY A. P. NIGHT WIRE]

BALTIMORE, April 9.—Science is near an understanding of the chemistry of life processes, according to a report to the Division of Organic Chemistry of the American Chemical Society here today by Prof. Treat B. Johnson of Yale University, who announced the finding of new compounds in the nucleus of the cell. Prof. Johnson's report was one of a series submitted to the division showing rapid co-ordinate development of chemistry and medicine in attacking disease.

The minute cell, Prof. Johnson explained, is the fundamental unit of all living matter and it is within the nucleus of the single cell that all vital force is centered.

Once the chemical behavior of life process is understood, it was pointed out, the conquest of disease may be found comparatively simple. It is even possible, it was said, that the riddle of life may be solved first through the conquest of tuberculosis.

Baby Victim of Illinois Tornado Dies of Injuries

[EXCLUSIVE DISPATCH]

CHICAGO, April 9.—In spite of strenuous efforts to save the life of Troy Haney, 2-year-old victim of the Southern Illinois tornado, by grafting new features on the child, the little patient died today at St. Luke's Hospital.

The child's mother lies in a St. Louis hospital with both hips broken. She and the baby were found after the tornado in the yard of their home in Murphysboro, clasped in each other's arms. Nothing was left of the house but a rocking-chair.

TREES FOR HIGHWAY

[EXCLUSIVE DISPATCH]

SALEM (Or.) April 9.—Young locust trees are being planted along a section of the Old Oregon Trail highway, Eastern Oregon. This variety was selected because a portion of the highway passes through a sand desert where moisture and soil conditions are not highly favorable.

His Master's Voice

HINDENBURG STORM CENTER

Field Marshal's Partisans and Opponents Loose Wordy Warfare in Press

[BY CABLE AND ASSOCIATED PRESS]

BERLIN, April 9.—The nomination of Field Marshal Hindenburg for the German Presidency continues the subject of heated educational polemics in the Berlin and provincial press. The organs of the United Right parties, which have chosen the war idol as their political champion, are supporting their nominee vigorously in the face of criticism by Liberal organs which are reproducing recent statements of conservative journals opposing the nomination of Von Hindenburg.

Newspapers supporting the candidacy of ex-Chancellor Dr. William Marx, nominee of the Weimar coalition, are giving prominence to comment from the United States and from London.

The field marshal's campaign managers are displaying abundant optimism in regard to his prospects of polling the highest individual vote in the elections of the 26th inst. Their campaigning efforts will be concerned chiefly with locating the 12,000,000 eligible voters who were stay-at-homes during the elections to the Reichstag on December 7, and in the preliminary voting for a President on March 29.

A quick asset in the nature of a sure vote is claimed by the United Right, in the support promised Von Hindenburg by the various political organs in Bavaria, where not only the official Bavarian Peoples party, but also various unattached groups and all of the Fascisti organizations have come out for the field marshal. The forthcoming campaign will largely be fought out on paper, as neither the United Right nor the parties comprising the Weimar coalition are in a position to spend excessive sums for campaign purposes.

The United Right is said to have exhausted its exchequer in its attempt to elect Dr. Karl Jarres to the Presidency on March 29. Although far better situated for the purpose of raising funds than are the Socialists, Democratic and Centrist parties, the Von Hindenburg leaders will rely chiefly upon the strength of their organization and the appeal of their champion to national sentiment. The field marshal will address a personal appeal to the voters in the shape of a proclamation, which will be broadcast Sunday.

CIVIL LIBERTY HEAD JAILED

[BY A. P. NIGHT WIRE]

PATERSON (N. J.) April 9.—Roger N. Baldwin, director of the Civil Liberties League of New York, was sentenced to a six-month jail term today by Judge Delaney for unlawful assemblage.

GILA WATER ACTION WILL BE REHEARD

Arizona Supreme Court Orders Retrial of Suit Over Flooded Land

[EXCLUSIVE DISPATCH]

PHOENIX, April 9.—The action of the Supreme Court of Arizona in granting a rehearing of the case of James B. Green against the Gila Water Company and Frank A. Gillespie is considered of great importance of the farmers of the Gila and Salt River valleys.

Green had obtained judgment for $5000 in the Maricopa County Superior Court for the flooding of his land through operation of the new Gillespie Dam. The Supreme Court decided that he should not recover, as he had settled upon the land after construction, in 1893, of a dam on on the same site. The structure, erected by the Peoria Canal Company, washed away soon after completion. But the Peoria rights to build and maintain a dam have been held as descending to the Gila Water Company and to have constituted a prior claim against which later settlement should not be considered.

The high court made a distinction between the dam and reservoir right and the right of prior water appropriation. Attorneys for Green aver that such separation hardly is permissible, and that the decision thus might serve to overturn all irrigation priorities that have accrued on the streams above since the time of the original enterprise. It is also said that whatever rights there may have been have had virtual abandonment by reason of a lapse of twenty-five years between the activities of the two corporations.

GOVERNOR'S SON IS FINED IN GIRL CASE

Scion of Ohio Executive at Home After Episode With Zanesville Miss

[BY A. P. NIGHT WIRE]

COLUMBUS (O.) April 9.—Hal Donahey, 19-year-old son of Gov. Vic Donahey, was home tonight and the episode which linked his name with that of Lillian Vogel, 15-year-old Zanesville (O.) school girl, was closed.

In the probate court at Zanesville Judge Clarence Graham found young Donahey technically guilty of contributing to the delinquency of a minor and fined him $100 and costs. He also was placed under the jurisdiction of the court until he becomes of age.

Miss Vogel, who disappeared from Zanesville Sunday night and was found in a local rooming-house Wednesday by Mrs. Donahey, was placed on probation.

Miss Vogel came to Columbus with Hal late Sunday night after he had spent the afternoon and evening with her and another couple. When questioned regarding the disappearance of the girl, he denied knowledge of her whereabouts, saying he had let her out of his new roadster at her home and not until he was confronted with the girl at the executive mansion did he change his story.

Judge Graham said he was convinced there had been no impropriety in the conduct of the couple.

The judge told young Donahey that he fined him principally because he did not tell the truth about the affair at first.

Gov. Donahey's only comment on the affair was:

"I am grieved over the episode and I hope the public will be fair in its judgment."

PLANE SCOUTING OVER PROPOSED MAIL ROUTE

[BY A. P. NIGHT WIRE]

SPOKANE, April 9.—For the purpose of making observations relative to a Salt Lake-Spokane air-mail route which local interests have suggested as an alternative to the Elko-Pasco route being considered by the Postoffice Department, Capt. Easterbrook and Lieut. Mamer of the Washington National Guard, left here today in an army plane for Salt Lake City.

HUGE MIGRATION PLANNED

British Government and Australia Agree on Scheme to Transplant 450,000 Britons in Antipodes

[BY CABLE—EXCLUSIVE DISPATCH]

LONDON, April 9.—The greatest scheme for empire migration on record was announced yesterday by the Colonial Office. By an agreement with the Australian government it is planned to transplant 450,000 Britons to Australia in the next ten years.

The plan was originated by the labor government and carried on by the Tories on coming into office, and now the agreement has been signed.

The Commonwealth government undertakes to raise $170,000,000 for low-interest loans to the state governments to be expended on approved undertakings and the acquisition and clearing and development of land, which will be broken up into farms. The selected migrants, will be assisted in their passages and money will be lent on easy terms for the development of farms, which also will be purchased on easy terms.

The imperial government, in addition to providing the cost of the passages, undertakes to pay the Commonwealth $650,000 for every $3,750,000 raised by the Commonwealth, each payment also depending on the satisfactory settlement of 16,000 assisted migrants. Some time is necessary before details are worked out, so it is hardly likely that the big empire trek will begin before next year.

COOLIDGE DENIES APPEAL IN TACNA-ARICA AWARD

Tells Peru Boundary Decision is Final; Pleased That Nation is Willing to Comply

[BY A. P. NIGHT WIRE]

WASHINGTON, April 9.—President Coolidge informed the Peruvian government today that he was constrained to regard his award as arbitrator in the Tacna-Arica dispute between Peru and Chile as "final and without appeal." The communication pointed out that this action agreed with the terms of submission as signed by the two governments and also with the general principles of international law.

"This reply well might end here," the President continued, but he added that in deference to the nations involved and to the importance of a correct understanding of the award, he deemed it advisable "to make certain additional observations."

The finality of the President's action is further stressed by a statement that he regards it unnecessary to afford Chile an opportunity to present views in relation to the Peruvian memorial to which his communication is a reply.

ERRORS CHARGED

The complete correspondence between Mr. Coolidge and Solon Polo, president of the Peruvian Defense Commission, was made public within a few hours after the reply of the arbitrator had been delivered to the Peruvian Embassy. The Peruvian memorial devotes several pages to an argument contending that arbitrator's action in ordering determination of sovereignty in Tacna and Aria through a plebiscite was the consequence of an error of translation which runs through the entire award.

Reference is made to the English translation of Clause III of the Treaty of Ancon under which the two countries agreed in 1884 that a plebiscite should be held either "at" or "after" the expiration of ten years.

Answering the Peruvian contention that the translation "at" should have governed the award, the President says:

"The translation complained of is the translation submitted by Peru in her case and in the opinion of the arbitrator fairly interprets the meaning of the passage in question.

"The problem before the arbitrator was one of substance—of construction rather than translation.

"It may also be said that the award of the arbitrator is in entire harmony with the practical construction placed upon the treaty by the parties in their dealings with one another after the expiration of the ten-year period from 1894 to 1912.

ACCEPTANCE NOTED

In a subsequent paragraph, however, after detailing allegations of terrorism charged against the Chilean authorities in Tacna and Arica, the memorial states:

"This picture of actual conditions which has been sketched shows that there has truly been a violation of the essential conditions for the plebiscite which would justify Peru in refusing to accept the decision; but as it is the invariable policy of our country to comply with international responsibilities we will not fail to carry out the award rendered, notwithstanding the errors which have been pointed out and in spite of the fact that they so deeply wound the sentiments of justice which actuate Peru in insisting that Chile, by her refusal to hold the plebiscite when it should have been held, in 1894, brought about the nullification of the third clause of the Treaty of Ancon."

The President's reply deals with these two elements of the Peruvian memorial with the statement that the arbitrator "notes with satisfaction" that the president of the Peruvian Defense Commission "gives formal assurance" that Peru will not fail to carry out the award.

A general reply is made to the Peruvian contention that acts of terrorism have been committed under Chilean authority, the President pointing out these should be brought to the at-

(Continued on Page 2, Column 3)

ESPEE HEAD TO RETIRE

De Forest Named as Successor

Kruttschnitt Will Quit Post May 31, Next; in Service Forty-eight Years

Other Changes Include Shoup Advancement to Division Supervisory Place

[BY A. P. NIGHT WIRE]

NEW YORK, April 9.—Julius Kruttschnitt, long an outstanding figure in the railroad industry, who has shaped the destinies of the Southern Pacific for many years, will retire as head of that system on May 31, next, after forty-eight years of continuous service.

Having passed the age of 70, Mr. Kruttschnitt announced today he would take advantage of the company's pension rules to sever his relations with the road.

Mr. Kruttschnitt will be succeeded as chairman of the executive committee of the board of directors by Henry W. De Forest, who, since 1913, has directed the financial interests of the road. The actual supervision of the road's operations, heretofore exercised by the chairman, will be passed on to William Sproule, president, who will maintain his headquarters in San Francisco. A. D. MacDonald, vice-president and controller of the road, will become vice-chairman of the board of directors, and the executive committee, and Hugh Neill, secretary of the company for thirteen years, will become a vice-president.

Paul Shoup will be elevated to the post of executive vice-president, with supervision of the lines west of Ogden, Utah, and Tucumcari, N. M.; T. M. Shumacher, former head of the El Paso and Southwestern System which was merged with the Southern Pacific last year, may be vice-president in charge of traffic, with headquarters in Chicago.

L. J. Spence, former director of traffic, will be appointed executive officer in charge of the Southern Pacific steamship lines, under the direction of the president.

Mr. Kruttschnitt began his railroad career as a civil engineer. Graduated from Washington and Lee University in 1873, he taught school for five years and then entered the service of the Morgan's Louisiana and Texas Railroad and Steamship Company (now a part of the Southern Pacific,) as an engineer in charge of construction work. Completing that work he was retained as a roadmaster, receiving successive promotions as assistant chief engineer and general roadmaster, chief engineer and superintendent, assistant general manager of the Southern Pacific lines east of El Paso, and in 1887, general manager of that system.

In 1895 his jurisdiction as gen-

FLEET DAZZLES BAY REGION

Searchlight Drill by Armada Thrills Golden Gate; Round of Pleasure Continues

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 9.—The subjugation of Northern California before the campaign of friendliness of the Grand Fleet of the United States was celebrated tonight with an orgy of glory that transformed the usual night darkness of San Francisco Bay into a glittering patch of white.

With the keys of the bay cities safely in its pocket, the armada broke out in an imposing and brilliant blaze that followed the command of "Fleet Illumination" from the U.S.S. Seattle, flagship of Admiral Robert E. Coontz, commander-in-chief.

SCENE OF SPLENDOR

Throughout the night hundreds and hundreds of lights, strung from forepeak and mainmast, and along the main decks of the eleven battleships in the fleet, shone through the darkness in visible assurance that the faith of the nation was being kept by the grim, grey guardians of the coasts, and that "the flag was still there."

It was a scene of splendor perhaps never before equaled in San Francisco Bay.

The Army also participated in "painting the city white." Huge land searchlights of the coast defense forces illumed the sky from Civic Center, while the soldier detachment sought to locate in the higher reaches a squadron of airplanes from Crissy Field which was intent upon "bombing" the City Hall.

ATHLETIC EVENTS

The enlisted men occupied themselves with athletic competitions. The baseball team of the U.S.S. California won the second of a series from the U.S.S. Relief, fleet hospital ship, 6 to 1. This was the California's second straight victory and gave the battleship squadron flagship the right to meet the fleet air force in a three-game series starting Sunday for the championship of the Navy.

The round of entertainment for officers continued throughout the day. Many of the sixteen Admirals and the senior captains attended a garden fete given by former United States Senator James D. Phelan at his home at Saratoga. Islam Temple, A.A.O.N.M.S., entertained Shriners of the fleet at luncheon, and the Japanese Chamber of Commerce was host at a reception and tea at the Japanese Commercial Museum.

Tonight officers and men of the armada were guests at a boxing smoker entertainment at the Exposition Auditorium.

COOLIDGE SAYS AWARD IS FINAL

Arbitrator Denies Appeal by Peru on Boundary

Pleased That Nation Agrees to Abide by Ruling

Tacna-Arica Occupation by Americans Refused

(Continued from First Page)

tention of the plebiscitory commission when it has been constituted, and adding again that "the award is final and without appeal."

REQUESTS ANSWERED

Taking up in order the six requests for additional guarantees submitted by Peru, the President says that the first, proposing evacuation of the territory by Chilean civil, military and police forces, to be replaced "by American authorities and forces," is beyond the scope of his authority under the terms of submission. The ruling is made, however, without prejudice of the powers of the plebiscitary commission, which are declared to be "ample to guarantee to every qualified voter full assurance of personal protection as well as the assurance that his vote may be freely cast and will be fairly counted."

On the second point, a request that installation of the commission be hastened, the President points out that both the United States and Chile have named their representatives on the commission, and adds:

"It is suggested that nothing stands in the way of the constitution of the commission as soon as similar action shall have been taken by Peru."

The third request made by Peru, that the six months' limit of time for holding the plebiscite be dated from the evacuation of the territories by Chilean civil and military authorities, is dismissed as answered under the first heading.

The fourth point, requesting that Peruvians resident for five years in Tacna and Arica and subsequently expelled be qualified to vote, is held to be "unnecessary and inadmissible," because it would involve revision of an inter-related general plan as to the plebiscite, which "in the opinion of the arbitrator does justice between the parties."

UP TO COMMISSION

The fifth request that residents be required to prove the character of their occupation as "the only means of avoiding fraud" in the plebiscite is classified as proper for presentation before the plebiscitary commission, while the sixth, asking that consideration be given to those Peruvians convicted of common crimes under Chilean authority, "for the very purpose of putting such Peruvians out of the way and incapacitating them from voting in any eventual plebiscite," is said by the arbitrator to be "not clear as to the precise meaning."

The President points out that the commission has power to interpret the provision of the award which denies registration or a vote to persons imprisoned under sentence "for a non-political offense involving moral turpitude," and says that the specific cases under this heading should go before the commission.

In conclusion, the President reiterates that the award made ample provisions not only for control by the commission on qualifications of voters and prevention of fraud, but also for appeal from the commission's decision to the arbitrator. The President's only purpose in "undertaking his arduous task" as arbitrator, the reply adds, was "to be of service to two great nations friendly to the United States."

WOMAN'S DEATH LAID TO POISON

(Continued from First Page)

that Shepherd will not have to plead to the charge of murdering McClintock until next week, but it is understood the plea will be "not guilty."

Shepherd was brought into the "bull pen" outside the courtroom, but neither of his attorneys was present, and he was taken back to his cell in the County Jail. Dispatches from Springfield stated that the Supreme Court had received the petition mailed a few days ago, and had taken it under consideration. A decision on the habeas corpus petition may come tomorrow. The Supreme Court has been advised by Shepherd's attorneys of three vain attempts to secure his release on bail here, claiming that his "persecutors" and the newspapers have entered into a campaign to arouse public prejudice against him.

SHOWN AS BRAGGART

A bragging interview given by Shepherd in 1901 to a country reporter was resurrected from the files of the Salina (Kan.) Republican today. In the interview Shepherd told an entirely fictitious tale of military adventure as a captain of infantry in the Spanish-American war, and of being a right-hand man of Oom Paul in the Boer War.

C. P. Beebe, now editor of the Monette (Mo.) Daily Star, was the interviewer. Shepherd had sent word to the Republican office that President Roosevelt had commissioned him a second lieutenant in the Philippine provisional army, and Beebe was sent out to get the story.

Shepherd told Beebe that he had been a captain in an Indiana regiment during the Spanish-American War, serving in several hot fights. After his discharge, he said, he went to South Africa in search of adventure, and ran full tilt into the Boer War.

Beebe has sent the clipping to Judge Harry Olson and it will be used in support of the State's contention that Shepherd always has been incapable of telling the truth.

Distress Rumor in Ireland is Branded False

[BY A. P. NIGHT WIRE]

NEW YORK, April 9.—Lindsay Crawford, trade agent here for the Irish Free State, today issued a statement denying that distressing conditions exist in County Clare, Ireland, as related in dispatches from Belfast, based on a speech made by Col. George O'Callaghan Westropp, land owner of that county.

Col. Westropp was quoted as saying that cattle were dying by wholesale and that in some sections, people were eating dried leaves.

Mr. Crawford said he had the authority of the Irish Free State Minister of Agriculture to declare these statements "wild exaggerations as to cattle, and absolutely false as to people."

Finding in Radio Music Copyright Fight is Reversed

[BY A. P. NIGHT WIRE]

CINCINNATI, April 9.—The right of radio stations to broadcast copyrighted music was denied by the United States Circuit Court of Appeals in a decision handed down here today. This reverses the United States District Court here, which gave the American Automobile Accessories Company, otherwise known as the Crosley Radio Corporation, the decision in a suit brought by the Jerome H. Remick Company, music publishers, New York.

SEEKER OF DIVORCE CAUGHT IN OWN TRAP

[BY CABLE—EXCLUSIVE DISPATCH]

VIENNA, April 9.—A wager between a husband and a 19-year-old student has led to a strange case of the divorce courts when the wife was declared not guilty. The student bet the husband that the latter would find his wife in a hotel with him at midnight, whereupon the husband gave the student money for the necessary expenses of the adventure, including theater tickets, not believing in the frailty of his wife. The husband appeared at the arranged hour and found his wife and the student together, whereupon he filed suit for divorce. The court declared the husband's suit invalid because he laid a trap for his wife.

A valuation of all government property is made in Japan every five years.

eral manager was extended over the entire Southern Pacific system with headquarters at San Francisco. This position with additional responsibilities as vice-president and later as assistant to the president, was retained until 1904, when he was moved to Chicago and was placed in charge of the operations and maintenance of the combined Union Pacific and Southern Pacific properties with title of director of maintenance and operation. On the separation of these systems in 1913, Mr. Kruttschnitt was elected chairman of the executive committee of the Southern Pacific Company with headquarters at New York.

Twenty Killed, Sixty Hurt as Trains Collide

[BY CABLE AND ASSOCIATED PRESS]

BARCELONA (Spain) April 9.—About twenty persons were killed and sixty injured in a collision today between two electric trains in the suburb of Las Llanas. The accident was due to the failure of the brakes on one of the trains to work.

Natives Extend Lavish Welcome to Royal Guest

[BY CABLE AND ASSOCIATED PRESS]

SECCONDEE (Gold Coast, West Africa) April 9.—The Prince of Wales, sailing southward on the battle cruiser Repulse, reached this port today and landed amid a great display of African wealth and rich costumes. The native chiefs appeared in bejeweled palanquins and the enthusiasm and excitement were the greatest ever known here. The Prince seemed particularly pleased with the warmth and loyalty of his reception.

BURTON CHAIRMAN OF GENEVA DELEGATION

[BY A. P. NIGHT WIRE]

WASHINGTON, April 9. — Appointment of Representative Theodore E. Burton of Ohio as chairman of the American delegation to the Geneva International Conference on the Control of the Traffic in Arms, was announced today at the State Department.

RIDE IN CAR "13" FATAL

[EXCLUSIVE DISPATCH]

WINSLOW (Ariz.) April 9.—John Cavaggio, 19 years of age, a resident of Gallup, driving a racing car that bore the number 13, tried a turn near this city at what is said to have been terrific speed, and was killed in the consequent somersaulting of the machine.

HERRIOT WINS IN CHAMBER VOTE

(Continued from First Page)

riot, in his speech in the Chamber of Deputies today, outlined the staggering nature of the financial burdens which the government must carry, and which he said made a capital levy and increased currency necessary.

In the year 1925, he showed, the nation must pay domestic and foreign debts and interest aggregating more than $1,200,000,000, whereas the total revenues, according to the budget, will be only $1,600,000,000, leaving only $400,000,000 to apply toward the expenses of government.

He outlined a list of obligations which France must pay in 1925—$59,000,000 to the United States, $55,000,000 to England, $1,317,030 to Holland, and large sums to Argentina, Uruguay, Canada, Egypt, and other states.

INTERIOR DEBT

The interior debt due this year was tabulated as follows:

"About $16,500,000 due on February 16, already paid; then on July 1, $150,000,000 is due, on September 25 an additional $411,100,000, and on December 5, $500,000,000 if the bondholders insist on cashing when their certificates mature."

Premier Herriot stated that even if only one-third of the amount is reimbursed it means more than $300,000,000 which the Finance Minister must find to make the payments.

The total reaches more than $1,200,000,000, if France must cover every issue this year.

"An impudent campaign is being waged now to disquiet public opinion at home and abroad. The public credit is endangered and the hour has come to lance the abscess," said Premier Herriot. "The war cost us $7,250,000,000. The fiscal policy since the armistice has been characterized by the creation of two budgets. The indebtedness of France has increased steadily on the sole hypothetic hope that Germany would pay, which has only commenced to be realized since the Dawes plan was adopted. The post-war period has cost more than the war, with an $8,000,000,000 additional debt."

DEFENDS CAPITAL LEVY

Defending the levy on capital, Premier Herriot laughed scornfully when an interruptor suggested floating another loan instead of resorting to the heroic measure.

"The last attempt in February, 1924, was a failure," said Premier Herriot.

Marcel Cachin, Communist, asked whether $850,000,000 in French money had escaped to Italy in the last few weeks.

"It is too true that evasions of capital are increasing to escape taxation," replied Premier Herriot.

The Premier said the Morgan loan of $100,000,000 was still available and untouched, and then declared he would only decide to increase the circulation when the Bank of France told him it was imperative.

VISALIA COURT HAS RUSH OF BUSINESS

JUDGE SETS BONDS IN CASE INVOLVING THEFT OF COTTON

[EXCLUSIVE DISPATCH]

VISALIA, April 9.—Six arraignments with two of these sentenced to prison, made a busy day for Superior Judge W. B. Wallace here today.

Herman Click, Fresno cotton broker; T. E. Edwards, Earlimart rancher; O. A. Myers and L. D. Garoutte of Earlimart appeared this morning, following grand jury indictments charging them with grand larceny in connection with the asserted theft of 800 pounds of cotton and its transportation to Fresno. Their cases were continued until Monday, the 13th inst.

Edwards, who is declared to be the leader, had the cotton under attachment through Sheriff R. L. Hill, and it is said plotted the theft of his own cotton, endangering Hill's bond as Sheriff to the value of the attachment.

Myers is said to have been his chief assistant in carrying out the plan.

Their bond was placed at $3000 each. Edwards must raise his before night or go to jail. At a late hour he had not yet secured bondsmen. Myers was given until Saturday to deposit security.

Click was the only man of the four who did not appear with counsel, telling his own story. His bond was placed at $1000. Garoutte's was fixed at $500.

This afternoon Elmer Ward, alias E. A. Nash, alias Wood, alias Fisher, good-looking writer of bad checks, said to be one of the cleverest forgers ever operating on the Pacific Coast and wanted in Texas, Arizona, New Mexcio and Oklahoma on like charges as well as a number of valley points, pleaded guilty and was sentenced to Folsom prison. The term is one to fourteen years.

BACKS THROUGH OFFICE

[EXCLUSIVE DISPATCH]

MADISONVILLE (Ky.) April 9. In attempting to back her car from its parking place, Miss Gail Hall caught her foot in the gear pedals, causing the car to reverse and plow through the plate-glass window of Whittingill & Co.'s office, knocking from her chair Miss Ruth Lynn, stenographer, who was severely bruised.

CLEAR SKY BOTH SIDES OF BORDER

Troubles With Uncle Sam All Smoothed Out, Asserts Mexican Minister

[BY A. P. NIGHT WIRE]

MEXICO CITY, April 9.—Aaron Saenz, Minister of Foreign Affairs, in a talk last night described the relations between Mexico and the United States as most cordial. All the difficulties of the past had been settled, he added, and both governments were co-operating earnestly as shown by the efforts to stamp out smuggling activities along the border.

Mexico's claims on a big portion of land on the American side of the Rio Bravo, at El Paso, constituted a most delicate international affair, he said, and it will be necessary to await further developments before making a statement.

He declared that Mexico did not desire to seek resumption of relations with Great Britain because the government considered the British refusal to recognize Mexico as an affront.

Marble Tablets Put Under Ban by Mussolini

[BY CABLE AND ASSOCIATED PRESS]

ROME, April 9.—Premier Mussolini believes that if marble tablets are to be placed in his honor, twenty-five years from now will be time enough. Writing to the Prefect of Tolmezzo objecting to the plan of that town's citizens to erect a tablet in the schoolhouse commemorating his service as a teacher in Tolmezzo eighteen years ago, he said:

"I do not want to be incased in marble before my time. Let us discuss it again in 1950."

On Mussolini's recommendation the money subscribed for the tablet will be turned over to a school of charity.

SANTA CRUZ COUNCIL FIRES POLICE CHIEF

[BY A. P. NIGHT WIRE]

SANTA CRUZ, April 9.—The City Council today adopted a resolution offered by Mayor J. B. Maher declaring vacant the office of Chief of Police F. K. Hannah. Hannah has been a member of the local police department eighteen years. E. B. Kaier has been appointed his successor. The Mayor recently announced the suspension of Hannah from office as the result of a controversy which arose when Hannah was accused of having been found in a Watsonville hotel under "objectionable circumstances."

BLUE JACKETS LEAVE TO JOIN BATTLESHIPS

[EXCLUSIVE DISPATCH]

SAN DIEGO, April 9.—A draft of 238 men, the largest that has ever left the United States Naval Training Station here, was taken by special train this afternoon to San Francisco, where the blue jackets will be assigned to battleships of the fleet for the cruise to the Hawaiian Islands and the subsequent maneuvers. The special train of ten cars left at 1 o'clock for the northern city.

MISSION ANNOUNCES CHURCHMAN'S DEATH

[BY CABLE AND ASSOCIATED PRESS]

LONDON, April 9.—An Exchange Telegraph dispatch from Rangoon says that the American Baptist Mission at Burma announced the death at the Kuls Hill Station of Dr. William Frye Thomas, at the age of 69. Dr. Thomas's efforts for thirty years were devoted to the Karens, a class of Burmese living in small secluded villages.

NEW DEPUTY WARDEN

[LOCAL CORRESPONDENCE]

NEW LIGHT THROWN ON INSOMNIA

Students Forego Sleep to Furnish Data for Work of Psychologists

[EXCLUSIVE DISPATCH]

CHICAGO, April 9.—Study of six University of Chicago students who voluntarily remained awake 115 hours, had enabled Dr. Nathanie Kleitman of the department of psychology to throw new light upon the cause of sleep, its mechanism and the effect of insomnia on human beings.

Translated into ordinary language, Dr. Kleitman's observations show that the condition of sleep is much the same as that resulting from a severed spinal cord. When one is asleep, the brain is cut off from the rest of the body — at least the critical faculty of the brain.

"In sleep, the bite of an insect becomes the cut of a sword, and the pain resulting from a previous meal of pickles and ice cream, the weight of a giant sitting on one's stomach. When one desires sleep, he goes into a dark, quiet room, closes his eyes and relaxes his muscles. So long as outside impulses reach the higher centers, he is awake. During great muscular fatigue, he cannot go to sleep because, added to ordinary impulses coming from muscular contractions, are those of pain, of extreme fatigue. Nervous fatigue produces muscular contraction and prevents sleep."

In the experiments, it was shown that after the first two days the subjects could not write legibly. They were able to distinguish colors for a brief time only. During the experiments the subjects also developed mean and unreasonable tempers, and they suffered hallucinations in the latter stages.

ALL SOUTHERN ITALY TO HONOR SPAGHETTI

[BY CABLE—EXCLUSIVE DISPATCH]

ROME, April 9.—After celebrating Dante and Garibaldi's birthdays, Southern Italy and Sicily will celebrate the anniversary of another savior of the people, namely, Spaghetti. Throughout the month of September, Naples will lead in honoring the internationally known food inventor, who first made the dish in 1425. A committee of noted citizens will be appointed to conduct a national celebration. Great exhibits of spaghetti, macaroni, ravioli and allied products, as well as national competitions for the best cooking, are planned.

HOW THE WORLD CELEBRATES EASTER

Every nation has its peculiar customs at Eastertide, some dating back far beyond the Christian era when the date had a different significance than now. What Easter means and how it is observed in various countries of the globe is revealed in an interesting article.

JEWS OBSERVE PASSOVER

The modern Jewish family celebrates in a solemn and interesting manner another religious festival at Easter time. It is known as the Passover and marks a sacred epoch of Hebrew history.

FOREST TRAILS ON HIGH

A fascinating hike through the Giant Forest of the Sierras, where pines, incense cedars and sequoia reign supreme. Illustrated.

SPANIARDS IN LOS ANGELES

A picturesque group of foreigners who add to the cosmopolitan life of Los Angeles will be described by Agnes Pallen. The Spanish people bear an interesting relationship to the development and history of the city.

Our Misfit Calendar

Never has there been a calendar that would come out even with the sun and moon. Now scientists propose to adopt a new one, giving each year thirteen months and each month twenty-eight days. The history of our calendar and its forerunners is related in an article telling of the proposed changes.

HISTORY OF THE MISSION PLAY

Famous plays like "Uncle Tom's Cabin" and "The Old Homestead" have had their days of popularity and passed into oblivion. But Southern California has its Mission Play that already has a record of fourteen years and will endure for generations to come. The story of how the play was conceived is an interesting one.

THIRTY HOURS TO NEW YORK

Speedy Air Mail Service Will Link Los Angeles and Manhattan

Direct air mail service, soon to be a reality for this city, will bring the Southland into an intimate and neighborly proximity with the Atlantic Coast. Back in 1880 the quickest communication with the East was a matter of a month or so. As a result of the modern trans-continental service, a letter written here today can be read in New York tomorrow.

Northern Rates to Stand Pending Commission Quiz

[BY A. P. NIGHT WIRE]

WASHINGTON, April 9.—Schedules filed by the St. Paul, Great Northern and Northern Pacific railroads proposing abolition of the export rates on grain from Montana to Pacific Coast ports were suspended today by the Interstate Commerce Commission until August 21, next, pending investigation.

Cancellation of the export rate would have resulted in sharp increases and would have become effective the 23rd inst. As an illustration of advances, the commission said the rate from Billings to Seattle would have advanced from 23½ cents per hundred pounds to 40½, which is the present nonexport rate.

KLAMATH BOARD ITS AT NEWELL

...ager's Discharge Urged Before Secretary Work

...ge in Reputed Secret Sale of Power Rights Asked

...terior Department's Chief to Tour District

[BY A. P. NIGHT WIRE]
KLAMATH FALLS (Or.) April ... Discharge of Herbert D. Newell, ... manager for the reclamation service on the Klamath irrigation district, and immediate investigation of a reputed secret contract by which the power rights on the project were sold by a former member of the board and the reclamation service to the California-Oregon Power Company, were urged by ... of the district at a conference here this morning with Hubert Work, Secretary of the Interior, and Elwood Mead, reclamation commissioner.

E. Bradbury, chairman of the ... board, charged that the ... here of Manager Newell ... detrimental to the interests of ... water users and that he should be removed from office. ...bury and other members of the board also contended that valuable water and power rights were turned over to the power company for $120,000 when they rightfully belonged to the district.

It was pointed out that under an act of the Oregon Legislature in 1905, the waters of Klamath Lake and the Klamath River were deeded by the State of Oregon to the reclamation service for reclamation purposes in this district, but that contrary to this deed of the Legislature a former board sold the power rights to the California-Oregon Power Company in perpetuity for $120,000.

Members of the board charged that this contract was entered into secretly in 1923 and it was nearly a year before the water users learned of it. At a special election last year, it was declared, the water users instructed the old board to start proceedings for the revocation of this sale, but the board refused to take any action.

Secretary Work told the irrigation directors that his department is not interested in water power, but that he is trying to aid the farmers, and he promised a full and complete investigation into their complaints. Members of the irrigation board admitted that the water used for power purposes thus far had not depleted the supply for irrigation purposes, but it was their contention that the farmers themselves would profit by the power projects and thus assist them in paying for the cost of the irrigation project.

Secretary Work and Commissioner Mead are to make a tour of the irrigation district in order to get first-hand information of the problems which confront the water users of this district.

NEW BLUE-SKY BILL IS PASSED

Assembly Approves Measure to Tighten Securities Act

Punishment of Wood Alcohol Selling Also is Favored

Amendment Raising Salaries of State Officials Wins

[BY A. P. NIGHT WIRE]
SACRAMENTO, April 9.—The bill by Assemblyman Weller, of Glendale, designed to regulate operations of so-called "stock crooks" and "high-pressure" salesmen and bringing such persons under the supervision of the State Corporation Commissioner, was passed by the Assembly today and sent to the Senate.

The measure proposes a number of amendments to the Corporate Securities Act and provides, among other changes, that the Corporation Commissioner shall have authority to investigate any company, broker or agent by whom the commissioner has reason to believes the Securities Act has been violated.

Another proposed change contained in the Weller bill would permit the Corporation Commissioner to suspend as well as revoke a certificate of a company or broker.

The lower house also approved the Murphy bill making it a felony to sell any food or liquor containing wood alcohol and providing, further, that should a person die as a result of drinking liquor containing wood alcohol the person making the sale would be guilty of murder. The measure, according to the author, is aimed at bootleggers using wood alcohol in the preparation of intoxicants.

RELIEF FOR FIRE

Under the terms of a bill by Senator Gates, Oroville, which the Senate passed today, all companies or persons constructing dams in any river or lake in the State where fish have been planted and are known to exist, must provide durable and efficient fishways as may be approved by the Fish and Game Commissioners.

The measure provides that at least 10 per cent of the minimum flow of the stream shall be allowed to pass over such a fishway for the maintenance of fish life in the stream below the dam, or in lieu of this percentage sufficient water to keep the fish in good condition.

Senator Sample's constitutional amendment increasing the salaries of several executive officers of the State was passed. The compensation of the Superintendent of Public Instruction, if the proposal should carry at a general election, would be increased from $6000 to $8000 a year; that of the Attorney-General from $6000 to $8000; Treasurer, Secretary of State and Controller from $5000 to $7000 annually.

WOULD SELL COLLEGE

Sale of the State Teachers' College at San Diego is authorized under the provisions of a bill introduced in the lower house by Assemblyman Byron J. Walters.

In explaining his measure today, Walters declared its purpose was to enable the State to establish the college on larger and more adequate location. No appropriation is asked for at this time.

According to Assemblyman Walters, plans are already under way whereby the present site of the college will be sold to the city of San Diego. The money so obtained would be used for the purchase of a new site and the construction of new buildings.

JOHN MENDI VISITS HYLAN

Hollywood Girl's Chimpanzee Officially Welcomed by New York Mayor at City Hall

[EXCLUSIVE DISPATCH]
NEW YORK, April 8.—John Mendi of Main street, Africa, the same address given the late John Daniels, had a heart-to-heart meeting with Mayor Hylan during which not a word was said about "the interests," the international bankers, Justice McAvoy or the transit commission.

John Mendi is a chimpanzee eighteen months of age, the property of Miss Gertrude Bauman of Hollywood, since he was seven weeks old, and is now on his way to England where F. G. Crookshank, noted English scientist is going to try to prove through him that the Caucasian race has descended from the chimpanzee.

All of which has nothing to do with the visit of John Mendi to the City Hall except as an alibi against the imposition that he might be trying to crash into the limelight. The chimpanzee hates the cameraman. His hatred is quite inhuman in fact. Some think it might disprove the Crookshank theory.

John Mendi is a stickler for form. He was dressed in a court of appeals coat, a soft black hat, carried a cane and wore spats—all at a cost of $145—as he pussyfooted into the presence of the Mayor.

"Hello, John," greeted the Mayor. "Welcome to our city."

The chimpanzee grunted, extended his paw, which the Mayor grasped.

"Take off your hat to the gentleman," said Miss Bauman. Off came John's hat with a sweep that would have done credit to Sir Walter Raleigh. The Mayor was highly pleased.

"Why should the girls be missing this?" demanded the Mayor suddenly as he ordered one of his secretaries to send for his staff of clerks and stenographers.

As the young ladies trooped into the room the Mayor turned a solemn face to the chimpanzee and warned:

"Now, please don't try to vamp my office force."

[EXCLUSIVE DISPATCH]
WINSLOW (Ariz.) April 9.—The new head of the State organization of the Parent-Teacher Association is Mrs. E. Elmo Bollinger of Kingman, wife of Superior Judge Bollinger of Mohave county. Mrs. M. R. Tillotson of Grand Canyon was elected corresponding secretary and Mrs. L. M. Brown of Globe recording secretary.

Man Sentenced Here Aids Suit of Brother in East

[EXCLUSIVE DISPATCH]
PHILADELPHIA, April 9.—A suit by Roland T. Whitaker to recover $2000 insurance for the destruction of an automobile by fire went on trial today before Judge Taulane and a jury in Common Pleas Court No. 1.

In defending the suit Charles A. Wolfe, counsel for the Home Fire and Marine Insurance Company said he would undertake to prove that Whitaker and his brother, Norman T. Whitaker, were members of a band of insurance defrauders whose operations were nationwide and that the claim before the court was fraudulent because the machine destroyed was not the one insured.

The destruction of the automobile involved in the suit is asserted to have occurred near Steamboat Springs, Colo., August 10, 1924, when Norman Whitaker, his sisters, Dorothy and Hazel Whitaker, and Miss Annie E. Bryant, were on their way to California. Afterward Norman Whitaker was sentenced in California to two years in the Federal penitentiary at Leavenworth for conspiracy to steal automobiles and transporting a stolen automobile. He entered $20,000 bail pending an appeal and took an active part today in the presentation of his brother's case.

Union Oil Data Show Decrease in Net Profits

[BY A. P. NIGHT WIRE]
SAN FRANCISCO, April 9.—The Union Oil Company of California made a net profit of $2,650,000 for the three months ending March 31, last, as compared with $2,100,000 in the first quarter of 1924, it is disclosed in a letter being mailed today to stockholders in the company by President W. L. Stewart.

According to Stewart's letter, the profit, before depreciation, depletion, labor and incidental costs of new drilling was $5,550,000 for the first quarter of 1925, while in the corresponding period of 1924 it was $5,600,000. Reserve for depreciation and depletion was $1,750,000, an excess of $100,000 over the amount similarly reserved for the same period of 1924.

The cost of labor and new drilling was $1,250,000, against $850,000 during the first quarter of last year, the letter stated.

Quick Trip to Altar Wins Him Cafe in Wager

[BY A. P. NIGHT WIRE]
METUCHEN (N. J.) April 9.—Patrick Kreps, who yesterday staked his taxicab business against the restaurant of a friend that he would be married within thirty-six hours despite his lack of women acquaintances, is the richer by a bride and a restaurant tonight. He was married at noon today in the Municipal Building at St. George, Staten Island, and left for Trenton, N. J. tonight for his honeymoon. His bride was Miss Agatha Hollis of New Brunswick, N. J.

Late today William A. Elchbaum, the venturesome restaurant owner, admitted defeat and said he would turn the place over to Kreps and his new wife. He announced, however, that he soon would open a restaurant across the street from his old place and go into competition with his successor.

Drunkenness at Capital Gaining, Officers Assert

[BY A. P. NIGHT WIRE]
WASHINGTON, April 9.—Despite renewed efforts of the Federal and district authorities to break up bootlegging in the national capital, records of the police court for March show a new high mark for conviction for intoxication.

The total was 1,029, exceeding, court officers said, the number even in preprohibition days.

BANKERS' LITIGATION ENDED BY AGREEMENT

SETTLEMENT TERMS CLEAR IOWA DIRECTOR OF ALL WRONGFUL INTENT

[BY A. P. NIGHT WIRE]
CEDAR RAPIDS (Iowa) April 9. Suit brought by the banking department of the State of Idaho against Dr. C. C. Griffin, 78 years of age, of Vinton, and J. W. Hayward of Omaha, former directors of the defunct Citizens State Bank of Buhl, Idaho, to recover $356,000, was settled out of court this afternoon. By the agreement entered into before Federal Judge George S. Scott, a suit brought by Dr. Griffin against the Idaho banking commisioner for the return of $26,000 assessment he paid under protest, is also dismissed.

The Idaho banking department is to retain $15,000 of the money and return the rest with interest to Dr. Griffin. He was exonerated in the stipulation of "any fraudulent act or attempt to gain personal advantage because of his position in the bank." When the bank got into trouble, Dr. Griffin advanced $250,000 in an effort to save it, and after it failed, he was assessed 100 per cent on his stock, while Hayward was named in the suit, attorneys said, merely as a witness.

BOOZE RING IS DENIED BOOKS

Records Seized in Chicago Raid Retained

May be Used as Evidence Against Five Held

Defense Denounces Police Action as Illegal

[EXCLUSIVE DISPATCH]

CHICAGO, April 9.—The books and papers seized in the raid of Chicago's booze and vice ring headquarters have been impounded by Judge Hayes in the South Clark-street court. The five ledgers and an armful of loose sheets, held by the police since the raid, were produced in court.

The attorney for the Torrio-Cusick-Caponi ring, demanded that they be returned. Judge Hayes denied this request, but agreed to retain them as evidence until the 23rd inst., if both sides would agree, against five men arrested in the raid and held on charges of disorderly conduct.

Permission to see the books and papers was denied Ernest L. Duck, assistant United States Attorney. Mr. Duck told the judge he understood there was information in the books about the white slave traffic. Judge Hayes said no one would be permitted to see them.

John Patton, one of the defendants, was permitted to examine the books to see if they were intact. After an inspection he declared that a check for $1000 was missing. The check was found later.

The attorney for the five defendants denounced the police for making the raid, and declared that seizure of the papers was plain thievery. The raid was made without a warrant, he said, and was illegal. Police Lieutenant Edward Birmingham asserted that he was offered $5000 not to disturb the books, indicating their value to the owners.

The information contained in the records has been withheld by the police while a cache of liquor was sought and an effort made to locate prominent persons named as patrons of the syndicate. Generally there has been disappointment in this attempt as the records, for the most part, are in code which the police have been unable to decipher.

LIQUOR MAKERS ACTIVE

[EXCLUSIVE DISPATCH]

PHOENIX, April 9.—An insight into the extent of the bootleg industry is afforded by the quarterly report of Sheriff Moore. In ninety days he seized 106 stills, arrested ninety-seven individuals, confiscated three automobiles that had been used in the liquor traffic, and is supervising the labors on the county highways of men who have failed to pay $1500 in fines assessed against them for bootlegging.

CONFERENCE ON RADIO IS CALLED OFF

Reason for Postponement of World Congress is Not Made Known

[EXCLUSIVE DISPATCH]

WASHINGTON, April 9.—The international radio conference which was to have met here this fall on invitations to be issued by this government, will not be called until next year, it has been learned officially. Reasons for the postponement were not made known, but it is understood that several of the nations which would have been invited to attend, on being sounded out informally, did not think the time was quite ripe.

Regulation of international radio problems is a matter of growing importance, and with the rapid development of the industry into foreign fields, it is the opinion of officials here that there should be a revision of the antiquated London convention of 1912, of which the United States is a signatory.

The purpose of the proposed conference is to consider the great advances which have taken place in radio since 1912. The convention signed at that time dealt only with radio communications between ship and shore stations.

Film Zoo Will be Placed on Auction Block

[BY A. P. NIGHT WIRE]

SPOKANE (Wash.) April 9.—A varied assorted of skunks, mink, wildcats, cougar, deer, bear, moose, eagles, husky dogs, white mice "and others too numerous to mention," will be sold to the highest bidder at Coolin, Idaho, the 17th inst., it become known here today.

The menagerie constituted part of the "props" of the motion-picture camp of Miss Neil Shipman at Lionhead, on the upper end of Priest Lake, and is to be sold on order of the District Court at Sand Paint to satisfy a judgment for $795, held by Sam Byers, a boatman, for freight.

The picture camp is closed and Miss Shipman is in New York, appearing on the stage and preparing to film another picture. The menagerie originally was brought from Los Angeles four years ago, but has increased considerably since.

SCANDRETT NAMED BY UNION PACIFIC

OMAHA MAN VICE-PRESIDENT OF RAIL SYSTEM, SAYS ANNOUNCEMENT

[BY A. P. NIGHT WIRE]

OMAHA (Neb.) April 9.—Appointment of H. A. Scandrett, Omaha, as vice-president of the Union Pacific system was announced here today by Carl Gray, president. Mr. Scandrett, whose appointment is effective May 1, is commerce and valuation counsel for the system.

He entered the railroad's service at Omaha in 1901, in the claim department and was appointed assistant general attorney at Topeka, Kan., later in that year, and in 1911 was made assistant interstate commerce attorney of the Union Pacific-Southern Pacific systems. In 1918 he assumed the position of director of traffic and in July of that year became traffic assistant to Hale Holden, regional director of the central western region of the United States Railroad Administration. In November, 1919, he returned to the Union Pacific as valuation and commerce counsel.

Another appointment was also announced by Mr. Gray, that of N. A. Williams as general superintendent of the northern district, with headquarters at Cheyenne. Mr. Williams was division superintendent at Cheyenne and was transferred to Los Angeles as general superintendent several years ago.

BROTHER OF BOXING INSPECTOR PASSES

[BY A. P. NIGHT WIRE]

STOCKTON, April 9.—Harold G. Vollmann, who has noted as a deputy for his brother, Ed Vollmann, boxing inspector for Northern California and the bay section, died here yesterday from pneumonia after a brief illness. He was a World War veteran and was gassed while overseas.

THINKING NEEDS QUIET

[EXCLUSIVE DISPATCH]

ITHACA (N. Y.) April 9.—Mental efficiency is increased 30 to 50 per cent by quiet surroundings, according to psychological tests performed on a group of university students, said Jacob Mazer, accoustical engineer, in a lecture before the department of architecture and physics of Cornell University.

GREAT LAKES NAVIGATION THREATENED

Lack of Snow, Rain, Chicago Diversion of Water Leaving Ports Shallow

[EXCLUSIVE DISPATCH]

STURGEON BAY (Wis.) April 9.—Navigation along the entire Lake Michigan shore line of Door county will be at a standstill this summer because of the low water caused by lack of snow and rain this winter and also of the Chicago drainage district's diversion of water, according to engineers of lake transportation vessels.

Larger vessels have abandoned use of the Sturgeon Bay canal following the grounding of the Standard Oil tanker, which was only released late last night after being on the bottom of the canal more than twenty-four hours. Car ferries of the Ann Arbor line have dragged bottom the entire length of the canal and if the water stage is lowered further it is believed car ferries will be unable to operate.

Owners of summer resorts at Fish Creek and Ephraim, near here, are threatening to sell their property because their piers have been left high and dry by the receding waters.

Oregon to Urge Richardson to Sign Road Bill

[BY A. P. NIGHT WIRE]

SALEM (Or.) April 9. — Gov. Walter M. Pierce said today that he will send a telegram to Gov. Richardson of California urging him to sign a bill recently passed by the California Legislature placing on the State highway system a road from Bieber, Cal., to Malin, Klamath county, Oregon. This will connect with the Dalles-California highway in Oregon, which is to be completed next year.

Gov. Pierce today received a telegram suggesting that he request the California Governor to sign the bill.

The Bieber-Malin highway branches from the Pacific highway at Redding, Cal., extends to Bieber, then north to Malin and Klamath Falls.

Annual Cancer Toll Estimated at 125,000

[BY A. P. NIGHT WIRE]

NEW YORK, April 9.—Cancer takes an annual toll of 125,000 lives in the United States and causes an economic loss of $625,000,000 a year, Dr. Francis Carter Wood, director of the institute of cancer research at Columbia University, asserted in a report submitted today to the Gorgas Memorial Institute of Tropical and Preventive Medicine.

Of this number probably 15,000 lives could be saved annually if cancer were treated by reputable physicians within a few weeks of formation, he estimated.

INCOME TAX DODGER QUITS PENITENTIARY

H. H. BIGELOW OF ST. PAUL WILL BE REMEMBERED BY PRISONERS

[BY A. P. NIGHT WIRE]

LEAVENWORTH (Kan.) April 9.—Herbert H. Bigelow, millionaire manufacturer of St. Paul, laid away his tools at the Federal penitentiary today and was discharged on parole. Bigelow had completed the minimum period of a two-year sentence for violation of the Federal income-tax laws. Prison authorities said his record as a prisoner was excellent.

Many prisoners who remained behind will remember Bigelow, for he brought cheer into their lives last Christmas by ordering $00 boxes of candy, each box containing two and a half pounds of the choicest chocolates.

DEATH OF EX-WAITER LAID TO POISON DOSE

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 9.—The body of Henry Myton, former head waiter at the Hotel del Coronado at Coronado, was found propped against a telephone pole here today, after he had died apparently from the effects of poison. Letters in his pocket indicated that he had been negotiating recently to become the manager of the Occidental Hotel in Santa Rosa, but that the negotiations had fallen through.

4 out of 5 are victims

These are the odds you fight in the battle against Pyorrhea. Four out of every five over 40—as well as thousands younger, too—are afflicted with this dreaded disease. Will you be a victim?

Protect your gums and save your teeth

Just as a ship needs the closest attention under the water-line, so do your teeth under the gum-line. If the gums shrink, serious dangers result.

The teeth are loosened. They are exposed to tooth-base decay. The gums themselves become tender and bleed easily. They form sacs which become the doorways of organic disease for the whole system. They often disfigure the mouth as they recede.

Prevent Pyorrhea with Forhan's

If used in time and used consistently, Forhan's will prevent or check its progress. Forhan's is safe, efficient and pleasant-tasting. It preserves gum health, corrects tender gum spots, hardens gum tissues so they will offer proper support to the teeth, and keeps your mouth fresh and healthy.

Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

SHIPS OFF FOR POLAR DASH

Two Craft to Reach Spitzbergen by Sunday From Where 600-Mile Flight Will Begin

[EXCLUSIVE DISPATCH]

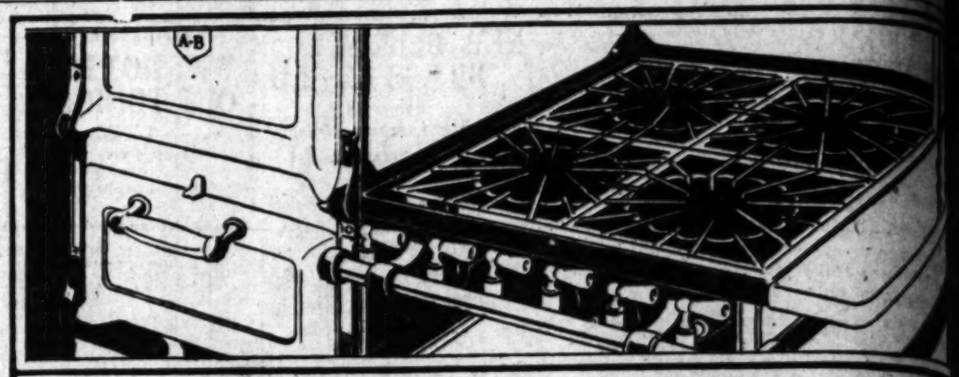
TROMSO (Norway) April 9.—The two ships bearing the Norwegian Aero Club North Pole flight expedition slipped out of the harbor here at daybreak today and pointed their prows northward towad Spitzbergen, from where a 600-mile nonstop airplane dash to the world's top will be attempted.

The members of the expedition number twenty-one, exclusive of the crews of the two steamers, the Farm and the Hobby. The former carries a crew of thirty-two and the latter a crew of eleven.

The Hobby looked fairly smothered with the crated parts of the two specially constructed Dornier planes. The wings, engines and hulls occupied all available deck space, hardly leaving room for the crew to operate. The sailors do not mind the discomfort, however, as the expedition is due at King's Bay, Spitzbergen, Saturday or Sunday.

Lincoln Ellsworth, American explorer, and Roald Amundsen, discoverer of the South Pole, who will be the observers on the flight for the North Pole, reported all members of the expedition fit. The departure this morning was made quietly. Hardly a dozen persons saw the expedition off. The members were silent, all apparently impressed by the stupendous adventure they were about to undertake. There was an air about them as of troops departing for the front.

Probably no finer crowd ever gathered for an exploration. Amundsen, with his white hair, great features and thick-set figure, looks as much a part of the Arctic as a Polar bear. Ellsworth, slim and dark, looks the well-trained athlete he is. The two pilots and two mechanics who will make the actual run for the pole with Ellsworth and Amundsen are superb physical specimens.



Your old Stove *Helps!*

HAVE you a stove not wholly satisfactory? Perhaps it is too large—or too small—or perhaps it was made before they had discovered all the latest perfections that make cooking by gas so easy and so exact a science—or perhaps it is just worn out and so does not bake perfectly. In any event, if your stove is not entirely as you would like it, you still can use it to help you get the perfect stove you crave. Barker Bros. will gladly send an appraiser who will make you a liberal allowance to be used toward the purchase of a range you will find wholly satisfactory—the

A-B "ARISTOCRAT of GAS RANGES"

NEARLY a million American women have investigated stoves and have chosen the A-B as their ideal of a perfect cooking range. Its beauty is more than surface deep. The enamel finishes—whether white or black, are fused right into the metal body, insuring a smooth, non-porous surface that defies stains and may be kept immaculately clean with only soap and water.

The Feature A-B

AS A LEADER in a great campaign the practically all-white gas stove, pictured, is priced no higher than one usually pays for a black range of the same quality.

Dependable, made of materials that last, not over-large and yet a roomy cooking surface, finished in glistening white—so easy to clean! A marvel at

KINK IN LAW KEEPS THIEF BEHIND BARS

Resentence Intended to Shorten Bandit's Penalty Blocking Parole

[EXCLUSIVE DISPATCH]

NEW YORK, April 9.—A legal technicality stands btween Matthew D. Biddulph, the master mind in the robbery of $300,000 worth of jewels from Mrs. Irene C. Schoellkopf, wife of Hugo Schoellkopf, Buffalo millionaire, and liberty.

After having been recommended for release from Sing Sing by the parole board, Atty.-Gen. Ottinger decided that Biddulph, who was sentenced in April, 1923, to ten years, would have to serve his full time despite a clause in his commitment making him eligible for parole in three years, less time off for good behavior.

Judge Crain, who has since been elevated from the General Sessions to the Supreme Court, originally sentenced Biddulph to six years. Upon a plea by the District Attorney that the confessed gem thief had rendered great aid in recovering the jewels, the sentence was changed to ten years, with the provision that the board could free Biddulph inside of three years. The reason for the changing of the six-year sentence to ten years was that under the longer sentence he would be admissible to parole within three years.

Harry Krauss, counsel for Biddulph, announced tonight he would appeal from Atty.-Gen. Ottinger's decision, that a judge cannot alter a criminal's sentence after imprisonment, and would move to compel Biddulph's release.

SPORT IN THE MAKING

THREE RIVERS, April 9.—A consignment of 250,000 rainbow trout eggs has been received at the Kaweah fish hatchery at Hammond, above Three Rivers. This starts hatchery operations for another year. Ed Gleason, who has been in charge since the hatchery was opened seven years ago, will remain superintendent for this season. Another quarter of a million eggs will be received within a few days, according to announcement.

MONOLITH

DEMPSEY QUITS FIGHT GAME FOREVER

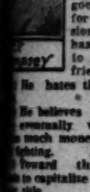
PLANS TO TAKE TITLE TO THE GRAVE WITH HIM

Heavyweight Champion Hates Long Training Grind and Hopes to be Great Movie Star

BY PAUL LOWRY

Jack Dempsey, boss of king row in the heavyweight ranks, has retired. Like Jim Jeffries, who eased himself into retirement when he ran out of opponents, Jack, the lion killer in human form from the Sangre del Christo hills of Colorado, has hung up his gloves, never to don them again except for charity.

Unlike Jimmy the Jeff, Jack does not plan to be content out of his voluntary exile.



His ambition is to be the first heavyweight champion since the invention of the Marquis of Queensberry rules to take the title to the grave with him.

There are several very good reasons for Jack's decision, which he has announced to intimate friends:

He hates the training grind.

He believes that pictures eventually will make much money or more than fighting.

Toward this end he has to capitalize his heavyweight title.

Financially he is well fixed and Jack Kearns own exclusive apartments and the Boston Hotel in this city, the properties being worth $400,000 altogether.

He can never go broke. Jack is smarter than the average breed of boxer, and for three years ago he had a trust fund of $200,000 established with a New York bank. From this fund he receives $10,000 yearly the balance of his natural life.

Dempsey's training splurge in his Spring-street gym which he opened shortly before Mickey Walker came to town, was simply a ballyhoo to create business for the enterprise.

It was done in behalf of his brothers, whom he is said to have supported for years.

In fact, we have it from Lucille Dexter Dempsey, Jack's youthful ex-stepmother, who is working in pictures in Los Angeles, that the heavy king has been the breadwinner for the whole tribe, which includes Ma and Pa and seven sisters and brothers, for years.

That's a pretty big assignment, one that requires separate homes in Salt Lake for Ma and Pa with a chauffeur and a maid for the former and a housekeeper for the latter.

That's why the gym came into being. It was the child of Jack's

(Continued on Page 3, Column 5)

ANGELS WALLOP BEAVERS, 14 TO 5; PITTENGER HURT

RUTH ON TRAIN WHEN STRICKEN

Swat King Unconscious for Nearly Two Hours

Dr. King Denies Possibility of Skull Fracture

Ruth Death Rumor Startles New York Fandom

[BY A. P. NIGHT WIRE]

NEW YORK, April 9.—George Herman Ruth—baseball's mighty Babe—was resting comfortably in St. Vincent's Hospital tonight suffering from influenza, acute indigestion and minor injuries suffered when he fainted and fell to the floor in the wash room of his private car just as the train was entering Pennsylvania Station shortly after 1 o'clock today.

Early physicians' reports said Ruth had a slight concussion of the brain and a possible skull fracture, but these were later denied by Dr. Edward King, the New York American League doctor, who gave the home-run slugger a thorough examination.

"Ruth is resting as comfortably as can be expected, and is in no danger," said Dr. King. "He has fever and a temperature of 101, but there is no concussion of the brain or evidence of a fracture of the skull."

The accident, which rendered Ruth unconscious for nearly two hours, happened as Ruth was washing up preparatory to departing from the train. In company with Paul Kritchell, the New York American League scout, and a party of newspaper men, Ruth was returning from Asheville, N. C., where Tuesday he had suffered a slight attack of acute indigestion with a touch of influenza.

STRIKES HEAD

Just as the train was entering the Pennsylvania tube between Manhattan Transfer, N. J., and the Pennsylvania station, Ruth entered the washroom. He asked Kritchell to get him a comb and prepared to wash his hands and face. While Kritchell was gone Ruth fainted and fell, striking his head against the wash basin. He was picked up unconscious and carried to his compartment.

Ruth's illness, coupled with the unverified report of his death which gained widespread publicity before it was officially denied, shrouded New York fandom in gloom, and the Pennsylvania station was crowded with anxious devotees of the game when the train arrived.

The report of his death, circulated late last night, had not been entirely cleared up until nearly noon. Newspapers were swamped with inquiries, and everywhere in baseball circles there was an unsettled feeling.

Kritchell, who had been sent with Ruth by Manager Miller Huggins, said Babe stood the trip well and the trip north was uneventful.

Dr. J. M. Murphy, the Pennsylvania Railroad station physician, summoned by Station Master Egan, boarded the car immediately upon its arrival here. Only a handful of station attaches and newspaper men were admitted to the platform, and only Mrs. Ruth and a few friends admitted to the car.

CONSULTATION

Dr. King, who has been Ruth's personal physician for a number of years, arrived soon after, and went into consultation with Dr. Murphy.

Shortly after Ruth's arrival another train pulled in on the opposite track bearing members of the Boston Braves en route to Boston from St. Petersburg, Fla., where they have been training.

They had not learned that the previous report of his death was untrue, and crowded out of their car, but were assured that Babe was alive.

In the station waiting-room Babe was placed on a hospital stretcher, still unconscious from his fall, and lifted out of the window of his car to a stretcher bearer and transported to the ground floor in a freight elevator. The St. Vincent's Hospital ambulance, waiting at the baggage entrance of the station, was disabled in attempting to back into position, and an emergency call was sent to the New York General Hospital for another ambulance.

Meanwhile Ruth became slightly delirious when Dr. Murphy administered aromatic spirits of am-

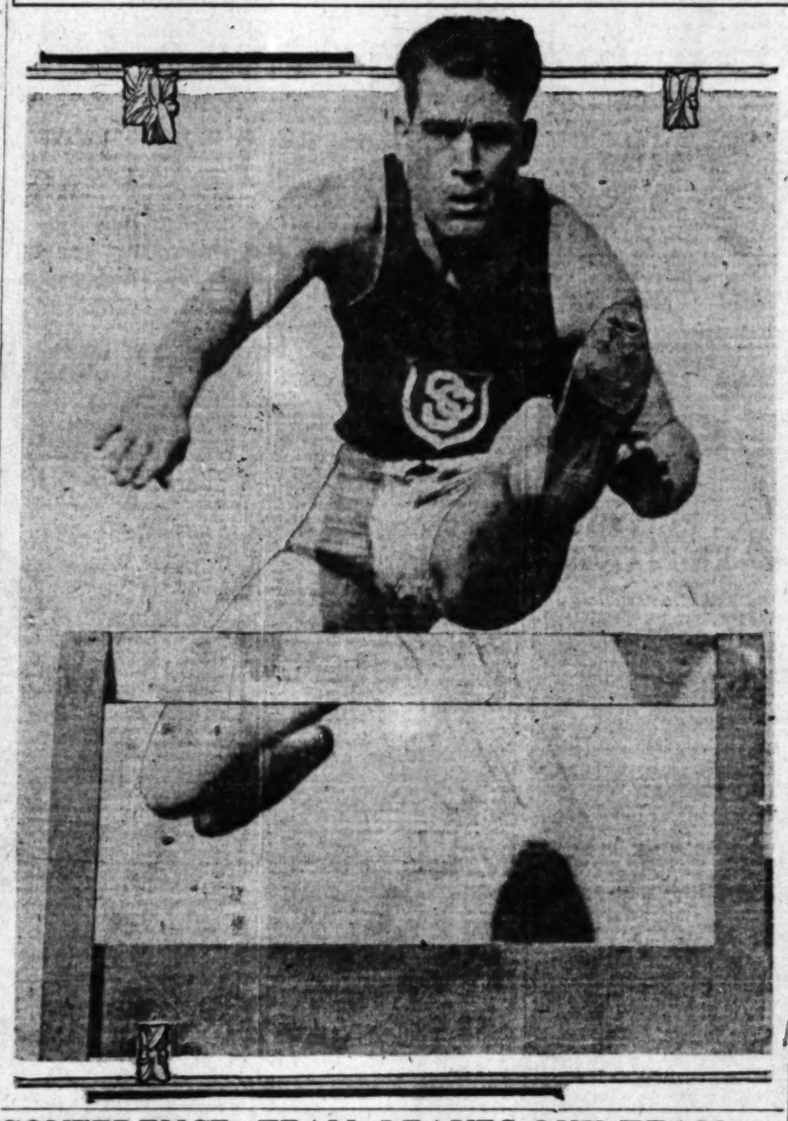
HE LEADS THE TROJAN TROUPE

Otto Anderson, captain of the U.S.C. track team, is counted on for points in both hurdle races against the strong Olympic Club outfit at the Coliseum tomorrow afternoon. Last summer the Trojan skipper went to the Olympic Games for the second time, he having been a member of the Yankee team in 1920 also. This is Otto's last year at U.S.C.



CONFERENCE TEAM LEAVES

Classy Southern California Athletes off Tonight to Meet Bears, Wisconsin at Berkeley

Thirty of the best track athletes in the Southern California Conference will leave Los Angeles tonight for Berkeley, where they will take on teams from the Universities of California and Wisconsin in a triangular meet tomorrow afternoon.

The athletes will be in charge of Bop Strehle and Joe Pipal, coaches at Pomona and Occidental, respectively. Fred McLain, graduate manager at the latter institution, will handle the business end of the trip, having made several previous trips to the Bay City in the same capacity.

The men making the trip are: Pinney (P.,) Gregg (O.,) Brodhead (O.) and Purser (O.,) sprinters; Maxwell (P.,) Turner (P.) and Wall (O.,) hurdles; Morey (O.) and Richardson (S.B.,) quarter-mile; Montgomery (O.,) Carter (O.,) Snyder (P.,) Garner (R.,) Rentchler (P.) and LaVelle (O.,) distances; Bailey (O.,) Buckman (O.,) Henderson (C.T.,) Pomeroy (C.T.,) Ketelle (P.,) relay; Graham (C.T.) and Clark (P.,) pole vault; Bradshaw O.,) Turner (P.,) Frisbie (P.) and Nash (O.,) high and broad jumps; Clark (P.,) Edwards (C.T.,) Stevens (O.,) Merritt (P.,) Eaton (P.,) Anderson (C.T.) and Wheeler (O.,) weights.

Pomona Nine is Hard Hit by Injuries

[EXCLUSIVE DISPATCH]

POMONA COLLEGE (Claremont) April 9.—From all appearances the Sagehens will possess about half a baseball team when they tangle with the Caltech Engineers at Pasadena next Saturday. It became known today that neither Pete Spicer nor Capt. Wayne Ovington will be able to play against the Technicians.

Spicer sustained a ruined elbow in practice and is now wearing his arm in a sling. Just who will fill his place at second base is a question. Capt. Ovington appeared on the campus today on crutches after tearing a ligament in his leg. Who will take his place in center field is also another burning question.

WILLS SIGNS FOR BOUT

[EXCLUSIVE DISPATCH]

NEW YORK, April 9.—Harry Wills, the leading contender for the heavyweight title, was signed today by Humbert Fugazy to meet Charley Weinert of Newark in a fifteen-round bout at the Polo Grounds on Friday, June 19. The bout will be staged for the benefit of the Italian Hospital fund and will comprise one of the features of an all-star card which Fugazy is lining up.

By the terms of the contract signed today by Billy McCarney, manager of Weinert, and Paddy Mullins, who handles the affairs of Wills, the negro heavyweight is to receive 20 per cent of the gate receipts, while Weinert will draw down 10 per cent for his services. It was also agreed that neither fighter will participate in any bouts prior to June 19, the date set for the show.

OXY TEAM SELECTED BY PIPAL

Nine and Possibly Ten Tiger Athletes to Make Midwest Invasion

Following the try-outs held at Patterson Field yesterday afternoon, Coach Joe Pipal of Occidental College announced that nine men would make the midwest trip following the meet at Berkeley tomorrow afternoon. He added that possibly a tenth man would be included as an auxiliary, depending on the finances available for the trip.

The men who will make the trip are Capt. Phil Buckman, Kenny Montgomery, Herb Morey, Lawrence Gregg, Bud Nash, Nick Carter, Ted Brodhead, Purser and Bailey. The auxiliary man will be Joe Donley.

The squad leaves Berkeley Sunday morning, going to Lawrence, Kan., to take part in the Lawrence relays. From there they proceed to Des Moines, Iowa, where they are scheduled to do their stuff in the Drake relays on the 25th inst.

FRIENDS TO BANQUET RABBIT MARANVILLE

[BY A. P. NIGHT WIRE]

PITTSBURGH, April 9. — More than 300 friends of Rabbit Maranville have arranged a testimonial dinner for him at a local hotel on the night of the 22nd inst., when the Pirates open the season here with Chicago. Honus Wagner is treasurer of the committee in charge of arrangements.

TY COBB DOWN WITH INFLUENZA

[BY A. P. NIGHT WIRE]

NASHVILLE (Tenn.) April 9.—Ty Cobb, famed skipper of the Detroit Tigers, is confined to his room in a Nashville hotel with influenza. Physicians advised him to remain in bed until Monday. The Tigers will leave tonight without their manager if Cobb heeds the advice of his doctor.

MIDWICK BATTLES DEL MONTE

High-Goal Polo Squads Clash Today in Finals of Tourney

[EXCLUSIVE DISPATCH]

DEL MONTE, April 9.—Carleton Burke tomorrow will send the Midwick high-goal polo team against Del Monte in the finals of the high-goal handicap.

Incidentally both Burke and Eric Pedley will play on this Midwick squad, while the three Hawaiians, Walter Dillingham, H. K. Castle and Edward Baldwin, with Louis Carpenter, will make up the Del Monte team. All attempts to put on a Midwick-All-Star contest in the Pacific Coast open championship Sunday have been given up. Midwick's national championship team too far outclasses all competition to even make it interesting, and so the finals of the Pacific Coast junior championship will be played Sunday. The circuit cup finals will be played Tuesday.

SHORTSTOP OUT WITH BAD KNEE

Pittenger Injures Himself Sliding Into First

Angels on Batting Rampage at Ducks' Expense

Krugmen Score Seven Times in Opening Inning

BY ROBERT E. RAY

Finally finding their batting eyes, the Angels literally snowed the Portland Beavers under an onslaught of base hits and captured the third game of the series by the convincing score of 14-to-5 yesterday at Washington Park. Taking advantage of a fly ball dropped by Charley High that would have been the third out, Marty Krug's hired help ran up seven runs in the first inning, which was more than enough to win with the veteran Doc Crandall on the firing line.

Joy, however, did not reign supreme in the camp of the Angels for Clark Pittenger, shortstop obtained from the Cubs in the deal that sent Jimmy McAuley Windy City-ward, wrenched his knee beating out a hit in the sixth inning. He will be out of the line-up for at least a couple of weeks, it was said by attendants of the Golden State Hospital, where he was taken from the ball park. Ray Jacobs will be used at short while Pittenger is on the shelf, Skipper Krug announced.

After the first inning yesterday's contest was nothing less than a parade of Seraphs. The Krugmen gathered a total of seventeen base hits off the offerings of Dennis Burns, late of the Athletics, Buzz

Paavo Nurmi Bars Mile Race Against Lloyd Hahn at Coliseum

PHANTOM FINN WIRES REFUSAL

Telegram States He Will Not Run Short Race

Lloyd Hahn Wants Four-Lap Event at Coliseum

Indians Becoming Favorites to Push Paavo

That Paavo Nurmi, greatest distance runner since the beginning of time, has definitely abandoned participation in one-mile races, is the belief of Chad Calhoun and Rainbow Division officials who are staging the big athletic show at the Coliseum the 25th inst.

Following the printing of many stories from the East to the effect that a concerted effort is being made by a number of star one-mile runners to force athletic clubs to change the distance of one of Nurmi's races from one and one-half miles to one mile, and that Nurmi was bitterly opposing the change, Calhoun wired the mighty Finn to confirm the tentative program of the local organization which provided for a one-mile race and a three or five-mile event in which Nurmi will meet Lloyd Hahn, the Sherman Indians and other noted runners.

Nurmi sent the following telegram to Calhoun: "Positively will not race Hahn nor any other runner at one-mile distance. That distance does not provide a test for a distance runner and is in conflict with my training plans. All my shortest distance races are now being scheduled for one and one-half miles. Hahn and other one-mile runners have been trying to badger me into altering my plans and racingthem over what many distance runners term 'school boy' distance. Consider as final that I will race no less than one and one-half miles in Los Angeles. Will confirm distance of longer race within few days."

Ever since Lloyd Hahn, star one-miler of the University of Nebraska and Boston Tech, broke Nurmi's one-mile indoor mark, the Finn has been sidestepping one-mile races in which Joie Ray, Hahn and Connolly have entered. Hahn has signed an open entry blank for the meet here, but asked that a one-mile race be scheduled in order that he might have a crack at Nurmi at that distance.

WEEK'S FIGHT CARD

TONIGHT

HOLLYWOOD—Dode Bercot vs. Mushy Callahan, main event, ten rounds; K. O. Mars vs. Frankie Fink, semi-wind-up, six rounds; Teddy Seidman vs. Tiger Burns, six rounds; Young Gonsales vs. Eddie Sylvester, four rounds; Young Carpentier vs. Billy Bunch, four rounds.

COMPTON—Young Jarpe vs. Young Farrell, main event, eight rounds; Young Conner vs. Ben Prosperie, semi-wind-up, six rounds; Young Carpentier vs. Henry Marcus, six rounds; Del Kennedy vs. Martin Carbo, four rounds; Andy Saunders vs. Bobby Roberts, four rounds.

TOMORROW

LYCEUM—Jimmy McLarnin vs. Johnny Finks, main event, ten rounds. Four other bouts.

RESULTS

WILMINGTON—Jackie Fields knocked out Billy Young, second round, main event; Kid Wagner defeated Leo Kellogher, eight rounds, semi-wind-up; Mickey Kane defeated Ralph Lincoln, four rounds; Duke Fisher knocked out Billy Ale, second round; Frank Anderson knocked out Bert Gardner, second round.

VERNON—Ace Hudkins defeated Jim Saxon, main event, ten rounds; Frankie Burns drew with Johnny La Mary, semi-wind-up, six rounds; Harry Ringer defeated Johnny Nichols, special event, six rounds; Charley Ferrel knocked out Sailor Masterson, second round; Kid Sherman defeated Sad Selby, four rounds.

BORZAGE, THOMPSON IN SQUASH BATTLE

Frank Borzage, well-known motion-picture director and squash star of the Hollywood Athletic Club, will meet Bill Thompson tomorrow noon in the semifinals of the squash tournament held at the movie city club. Bob Heward, boxing instructor, announced last night.

SUMMARY

Errors—Oliver, Orsatti, McDowell, Hannah, Griffin. Peters, Ponder. Two-base hits—Lindlmore, Leslie, Sheehan, Peters. Stolen bases—Sheehan, Struck out—By Ponder, 11; Oldham, 4. Runs responsible for—Ponder, 2; Oldham, 3. Umpires—Reardon and Bradshaw. Time of game—2h. 10m.

RUTH ON TRAIN WHEN STRICKEN

(Continued from First Page)

monia to bring him out of the stupor and he attempted to rise up from his stretcher. It took the combined efforts of six men to place him back on the stretcher.

Mrs. Ruth, who had arrived at the station half an hour previous, stood the ordeal well, but when Babe became delirious, she broke down and wept.

Dr. Murphy, who conducted the preliminary examination, said that the Babe had a high fever and was evidently suffering from a slight attack of the "flu" together with acute indigestion. An examination of his head indicated a slight concussion of the brain, Dr. Murphy said, with a possible fracture of the skull, but these reports were both emphatically denied later by Dr. King.

Mrs. Ruth denied reports that he was suffering from indigestion.

"He only eats one meal a day during the baseball season," she said.

Mrs. Ruth said that her daughter, Peggy, had been summoned from Ruth's farm at Sudbury, Mass., where she went Monday in company with her nurse. The girl arrived at 3 o'clock and immediately was taken to the hospital to see her father.

Babe's chief concern was said to be whether he would be able to play in the opening game.

Up to his recent illness, which forced him to withdraw from the game Tuesday, at Asheville, N. C., Ruth had been hitting the ball in midseason form. In the nineteen games in which he participated, he had a batting average of .476, hitting safely thirty-two times in sixty-eight trips to the plate, in addition to getting passed twelve times. Included in this remarkable performance, Ruth had inserted seven home runs, eight two baggers and two triples and had fanned but eight times.

ARIZONA UNIVERSITY MEETS LOCAL NINES

[EXCLUSIVE DISPATCH]

TUCSON (Ariz.) April 9.—In the baseball schedule of the Arizona University are games at Tucson, the 10th and 11 inst., with Occidental College; also at Tucson the 23rd, 24th and 25th inst., with University of Southern California, and on later tentative dates with the Texas Mining College in El Paso, and with New Mexico Agricultural College in El Paso.

OBSERVATIONS

BY THE INNOCENT BYSTANDER
BILL HENRY

WHEN we guessed a few weeks ago that had the Pomona-Oxy track meet been scheduled for two or three weeks later than it was that Occidental might win, we evidently made a good guess for once. Pipal's men showed by their big improvement in the Grizzly and conference meets that they were a whole lot better than they seemed to be when they met the Sagehens in the dual meet which decided the conference title. And in the conference meet, in which they tied Pomona, they competed without Fulton, who had won the broad jump against Pomona, and Condee, who had taken second to the discus.

The performances as a whole in the meet were very good considering that such a large percentage of the athletes from all the teams are underclassmen. Of the Tigers who placed in the meet only Carter, who won seven points, Bradshaw, high jumper, and Buckman, who ran on the relay team, are seniors. All the other point winners are underclassmen and considerably more than half of them are sophomores.

* * *

While record-breaking performances were not the rule, the marks set by many of the underclassmen will be vastly improved next year. Pinney of Pomona and Gregg, Purser and Broadhead of Occidental are all sophmores with two more years of varsity competition. Morey and Montgomery in the quarter and half each have one more year as has Nash in the broad jump and sprints. All of Pomona's high jumpers return.

Rentchler of Pomona and Miller of Oxy in the mile are both sophomores. Snyder of Pomona and LaVelle of Oxy in the two-mile are juniors and Schmidt of the Grizzlies is a sophomore. Wall of Oxy in the hurdles is a junior and Turner of Pomona and Tanner of Oxy are sophomores. All of Oxy's pole vaulters are sophomores and so is one of Pomona's men. Garner of Redlands has another year—there are some good men there for next season.

* * *

Pipal ought to do well in the Mid-West relays this year in the college class. For the four-man, two-mile relay he has Montgomery, who can beat two minutes, Carter, who has run 2:01, Morey, who has done 2:02 and Miller, who can do 2:03. His mile relay has plenty of material, none of it very fast, but all able to do close to 51. Bailey, Morey, Montgomery, Purser, Donley, Buckman and Carter have beaten 52 repeatedly.

His four-man half-mile team isn't quite so good, with Purser, Broadhead, Nash and Gregg running, but his four-man 440 team with the same runners is rather fast. One of his best events is the medley with Purser and Broadhead running a 220 apiece, Morey a 440 and Montgomery or Carter a half-mile. He is likely to come back with most of the honors he won at Kansas last year and some more from Drake.

* * *

A correspondent who signs himself "Fairbanks, Jr." writes in to take a gentle crack at the writer for "a persistent aversion to giving Bill Tilden his due." He points out that in a recent column we stated that it was only an attack of nerves and lack of condition that enabled Tilden to beat Johnston last Sunday, despite the fact that Tilden had everything against him in the fact that the crowd was strong for Johnston, the match was played on Johnston's type of court and Johnston got the breaks.

In answer to Fairbanks, Jr., we'd like to state that we have said many times in this column that Bill Tilden is in a class all by himself as a tennis player. Johnston figures to beat Tilden about once in ten times. But we still insist that last Sunday was the tenth time and as the players were going on that day, Johnston should have won. Certainly he should never have missed an easy forehand shot on match point, as he did. Tilden himself remarked to us after the match: "I certainly was lucky to pull out of that."

DUCKS RUINED BY KRUG CREW

(Continued from First Page)

Eckert and Babe Hollingsworth. Burns was rapped to the showers in the first frame after High's error had allowed the Angels to get started.

Doc Crandall retired from the pastime after the seventh inning, Lefty Milstead finishing up on the mound for the locals. Doc never had to worry after his mates presented him with these seven in the first, being liberal with his base hits, but always tough in the pinches. The Beavers got three off Crandall and the other two off Milstead in the ninth when the Angel infield tossed in a couple of errors.

The Beavers hopped off into a one-run lead in the first when McCann singled to left and took second on Hood's error; High walked, Lewis sacrificed and Beck tossed out Rohwer. McCann scored on the infield out.

After Twombly and Pittenger were retired to start the Angels' half of the first, the Seraphs began their assault on Mr. Burns. Whaley drew a walk and came home on successive singles by Horan and Grimes. Hood then lifted a long fly to High, which was ingloriously dropped. Horan and Grimes scoring and Hood rambling to third. Sandberg's single, Beck's triple, Crandall's one-base knock and a three-base wallop by Twombly, up for a second helping, accounted for the remaining four Angel markers of the inning.

Crandall furnished the cash customer a little amusement in the fifth, when with McCann on third and High on second, he struck out Duffy Lewis with three pitched balls.

The Angels scored four more in the sixth frame, bunching five bingles off Buzz Eckert, who had relieved Burns. Crandall led off with his second single, while Twombly followed with a hit to right. Pittenger hit a high bounder to Eckert and beat it out, wrenching his knee as he slid into the bag. Pittenger was carried off the field and Jacobs went to run for him, filling the sacks. Crandall scored on Whaley's infield out, while Horan drew a pass, again filling the sacks. Grimes's single to right scored Twombly, but Jacobs was out at the plate, High to Crosby. Hood's double to left brought in Horan and Grimes.

Doubles by Tarrison, batting for Eckert, and Lewis, a walk to High and Rohwer's single gave the Ducks their two in the seventh.

Three more Angel scores arrived in the home half of the seventh, a double by Beck, a walk to Taitt, who batted for Crandall, and singles by Twombly, Jacobs and Grimes combining to swell the Seraph total.

Milstead retired the Ducks scoreless in the eighth, a snappy double-play ending the inning, but errors by Beck and Whaley combined with singles by High and Rohwer allowed the visitors to make the final two markers in the ninth. Score:

Siglin Homes With Three on So Solons Win

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 9.—Siglin's home run with the bases loaded in the third inning of today's game gave the Senators a lead that Oakland was never quite able to overcome, and the locals took the third straight game of the season from Oakland, 9 to 5.

Guisto and Pickering of the Oaks, both poled homers over the left-field wall. Kopp changed to hit right-handed and turned in a perfect slate, getting three hits and a pair of walks off Left-hander Herb Pruett. Pruett pitched great ball, striking out seven but had two bad innings, the third and seventh.

Errors—McLaughlin, Davis. Innings pitched—By Pruett, 7. Charge defeat to Pruett. Runs responsible for—Pruett, 5; Vinci, 7; Fowler, 1. Struck out—By Pruett, 5; Vinci, 2; Fowler, 1. Bases on balls—Off Pruett, 3; Vinci, 7; Fowler, 1. Wild pitch—Fowler. Stolen base—Rhoa. Two-base hits—Siglin, Pickering, Guisto, Watson, 2; Davis. Sacrifice hit—Rhoa. Runs batted in—Rhoa, 2; Siglin, 4; Pickering, Guisto, 2; Watson, 2; Davis, Chaves. Double plays—Hoffman to Rhoa. Umpires—Finis and Schmidt. Time of game—2h. 5m.

DODE BERCOT AT LEGION

Stellar Welterweight in Main Event With Mushy Callahan at Hollywood Arena Tonight

Dode Bercot has become one of the biggest attractions in the boxing game in California. He had a hard row to hoe before he got to the top, but his two tough victories over Bobby Barrett placed him in the money.

Those who are not so familiar with the boxing game might think that Bercot was being handed something soft when he was matched with Mushy Callahan tonight at the Hollywood American Legion Stadium for a ten-round bout.

Callahan isn't soft pickings for any fighter. He is a clever kid who thrives on boxing. A former newsboy, he grew up in the game, and has worked his way to the top, starting as a featherweight, going on through the lightweight division, and now being with the welterweights.

Tom Gallery's second show as matchmaker at the Hollywood American Legion Stadium is considered a fine bit of matchmaking. He has a card that is well balanced. There are some new faces on the bill. Just enough to add interest.

K. O. Mars in the semi-wind-up against Frankie Fink, and Tiger Jack Burns in the special event with Teddy Seidman, are the boys who will bear watching. Mars is making his first real start in Southern California. Burns is going east seeking bigger game. He will leave for New York next month.

The other bouts:

Eddie Sylvester vs. Young Cumpston, 135 pounds, four rounds.

Billy Bunch vs. Young Carpentier, 118 pounds, four rounds.

America's share of world international trade increased from 8 per cent in the year 1900, to 14 per cent in 1924.

Oxy Bows to Fast Arizona Club, 9 to 4

[EXCLUSIVE DISPATCH]

TUCSON (Ariz.) April 9.—The Arizona Wildcats slugged to a 9-to-4 victory over the Occidental Tigers here today with Bud Teachout on the mound for the Tigers in the opening of a three-game series.

The Wildcats banged Teachout for eleven hits and during the fourth frame pushed six runs in on five hits.

Capt. Tolson chucked for the Wildcats and allowed eleven hits, also, but with perfect support held the Californians to four tallies. Teachout whiffed ten of the Arizona men, while Tolson sent nine of them to the bench.

The second of the three-game series will be played tomorrow with Gregory pitching for Oxy and Morefield for Arizona.

Paul Hunter and George Von Elm Leading Field

GOLF CHAMPIONS START TO WEEDING AMATEUR FIELD

Favorites for Southern Title Play Record Golf to Win Titular Honors at Los Angeles

BY W. C. WISE

Dr. Paul M. Hunter of Annandale and Midwick, playing-through champion, shot par golf for an easy 5 and 4 win over Lloyd Martin yesterday, while George Von Elm, Rancho ace, had little trouble disposing of A. Bullock Webster, present title champion, in the first flight of the Southern California golf honors on the Los Angeles Country Club links.

John J. McHugh, crack golfer of the Olympic Club, San Francisco, turned in a perfect card, winning from H. H. Gaines, 7 and 6. C. H. Seaver, former Trans-Mississippi champion and winner of the southern in 1920, laid a beautiful nibblick from the sand dead to the flag on the eighteenth green to win a hard-fought match from Everts Moulton-Hower, Los Angeles High ace, who was 4 down and 6 to go, threw [illegible] into W. W. McCormick [illegible] during the next three holes [illegible] his match, laying dead [illegible] six-inch putt and a win. McCormick, playing from [illegible] deep sand past the rolling [illegible] hold his out for a [illegible]

One of the best matches of the day saw E. S. Armstrong, former Pacific southern champion, defeat Clair Griswold, 3 and 2. Griswold was 3 down past the [illegible] but chipped from the [illegible] within two inches of the [illegible] won the long thirteenth. [illegible] the fourteenth, Griswold [illegible] dead on the cup for [illegible] Armstrong picked up [illegible] the fifteenth to win [illegible]

Ralph Eckels holed a difficult [illegible] putt on the eighteenth [illegible] his match from Harold [illegible], youthful Glendale High [illegible] G. Parker Toms caught [illegible] by Max Behr and was [illegible] to go 20 holes before win- [illegible] match. After Behr sunk [illegible] putt on the eighteenth, [illegible] duplicated the feat by curl- [illegible] fifteen-foot putt into the [illegible] keep the match all square. [illegible] Macbeth, Wilshire, laid [illegible] running putt within a foot [illegible] up on the eighteenth and [illegible] to a 1-up win over M. [illegible] eighths after the former [illegible] his approach shot the pin, on [illegible] from the sand and was [illegible] his first putt and missing [illegible] second, for a halve, by [illegible]

COASTS TO WIN

Ed Tarrant coasted through to [illegible] 3 and 4 win over R. Clark [illegible] and C. H. Palmer, Jr., shoot- [illegible] golf, turned in a 7 and 6 [illegible] Dick Smith. J. M. Fra- [illegible] defeated L. P. Ferguson, [illegible] was one over par with a [illegible] of 73. Harlow Hurley [illegible] C. S. Lyday through a lot [illegible] to win the match, 4 and [illegible] J. Shafer won from Phil [illegible], 3 and 2.

Bill Melba, former State champ- [illegible] ed up and won from [illegible] in the seventeenth, 2 [illegible] George Ritchie, San Fran- [illegible] Elmer C. Henderson, a [illegible] U. S. C. football coach, [illegible], defeating the husky [illegible], 2 and 1.

Rounds tomorrow seem to [illegible] in lower bracket of the [illegible] fight as Dr. Paul M. [illegible] one of the hardest play- [illegible] to beat at match [illegible] not a real champion- [illegible] under in Jack Tarrant. [illegible] match of the day, how-

ever, will be between Jack Neville and E. H. Seaver.

Seaver and Neville, both stellar golfers, are links enemies of years standing. They have met four times and Seaver has come off victorious in three of the matches. Meeting in the finals for the twenty-first annual amateur in 1920, Seaver tripped Neville, 3 and 2. In an invitation meet at Montecito, Neville won a sizzling match from Seaver and forced Seaver to travel twenty holes to a win over the Los Angeles court in 1923. The match tomorrow will bring together two of the strongest championship contenders and should draw a large gallery.

BIRTHDAY VICTORY

Bautzer, who is the son of the are Edward H. Bautzer, attorney and former postmaster at San Pedro, celebrated his fourteenth birthday on the same day that he won the Long Beach championship. His oratorical victory brought him, in addition to the regular prize of $25 offered by The Times in the district contests, an additional cash prize of $100 offered by the Long Beach Bar Association, which has been especially active in its co-operation in the contest movement.

He is a sophomore at Polytechnic and the leading member of the school's debating society, his speeches having been the deciding ones in a number of debates in which this society has come out victorious in debates with other schools. Aside from his marked ability as a speaker, he leads most of his classes in other branches. He says he wants to become a lawyer when he quits school.

A strenuous youth is Tom Jones, Gardena champion, who is as formidable on the football field as he is in an oratorical contest. He is greatly devoted to athletics, and has won honors not only in football but in other athletic activities. Aside from that he shines in debating and dramatics, having distinguished himself as a speaker since his sophomore year. He is now a senior.

VON ELM FAVORED

George Von Elm should have little trouble disposing of Frank Delcet in the first bracket, while Johnnie McHugh, San Francisco flash, who seems to be the strongest contender among the first eight, will meet stiff competition in E. S. Armstrong. McHugh is back on his game, and this match will also be close—the advantage, if any, going to E. S. Armstrong on experience alone.

In his march to the finals, Von Elm seems to be especially favored, for while J. M. Frazier may cause him to shoot real golf, he should win with ease. Dr. Hunter, who will probably beat Jack Tarrant today, must then play the winner of the Seaver-Neville match before meeting Norman Macbeth, who should shoot through the lower half of the second bracket to the semifinals.

First-round matches in both the president's and vice-president's cups were run off yesterday, as were also first rounds in the defeated eights in both flights.

In order to get two rounds in all flights today, matches must leave the tee promptly at starting time, tournament officials announced last night. Play in the first round of the defeated sixteen starts at 9:10. Second-round players in the vice-president's cup will follow at 9:20, and first contestants in the president's cup are scheduled to leave the first tee at 9:40.

Second rounds in the championship flight will start at 10 o'clock, with the afternoon round set for 1:30. Results and pairings:

Results of yesterday's matches follow:

CHAMPIONSHIP FLIGHT

George Von Elm defeated A. Bullock Webster, 4 and 3.
Frank Delcet defeated Harold Thompson, 1 up.
C. H. Palmer, Jr., defeated Dick Smith, 7 and 6.
Art. J. Shafer defeated Philip Parra, Jr., 3 and 1.
J. M. Frazier defeated L. P. Ferguson, 3 and 2.
Harlow Hurley defeated Chester S. Lyday, 4 and 3.
E. S. Armstrong defeated Clair Griswold, 3 and 1.
John J. McHugh defeated H. H. Gaines, 7 and 6.
Jack Tarrant defeated C. Clark Speirs, 3 and 4.
Dr. Paul M. Hunter defeated David Martin, 5 and 4.
Jack Neville defeated Leon Keller, 2 and 1.
E. H. Seaver defeated Everts Moulton, 1 up.
G. Parker Toms defeated Max Behr, 1 up 20 holes.
W. W. Campbell defeated Alan Moore, 2 and 1.
George Ritchie defeated Elmer C. Henderson, 3 and 1.
Norman Macbeth defeated M. E. McLoughlin, 1 up.

PRESIDENT'S CUP FLIGHT

Ralph Eckels defeated W. B. Dickinson, 4 and 3.
Ed Merrill defeated C. H. Mullen, 2 and 2.
Russell Thompson defeated George H. Cornes, 7 and 5.
Stanley Kavanagh defeated W. B. Tait, 4 and 3.
Stanley Hughes defeated Fred W. Hicks, 3 and 1.
D. Brett Chisholm defeated R. D. Skelly, 2 and 1.
E. E. Coombs defeated J. Frank Gore, 1 up.
J. Fowler defeated Karl Nelzel, 6 and 4.

VICE-PRESIDENT'S CUP FLIGHT

George Campbell defeated William Caswell, 7 and 6.
E. B. Youkum, bye.
W. D. Whelan, Jr., bye.
Harry Irving, bye.
Jose Purvear defeated Ruth Estes, 2 up.
Frank Sweeney, bye.
Joe Kelly, bye.
F. E. Chaffee, bye.

PRESIDENT'S CUP

J. M. Mullen defeated W. B. Dickinson, 1 up, 19 holes.
George H. Cornes won by default.
Fred W. Hicks won by default.
Karl Nelzel defeated J. F. Gore, 2 and 1.
Defeated J. Vice-President's cup.
William Caswell and Ruth Estes won through to the semi-finals by default.

PAIRINGS FOR TODAY

Championship Flight second round, 10 a.m.
George Von Elm vs. Frank Delcet.
C. H. Palmer, Jr., vs. Art. J. Shafer.
J. M. Frazier vs. Harlow Hurley.
E. S. Armstrong vs. John J. McHugh.
Dr. Paul M. Hunter vs. Jack Tarrant.
E. H. Seaver vs. Jack Neville.
W. W. Campbell vs. G. Parker Toms.
George Ritchie vs. Norman Macbeth.

PRESIDENT'S CUP, 9:40 A. M.

Russell Thompson vs. Stanley Kavanagh.
Stanley Hughes vs. D. Brett Chisholm.

Leon Keller vs. Everts Moulton.
Alan Moore vs. Max Behr.
Elmer Henderson vs. M. E. McLoughlin.

NO THEY'RE NOT BROTHERS---

Even though their sweat shirts seem to indicate some such relationship, David Butler, left, meets Tom Gallery in the finals of the Southern California squash handball championship at the Hollywood Athletic club tomorrow noon. Gallery is also famous as a screen star and matchmaker for the Hollywood American Legion fights.

RABBIT PUNCHES

By PAUL LOWRY

JACKIE FIELDS'S convincing knockout triumph over Billy Young at Wilmington Wednesday night clearly establishes that young man as a walloper of the first order. Everybody knows how clever the Olympic feather champ is, but nobody suspected that he carried such a pulverizing punch. Boxers rarely do, and the fact that Jackie is different than most of the scientific breed leads one to predict that when the kid gets his growth he's going to rule the roost in his division, which from all indications will be the lightweight class.

At the present time Jackie is a lightweight from the hips down. He's a featherweight above, but when he fills out there'll be a new candidate for the honors which the recently retired Mr. Leonard relinquished after holding them untarnished for so many years.

* * *

We're still waiting anxiously for the recovery of Joe Salas from the flu because it spells one of the greatest natural shots in California boxing circles — a match between him and Fields.

And if we believed Jack Doyle was hard up for money we'd tip him off to grab the signature of these two kids for a match that may outrank even the Hudkins-Benjamin encounter for feverish interest.

Jack doesn't need the money, but we'll wager him our extra shirt that a Fields-Salas scrap will pack his swat palace to the shingles.

* * *

Who discovered Ace Hudkins? Ask Tom Kennedy. He knows.

It was late in November when Ace and brother Clyde breezed into Kaufman's gym in Hollywood. Ace had his bag containing trunks and boxing shoes with him.

He wanted a chance to show his wares. He asked Kennedy for a match. Anything would do; if he didn't give satisfaction why Kennedy needn't pay him. That was old stuff to Tom. He had heard it many times, but he countered by asking Ace to spar with one Joe Dunn, a 148-pounder, in the gym.

Hudkins did. He walloped Dunn all over the place. Tom blinked, opened his eyes, and decided that here was a real fighter.

* * *

Kennedy had been looking for someone to trade punches with Dick Hoppe. All the boys were sidestepping. He decided Hudkins would fill the bill, and billed him as the "Nebraska Wildcat."

Hudkins and Hoppe met in the last fight under the four-round law. It was just before Christmas. For three rounds the boys mixed on even terms. The "Wildcat" hadn't warmed to his trade.

But in the fourth round he cut loose. He winged Hoppe with a left in the face. From a scratching cat Hudkins developed into a rushing tornado. He threw gloves at Hoppe so fast that the latter was bewildered; face, stomach and kidneys all became targets for Hudkins's fury. Ace won an easy verdict, and his reputation was started.

Then in succession Tommy Carter, "Spug" Myers, Pat Mills, and finally Joe Benjamin, rated as one of the cleverest lightweights in the country, fell before his attack.

* * *

Dode Bercot, welterweight champion of the Pacific Coast. That's the calling card Lonnie Austin, his manager, ought to have printed for the modest young logger from the Northwest.

Since he started in earnest in the professional ranks Bercot has dropped just one decision and that to Alex Hart, a clever boxer with no punch who jabs and skips.

Over two years ago he lost decisions to Jimmy Sacco, Young Carmen and Johnny Jordan. He has since reversed them all.

In the last three months he has twice beaten Bobby Barrett, the kayo walloper of 'em all, and Morrie Schlaifer, the tough Jew of Omaha, Neb. When he was lighter and fighting the lightweight gentry he beat Joe Benjamin, and drew with Jack Silver, although he all but had the latter out in their scrap at Hollywood.

Tonight he meets Mushy Callahan at Hollywood, next Friday he boxes at Dreamland in San Francisco, and then he comes back here to tackle Spug Myers at Hollywood on May 1.

Austin has no trouble securing fights for Bercot. Dode gives the crowd a run for its money at all stages. He loves to mix it, and he's clever enough with it all to miss even the devastating wallops of a socker like Barrett.

Hermidale is Big Winner in Tia Juana Race

[EXCLUSIVE DISPATCH]

SAN DIEGO, April 9.—Hermidale of the Thistle stables won at the Tia Juana track this afternoon in the five furlongs sprint and paid his backers better than 20 to 1. This was his third time out and in the other starts he showed little class. Today he outgamed Nayarit, winning by a head.

Picnic added another victory to his string, leading all the way. Jockey Johnson rode a heady race to bring Sunny Maid home ahead in the first race of the long card. Lake Chapala, a long shot, won the second and the third went to Dynamic. Baker kept Dellavans up in front all the way in the fourth event, a four and one-half furlong sprint. The opening race was featured by much crowding. Letter Six, being knocked over the fence, but Jockey Young escaped without serious injuries.

First race, four and one-half furlongs: Sunny Maid, (G. Johnson) won; Greenwood (Molter) second; Miss Oakland (Martinez) third. Time :55 3-5.

Second race, five furlongs: Lake Chapala (Hooper) won; Shasta Rapids (Pendergrass) second; Jenks (Young) third. Time 1:02 2-5.

Third race, mile and one furlong: Dynamic (G. Johnson) won; Lady Lillian (Davis) second; Ajedrez (Sylvia) third. Time 1:56 4-5.

Fourth race, four and one-half furlongs: Dellavans (Baker) won; Mr. Friend Pat (Pendergrass) second; Joe V. (Griffin) third. Time :54 4-5.

Fifth race, six furlongs: Picnic (Elston) won; Idle Thoughts (Martinez) second; Bells Memory (Deford) third. Time 1:14 4-5.

Sixth race, five furlongs: Hermidale (Griffin) won; Nayarit (O'Donnell) second; Willard The Wizard (Schaefer) third. Time, 1:00 2-5.

Seventh race, mile and 70 yards: Atoms (Huntsman) won; Black Wand (G. Johnson) second; Sportsman (Sylvia) third. Time 1:44 4-5.

Eighth race, mile and a sixteenth: Margie K. (G. Johnson) won; Melancthon (Griffin) second; Beltrar Bond (Schaefer) third. Time 1:47.

Ninth race, mile and four furlongs: Tangerine (Schaefer) won; Blarney Stone (Griffin) second; All Over (Edwards) third. Time 1:53.

Tenth race, mile: Fair Rosana (Griffin) won; Catherine Marenne (Schaefer) second; Hail Up (Mortensen) third. Time 1:44 3-5.

Advance Information

Second artist: Oh, no. Who told you that?

First artist: Your landlord.—[Exchange.

PREP AQUATIC SEASON STARTS

Schedule Begins Tomorrow; Lasts Through May

Club Swimmers Ineligible During Season

First State Meet Planned by Fred Johnson

Club competition for high-school swimmers ends tomorrow, according to a report received here last night from Fred Johnson, aquatic manager of the California Interscholastic Federation, southern section. Johnson stated that the swimming season officially opens the 11th inst. and continues to the end of May. Thus, any member of a high-school aquatic team, who has been swimming for any organization, must quit or be ineligible for the prep team.

Some of the local schools have already started their season with meets with other schools, but Johnson stated that the season officially begins tomorrow.

The first State swimming meet ever held in California, will be staged May 23. Johnson said that attempts are being made to secure the Los Angeles Athletic Club tank for the meet, but if this is impossible, the meet will be staged at either Pasadena or Long Beach high schools.

The City League will hold its annual meet at either the Hollywood or Los Angeles Athletic Club May 8. The Bay League will get together, May 2, and the Southern California struggle is carded for May 16 at the Hollywood Athletic Club. Class C teams will also hold regular meets this year, according to Johnson.

Venice, Hollywood, San Diego and Pasadena High have the strong teams this year. Pasadena is particularly well-balanced, while San Diego has two or three good sprinters. Kenison and Geraghty are expected to star for Hollywood.

JACK DEMPSEY QUITS FIGHTING

(Continued from First Page)

active mind, furnishing the brothers with a remunerative business.

The talk of a split between Kearns and Dempsey has had the foundation of a demand on the part of Dempsey's family for a rearrangement of finances with Kearns.

THE AGITATION

The family is said by the 22-year-old Mrs. Dexter Dempsey, the divorced wife of Jack's father, to have started an agitation in this direction as long as a year ago.

"Brothers Joe and Johnny got together with the rest of the family and decided around the hearth that 50-50 was too much for Kearns," declares Mrs. Dempsey.

"Joe said a 25 per cent cut was plenty. Johnny, who investigated what other managers were getting from their fighters, declared 20 per cent was too big.

"Along about that time Estelle Taylor entered on the scene. She and Jack were married, and the family had a new ally.

"The 50-50 went into the discard with a vengeance. Estelle decreed 70 per cent for Jack and 30 per cent for Kearns was about right.

NEW CONTRACT

"From the information Jack's father gave me one of the brothers approached Kearns with a suggestion that he draw up a new contract with Jack in which the latter would be the beneficiary to the tune of 70 per cent.

"Kearns only laughed at that, shrugged his shoulders and walked away.

"That's where the matter stands now with Pa Dempsey firmly believing that Jack will be just as big a hero in pictures in a couple of years as Bill Hart or Douglas Fairbanks."

Final scenes for "Manhattan Madness," the picture which Jack and Estelle are making at the Selig studios on Mission Road, are being filmed this week, and some time next week the company goes to New York for the final shots.

Dempsey is the big, bold hero in this picture, who savagely fells dozens of assorted villains that try to steal his girl.

NO CONFAB

Kearns, who returned from New York early this week, has not seen Dempsey except to speak to him at the Benjamin-Hudkins fight at Vernon Tuesday night, and still believes Dempsey will be seen in the squared circle.

But Dempsey has different ideas. The lure of the thespian trail has called him. Jack McAuliffe successfully trod it, after he retired undefeated as lightweight champion. In latter years Gentleman Jim Corbett has had even more success.

Why not Jack Dempsey, the heavyweight king might ask you?

"The title is worth something so long as I keep it. Jim Jeffries held it for six years and retired undefeated. He was an idol until coaxed out of retirement and into the ring with black Jack Johnson. "I've held the title for six years. I can retire and still be heavyweight champion of the world. I won't give the title away. I'll keep it."

REFUNDS BANNED BY ATHLETIC COMMISSION

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 9.—There are no such things as "refunds" with the State Athletic Commission so boxers, managers, seconds and others concerned cannot expect to get any money back if they decide to quit the business after obtaining their required license in California. This is the ruling passed down from the Attorney-General's office to William H. Hanlon, commissioner, and Walter Yarwood, secretary. It all came about through S. H. Jones, University of California boxing instructor, getting a license to referee and then deciding he did not wish to act as the third man because the officials of the university did not desire him to do so. He had paid the required $25 and later requested a refund.

MONARCHS WIN OVER HOLLY HOCKEY TEAM

Tom Casey's Monarchs defeated the Hollywood Athletic Club hockey team, 6 to 5, in a thrilling game at the Palais de Glace last night. A goal in the last few minutes of play by Irwin, cinched the game for the Monarchs. Irwin starred for the victors and McCusker, Arnot and Gaudin were the big heroes for Hollywood.

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of $4, $3, $2, and twelve of $1 each. A list of theaters showing the film, together with rules for submitting jokes are given daily in a coupon in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of those contributors will receive a souvenir of acknowledgment.

"Did you ever laugh till you cried?"

"Yes, I did this morning."

"Why?"

"Father stepped on a tack. I laughed. Father saw me—I cried."
Mrs. J. Justinian, Postoffice Box 1814, city.

An amateur guardsman in King Lear had lines "Step aside and let the coffin pass." Excitedly he said "step aside and let the pastor cough."
R. Wileman, San Gabriel, Cal.

Teacher: If you can get these four points into your heads, you'll have the whole thing in a nutshell.
Mr. P. It. Queen, 1548 North Avenue 46, city.

Tired Man: I'd like to go where I would be cut off from this world.
Friend: Why don't you try a telephone booth?—Parker McVey, 212 North Ardmore avenue, City.

Abey had written a letter to a former desirable customer who had strayed from the fold owing them a bill. Mawruss, in passing on the letter, remarked:

"It's a fine letter, diplomatic, and inoffensive, but you should not have spelled 'dirty' with two I's and 'cockroach' does not begin with a 'k.'—R. Ellis, 1445 South Norton, City.

A woman was asked to keep the minutes of the meeting.

At its close she announced "It was one hour, twenty minutes.
Mrs. C. A. Bromfield, 1142 Victoria avenue, city.

A house near by was moved off its foundation. A little girl said: "Mother, may I go play on the damnation."
Mrs. C. E. Schryver, 3832 Third avenue, city.

"The typewriter you sold me is no good; I want my money back."

"What's the matter with it?"

"Wrong spelling."
W. Tuequellas, 720 South Fair Oaks, Pasadena.

A Scotchman whose wife had just presented him with a second son exclaimed to a friend: "Mon, Lachie, hae ye heard the news? I'm anither faither."

BAN ON KAROLYI MAY BE RAISED

Hungarian President's Case in Limelight

Department May Remove Gag Upon Speechmaking

Officials Continue Silent on Other Phases

[DISPATCH BUREAU]

WASHINGTON, April 9.—Count Stephen Karolyi, exiled Hungarian President, may be allowed to visit the United States ungagged by the State Department, it was indicated today.

Authority at the State Department for this belief is the statement that Count Karolyi, who, for the past few months has been a storm center in New York as the result of the State Department ruling, which allowed him to remain in the country only on condition that he refrain from talking on politics, again asks to enter the United States, his application will be considered a new case and treated as such in making a decision.

State Department officials were careful to observe, however, that this did not mean that the department had changed its point of view in any way. It simply meant, it was explained, that the present Karolyi case was now closed with the Count's departure for Canada and that any new application on his part would be looked upon as a new case to be decided after a careful examination of the facts.

OFFICIALS CONTINUE MUM

Other phases of the Karolyi case officials were as mum as they have tried to keep the Hungarian affair. It was said the department will dwell on its statement of facts which have been published at various times by the department.

Officials, however, believe that in other parts of the country, however, believe that Karolyi's application may be considered more favorably next fall. They point out that Karolyi had accomplished in this country with the aid of the State Department gag just what the department had hoped to avert. That is the stirring up of excitement and trouble.

When Karolyi, at the suggestion of the United States, asked for a passport to come to this country to see his sick wife, he was told the only condition imposed by the State Department was that he refrain from political activities while in this country.

In defending this action, Secretary of State Hughes told Senator Borah, Republican, Idaho, chairman of the Foreign Relations Committee, that Karolyi had been gagged for reasons which it would not be compatible with the public interest to make public.

ASSERTED TROUBLE BREEDER

Other officials said today, although it could not be confirmed at the State Department, that the real reason Karolyi was censored was because the department had received reports from agents abroad to the effect that the Hungarian Count was a trouble breeder and had been the center of unfavorable political activity in every country he had visited.

Assistant Secretary of State William R. Castle, who was handling the case, was appealed to by Karolyi's friends. He, too, refused to temper the department's action. The Countess in a last effort called on Mr. Castle in Washington Tuesday, but was unable to change the department ruling.

STATEMENT DENIED

When it was brought to Castle's attention that the Count had broken silence in Montreal, Can., and charged that pressure brought by bankers and the Hungarian government had caused the department's action, he said the department stood on its first reply to that charge.

That was that it was not true.

As the matter now stands the Countess Karolyi expects to tour the United States this fall for lecture engagements. Her husband has been quoted in Canada as saying he would come to this country to live at that time if allowed to enter untrammeled by conditions.

JAZZ GIRL IS TAKEN TO NAPA

Asylum Doors to Open for Young Matricide

Action Follows Insanity Finding of Jury

Dorothy Collapses in Court as Verdict is Read

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 9.—Seventeen-year-old Dorothy Ellingson, the pretty bronze-haired girl whose pursuit of jazz and joyrides culminated last January in a quarrel in which she killed her mother in a bedroom of thier home, was taken to the State Asylum for the Insane at Napa, Cal., tonight. Shortly before noon, a jury in Superior Court adjudged her insane.

Thus the murder charge against the young matricide was shelved. The jury, impaneled to try the case excused until next Monday, will be formally dismissed then and the matter will be placed on the referred calendar, perhaps for all time. Shoul she ever be pronounced sane, the murder charge may be revived.

COLLAPSES AT VERDICT

The girl had been bitterly opposed to the sanity proceedings launched by her attorneys. She had denounced them in open court, once threatened to choke one of them for telling lies, and another time thrown water at them. Yesterday she testified as a witness for the prosecution, calm, clear, attired in her best, determined to persuade the jury that the assertion of insanity was unfounded. Today, when the verdict was announced after but 45 minutes of deliberation, she fainted without uttering a sound. When she was revived, she sobbed convulsively in the arms of jail matrons and was noticed to leave the room for half an hour.

This afternoon she was brought into court for the final formality of commitment. She had regained her composure and sat stolidly while Judge Louderback pronounced the few words. The procedure required less than three minutes. Within another hour she was on her way to the State institution at Napa.

The girl's attorneys, Alexander Mooslin, chief counsel; Sylvester J. McAtee and Walter McGovern, issued a statement in which they said:

"When we first entered upon the defense of Dorothy Ellingson we were immediately impressed with the fact that she was possessed of a very unusual mentality. She failed to co-operate with us from the beginning. A doubt naturally arose in our minds as to her mental condition and we thereupon sought the advice of the leading psychiatrists and alienists. After a great number of physical and mental tests these scientists came to the conclusion that the defendant was insane.

"The verdict at the hands of the special jury is the greatest victory for the scientific treatment of abnormal persons ever recorded in California. It will mean the beginning of a new era in the treatment of those who are mentally sick.

"While the charge of murder against her probably will not be dismissed, we do not anticipate that she will ever be called upon to face a jury on that charge. From the information furnished us it will be many years, if ever, before she is cured of her present mental condition."

ELEVEN VOTE INSANE

The sanity jury contained nine men and three women. The verdict, requiring an agreement of nine, was voted by eleven. One man dissented.

After the verdict the girl refused to see her father, Joseph Ellingson, and her brother Earl, who had testified that they believed her insane. She found no comfort in the verdict, pointing out that some day she would be found sane and then would have to face the murder charge over again.

Defense alienists testified that the girl was not a moron, but was of "a high average of intelligence," yet was insane within the medical and legal definitions. One specialist pronounced her malady dementia praecox, explaining that she probably was in the first stages of it. The prosecution's experts contended that she was sane. One of them admitted that she was a "moral defective," but maintained that intellectually she was normal. In presenting his case, Asst. Dist. Atty. Harmon D. Skillin laid stress on testimony that the girl had gone through business college and became a proficient stenographer and never had experienced difficulty in passing grades at school.

EMPHASIZE CALLOUSNESS

The defense, in the role of prosecutor for the purpose of proving their client insane, offered evidence to establish by circumstantial evidence and by the girl's signed confession that she killed her mother. Emphasis was laid on her apparent callousness in attending a wild party the night after she shot her mother, as indicative of insanity. It was argued that the deed clearly was one of an irrational person, since the girl's quarrel with her mother had been trivial.

The whole sordid story of the girl was dissected on the witness stand. Crowds besieged the courtroom daily.

Easterner Gets Alien Property Custodian Job

[BY A. P. NIGHT WIRE]

WASHINGTON, April 9.—Frederick C. Hicks, former Representative from New York, today was appointed alien property custodian. He will come here immediately to assume the office vacated recently by the resignation of Thomas W. Miller.

He has been active in Republican party politics for many years and at one time was a partner in a New York banking firm. He was in charge of the eastern headquarters of the Republican National Committee in the last campaign.

NIPPONESE VIEW OF PARLEY TOLD

Navy Minister Says Stand of Tokio Unchanged

Ready for New Arms Confab if Agenda Satisfactory

Attitude of Government Not Reflected in Press

[BY CABLE—EXCLUSIVE DISPATCH]
[Copyright, 1925, by the New York Times.]

TOKIO, April 9. — The Times correspondent is informed upon high authority in the Navy Department that the attitude of the Japanese government toward a second disarmament conference has not undergone any change due to the attitude of France, and remains the same as stated by Admiral Takarabe, Minister of the Navy, in an interview of February 11, when he said that "given a fair ration and sufficient guarantees for the requirements of defense and a proper observance of the methods of procedure," Japan is ready for a new conference.

This statement was made in reply to a question as to whether the attitude of France toward a second conference would have any influence on the Japanese attitude, as the newspapers have recently reported it would. It was stated further that "Japan's attitude is not a vascillating one," and that recent reports current in the Japanese press "do not represent the view of the Japanese government."

VIEWS SUMMARIZED

The viewpoint of responsible government officials and statesmen toward the proposal for a second disarmament conference may be summarized as follows.

Japan is willing to participate in another conference to further reduce armaments, if such a conference seems destined to prove successful, but she hesitates to take part in a conference which would seem to lead to failure, as it is felt such a result would bring about real naval competition, which Japan could ill afford at present. In other words, Japan wants to be fairly certain in advance that the conference is going to lead to a further practical reduction in armaments, otherwise she prefers to leave well enough alone and be content with what already has been accomplished.

WOULD NOT REFUSE

She would not refuse to participate if prospects for agreement seemed unfavorable, but she would discourage the calling of the conference. This is the reason the Japanese government desires an agenda fixed beforehand, so that the nations may study the questions among themselves in an effort to smooth out the way for a conference, and insure its success if it is to be called.

Japanese public opinion toward a second conference, as reflected in the press, has not yet crystallized and is not likely to take definite shape unless a call is actually issued. There is an inclination to suspect an Anglo-American combination aimed at Japan, despite denials which have been made from authoritative quarters in Washington and London. The American naval maneuvers and the question of the Singapore base have attracted far more attention on the part of the press and public than the proposed conference.

E. T. KEISER QUITS POST WITH STATE

Real Estate Commissioner Resigns Effective May 1 to Enter Private Work

[EXCLUSIVE DISPATCH]

SACRAMENTO, April 9.—Edwin T. Keiser, State Real Estate Commissioner, today tendered his resignation to Gov. Friend W. Richardson to become effective May 1. He is resigning to enter private business. Keiser was appointed to his present position by former Gov. William D. Stephens and held over under Gov. Richardson. His successor has not been selected.

In his letter of resignation, Keiser said:

"For two and one-half years I have been under your able administration. I consider it a distinguished privilege, and it was a pleasure to have served with you in your earnest efforts to give California a clean and efficient and business-like administration. I am fully in sympathy with you in your most commendable efforts to eliminate petty politics from State affairs.

"I wish I were financially able to continue my official service with you. Opportunity has come which is of such a character that were I to continue in my present official position it would be a sacrifice that I can ill afford to make. Therefore, it is with a most sincere regret I feel compelled to place my resignation in your hands, to be effective May 1, 1925."

ARMY TO DISPOSE OF BORDER CANTONMENTS

[EXCLUSIVE DISPATCH]

MARFA (Tex.) April 9. — All cantonment buildings, including barracks, officers' quarters, sheds and other structures, which were erected during the World War at various points along the Rio Grande in the Big Bend region, are to be sold to the highest bidder on next Wednesday, according to Capt. L. H. Palmer, Eighth Corps Area Depot, Fort Sam Houston.

Some of these buildings are of stone and splendidly fitted up. All are far removed from railroads. To what use the buildings may now be put is a question that cannot be answered. The cantonment buildings at the remote border town of Ruidosa were recently sold to Cevero Guzman of Marfa, who will use them for a store and supply depot. It is stated that the government buildings at Marfa and Dryden will not be disposed of at this time.

Announcing

John Tait's latest and greatest Food Feature!

To Be Inaugurated Monday, April 13

FOR more than 25 years the name John Tait has been synonymous with the best in cafe and restaurant service on the Pacific Coast. And now this same name stands back of the greatest 25c food value that it is possible to buy in Los Angeles—

John Tait's 25¢ Box Lunches

EACH lunch contains 4 wrapped sandwiches (each one different) — a relish — salad—fruit—piece of pie, cake or pastry. The lunches are scientifically prepared so as to provide the maximum of food value. PACKED ONLY IN THE DISTINCTIVE BROWN AND WHITE BOX—accept no other.

Will be sold by all stores of

The Owl Drug Co

and The Sun Drug Co.

And at Other Depots and Industrial Plants All Over Los Angeles

SAILSTAD GRANTED PAROLE

Man Who Burned Body of Friend to Conceal His Eloement Released from Prison

[EXCLUSIVE DISPATCH]

EAU CLAIRE (Wis.) April 9.—A parole has been granted by the State Board of Control to Edward J. Sailstad, former head of the Multitone Manufacturing Company here, who was convicted with Dorothy Anderson of a charge of arson on December 29, 1923, and sentenced to four years in the State Reformatory at Green Bay. Sailstad had served a year and a half of his sentence.

It is expected Miss Anderson, his sunshine girl, will be granted a parole in May. She has been serving a four-year term at Taycheedah Reformatory for Women.

Sailstad turned ghoul in 1920 when he exhumed the body of a friends and placed it in his cottage near Superior, Wis., and then burned the building to cover his elopment with Miss Anderson. For two years the case was shrouded in mystery, while litigation went on between Sailstad's wife and insurance companies over actual identification of the charred body found in the ruins of the summer home.

After a search of over two years, Sailstad and Miss Anderson were captured in California, and on trial testified to having disinterred the remains of A. G. McPhee from a near-by cemetery and placed the body in the cottage, firing the same to cover escape.

After Mrs. Sailstad was convinced that her husband was dead, and after she had settled with some of the insurance companies which had insured Sailstad's life, she was married to Ross Richardson. She divorced Sailstad upon his arrest and was remarried to Richardson.

Miss Anderson, whom Sailstad met when she was a singer in a Chicago cabaret, was a physical wreck when she entered the Taycheedah institution, but is now reported to be in the best of health.

FORMER WIFE SAYS SHE'S NOT INTERESTED

[EXCLUSIVE DISPATCH]

EAU CLAIRE (Wis.) April 9.—"The news does not interest me in the least," was the only comment made here this afternoon by Mrs. Leone Sailstad Richardson, when she was told that her former husband, Edward J. Sailstad, convicted on December 23, 1923, at Superior, Wis., of arson in connection with the fire in which he was supposed to have been burned to death, had been paroled from Green Bay Reformatory after having served a little over a year of his four-year sentence. Sailstad, she said, has passed entirely out of her life, and that of his children, and she "is not interested in what happens to him."

COTTON MILLS PLANNED

[EXCLUSIVE DISPATCH]

TUCSON (Ariz.) April 9.—Two cotton plants are under contemplation at this point. One is an oil mill of the Ivey-Dale-Owen Company of El Paso, and the other a compress of the Granada Cotton Compress Company. The only compress in Arizona now is at Phoenix.

MAY MIX DIPLOMACY WITH PRIVATE DUTIES

[EXCLUSIVE DISPATCH]

MEXICO CITY, April 9.— It is stated semiofficially today that while Bertram E. Holloway, general manager of the Mexican National Railways, has been appointed by President Calles as special Mexican delegate to the international congress of railroad men in London in June, and has no other mission, the authorities will not be surprised if he attempts to bring about a resumption of diplomatic relations between Mexico and Great Britain. It is the general belief that Mr. Holloway is going to London to attempt to remove the stumbling blocks.

LAYS HUGE WATER MAIN

[EXCLUSIVE DISPATCH]

ST. LOUIS, April 9.—Work has been started on laying sixteen miles of pipe line which will connect the St. Louis mains with the new $12,000,000 water works on the Missouri River west of this city. The pipe project will cost $1,800,494. Two years are expected to pass before the job is completed. The conduit will be five feet in diameter and each section is 30 feet long.

COOLIDGE MOVE FOR EFFICIENCY

Great Savings Not Expected by Reorganizations

Elimination of Waste Aim of Chief Executive

One Survey Now Under Way; Employees Worried

BY ROBERT B. ARMSTRONG
"Times" Staff Correspondent
[EXCLUSIVE DISPATCH]

WASHINGTON, April 9.—President Coolidge does not expect to achieve any tremendous savings of money by a reorganization of the forty odd independent bureaus and commissions, a survey of which he has ordered made. He does expect, however, to obtain a better and a more logical organization, the elimination of some officers who may be found unnecessary and incidentally, to save some hundreds of thousands of dollars in the annual cost of the government. In an establishment spending between $2,000,000,000 and $3,000,000,000 a year such savings are not considered large. Congress could enact new legislation that would wipe out the entire saving of this sort, without attracting much attention. But the President wants to eliminate the waste in the present system, for waste is not harmonious with his theory of efficiency.

So far, only one survey has been launched. It is one which will examine into the administration of the United States Employees' Compensation Commission, which commission is ruled by three commissioners, each drawing a salary of $5200 a year. It is under the direction of no one of the ten major executive departments but functions independently.

This body, created in 1916, is typical of many such bodies created in recent years. Its business is to administer the act granting compensation to all civil employees of the government who sustain personal injuries while in the discharge of their duties. In one aspect, this is a governmental insurance act.

PENSION DIVISION

Now, there is in the Department of the Interior a mere division that is a lesser unit than a bureau, which administers the law under which retired civil employees of the government receive annual pensions. The business of paying compensation for injuries and the business of paying pensions to civil employees are not widely dissimilar. As a matter of fact, the civil service pension division disburses annually very much more money than is disbursed by the compensation commission. Yet each of these two, under the existing law, is required to have its own force of executives and thus its overhead expenses, according to these veral committees on reorganization that have studied the subject, are unnecessarily large.

Then, there is the huge Veterans' Bureau organization, another independent body responsible to no department, but only to the President direct. It pays out what is the equivalent of pensions and also what is the equivalent of disability insurance. Thus, it functions among former military employees of the government in the same manner that the civilian pension division and the independent employees' compensation commission function among former and present civil employees.

ANOTHER BUREAU

In addition to this, there exists the Pension Bureau of the Department of the Interior, which pays Regular Army, Mexican War, Civil War, Indian wars and Spanish War pensions. It operates in the same sort of field where the Veterans' Bureau functions.

Through its rehabilitation work, the Veterans' Bureau has been engaged in vocational education activities among ex-service men. But the Federal government also promotes, through a system of subsidies to States, civilian vocational education, and a separate and independent board is required under the present system, to administer the disbursements and direct the work.

The several reorganization committees that have studied and reported on the patchwork character of the Federal government's organization have all pointed out the lack of logic of the maintenance of so many separate administrative bodies working in a common field, but nothing has ever been done about it. It is President Coolidge's purpose to bring all existing information on this subject up to date and to do everything the law will allow him to do to simplify, consolidate and rearrange the several boards, bureaus and commissions on a more scientific basis.

CONGRESS AID NEEDED

It will be realized, of course, that without Congressional action he cannot achieve drastic reductions in expenditures. For example should the compensation commission and the vocational training commissions be consolidated or attached to some existing departments the major expenditures would go on just the same. The law requires that the money be spent for these purposes. There would be no reduction in the number of injured civil employees receiving compensation for their injuries and no reduction in the amount of vocational educational subsidies paid out. There would, however, be fewer executives and a consolidated responsibility that ought to prevent waste.

The Federal Trade Commission, which originated as the Bureau of Corporations in the Department of Commerce, might in a comprehensive system of reorganization go back to that department, with a reduced executive personnel, and come under the immediate direction of Secretary Hoover. The Shipping Board, one of the largest independent spending agencies of the government, might go also to the same department. Indeed, it is generally believed in Washington that the President thinks that it ought to go there.

ALIEN PROPERTY

Although the great war ended years ago, that other independent, but highly important, office, the alien property custodian, is still in existence and has work in hand that will keep it so for years to come. But this work is very largely of a legal character and some preliminary studies that have been made indicate that it might very well be attached to the Department of Justice through which it has to transact a large part of its business.

It might be remarked here that Ira Lloyd Letts of Rhode Island, who recently became an assistant Attorney-General, has been assigned to take charge of the alien property custodian's affairs passing through the Department of Justice, and that he finds their magnitude is great.

President Coolidge's action in appointing a committee to survey the Employees' Compensation Commission and to present its report and recommendations in three weeks, together with the information that other surveys presently are to be inaugurated, has stirred up considerable excitement among the 65,000 government employees in this city. They fear a future, across the horizon of which President Coolidge has projected the words "economy and efficiency."

FAT BRUMMELS TAXED ON AREA

Parisian Tailors Fix Extra Charge on Suits for Portly Beaus

[BY CABLE—EXCLUSIVE DISPATCH]

PARIS, April 9.—Men whose girth is more than forty-three inches will have to pay 10 per cent more for their suits in the future, according to a decision by the Parisian Tailors' Syndicate.

The tailors contend it is unfair to oblige them to clothe portly customers for the same price as thin ones and that, with the rising cost of textiles, they are more than justified in asking the increase.

SPORTS ARE FROWNED ON BY DEACONS

Nebraska Pastor Asked to Resign for Defense of Screen and Ring

[EXCLUSIVE DISPATCH]

FREMONT (Neb.) April 9.—The resignation of Rev. H. H. Koonts, pastor of the First Congregational Church here, has been requested by the official board on the ground that he has been guilty of indiscretions. These consist of defense of the screen and of boxing in sermons delivered from his pulpit. He was a regular attendant at moving-picture shows and missed but few of the boxing bouts regularly staged at Omaha.

Koonts was a chaplain in the Army and in that capacity had charge of boxing instruction. He is athletic and robust of build and has encouraged sports of all kinds as a means of developing the minds and bodies of young people.

The minister is now at the bedside of his wife, who was stricken last December while visiting her father at Olathe, Kan. He sends word from there that he has not been guilty of any indiscretions, and that he had told the trustees some time ago that he would not return unless the members came to some agreement about an $18,000 debt incurred in recent improvements to the church, over which much friction between members had developed.

"I'll plead guilty to being a boxing enthusiast," he says. "I have upheld boxing as a clean sport."

Leopold Meets Loeb at Prison Passover Feast

[EXCLUSIVE DISPATCH]

CHICAGO, April 8.—United by the Feast of Passover for the first time since October 3, 1924, when they were permanently assigned their prison tasks, Nathan F. Leopold, Jr., and Richard Loeb met and talked together in Joliet penitentiary today.

"Dickie" and "Babe," with sixty others of Jewish faith, were released for the day from prison restraint, an annual privilege enjoyed on this day. The Feast of the Passover was celebrated in the chapel.

For the first time in seven months neither Loeb nor Leopold, Jr., was under direct surveillance. There was no bar to their linking arms and seeking seclusion of an adjoining smaller room.

When they met they were shy, almost afraid to resume their careless attitude of intimate camaraderie which had marked their jail association.

Hawaiian Light Keepers Hurt by Explosion

[BY CABLE AND ASSOCIATED PRESS]

HONOLULU, April 9.—Two lighthouse keepers at Makapuu Light, which marks the eastern extremity of the Island of Oahu, were badly burned today by the explosion of an alcohol tank.

The men at the time of the accident were hunting for a leak in the pipe which feeds the light. The explosion did not damage the lighthouse tower, which is constructed of concrete.

NEW LAW INCREASES COUNTIES' TAX VALUE

[EXCLUSIVE DISPATCH]

KINGMAN (Ariz.) April 9.—An act of Congress, passed in February, permits consolidation of the Indian lands on the Wallapai Indian Reservation in Mohave and Coconino counties. The reservation was formed by executive order January 4, 1883. It is expected that the consolidation will shrink by a half the area of the reservation, which has 731,000 acres, and that thus much taxable property will be gained by the two counties affected.

SUGAR SEASON STARTS

GRAND RAPIDS (Minn.) April 9.—Indians in Western Itasca county are busily engaged making maple sugar. With the recent warm weather maple sap started to flow, and in every large sugar bush in the vicinity of the reservation Indians are tapping trees.

Orders Swamp Bankers; Stock Is Oversubscribed by Public Three to Four Times

[BY A. P. NIGHT WIRE]

NEW YORK, April 9.—Oversubscribed from three to four times in less than an hour, an $85,000,000 stock issue of Dodge Brothers, Inc., passed into the hands of the public today, completing the initial step in financing the reorganization of the huge motor company.

Dillon, Read & Co., bankers, who engineered the transaction, were deluged with buying orders, which they estimated late in the day, would total between $300,000,000 and $400,000,000—one of the most favorable responses ever given to a corporation stock offering.

Closing of the subscription books, one hour after the opening failed to stop the flood of applications for the stock, which ranged from requests for one to two shares to one order for $2,000,000. Had the books been held open longer, the bankers said, indications were that total subscriptions would have approximated $500,000,000.

Distribution of the securities were scattered over a broad territory, the bankers announced. A substantial amount of the stock was placed in Canada, and many applications came from London and the Continent—Paris, Amsterdam and Geneva. Encouraged by the success of the stock offering, the bankers began to speed up preparations for the final step in the $160,000,000 financing program. This will be the flotation of a $75,000,000 6 per cent debenture bond issue, which probably will be placed on the market Saturday morning at a price slightly below par.

Unsatisfactory volume of sales at the Leipsig International Fair proved that German exports were being curtailed by high prices.

HIDDEN TOWN TO BE HUNTED

Direct Descendants of Ancient Carthaginians Said to be Living in Isolated Sahara Colony

BY COUNT BYRON KUHN DE PROROCK
[BY CABLE—EXCLUSIVE DISPATCH]
[Copyright, 1925, by the New York Times.]

EXCAVATION CAMP, CARTHAGE (Tunis) April 8.—From ancient towns submerged by the sea to others buried by the sands of the Sarah—so runs the varied route of the expedition with which I am setting out to examine the remains of the civilization which flourished in Southern Tunisia and Algieria 2000 years and more ago.

One of the most interesting objectives of our trip is to investigate the strange tale reported to me of an unmapped village, situated in a small oasis of the northern Sahara, cut off from the world by gigantic sand dunes, whose inhabitants are believed to be the direct descendants of the Carthaginians, many of whose usages they conserved.

WILL COLLECT FLINTS

We are on the track of other ancient clews to the civilization at the town of Gigthine where the ink of an ancient parchment used for wall paper has left what might be called a carbon copy of Carthaginian inscriptions on the plaster.

The expedition will also explore the prehistoric regions of the Sahara's "grand canyon."

We intend to collect and bring back several thousand specimens of flint instruments, covering all periods of primitive man. When catalogued they may throw light on the question of whether prehistoric men whose traces have been discovered in France came, as some scholars believe, from Africa before the sea filled the Mediterranean basin.

CITY UNDER SEA

Our first important step will be

Porto Bello Gold

By Arthur D. Howden Smith

...staggered to his feet ...ed like to my ear, ...ing out—fore — mizzen — ...mouth I understood, and as... to shift the rope which ...to the deck. Peter saw ...ere on to and loosed ...taking care in his delib... ...hten to strengthen Moira's ...ow way down into the hell... ...of her waist, where small ...water-butts and dead ...ard fore and aft in a tor... ...ounding seas.

Not ...lowed us. There was not ...sail in sight aft of the ...ne, and it was as much as ...ife was worth to try to ...et of that point, for on the ...there was a wide breach ...bulwarks through which ...were poured, and opposite ...to the mizzenmast had ...Whoever crossed the ...ere must have been car... ...eboard, one way or the ...

...es were we had some ...ouder from the poop, but ...ifficiently hazardous in all ...I can see my great... ...in his black silk coat ...all adrip with the ...as he labored with the ...a man of half his age, ...ed to perceive the strat... ...of the tangle, always ...nds into the tricky web ...where a misstep meant ...

...Peter rescued him from ...ish, and once the Dutch... ...me when a mountain... ...ashed down upon is over ...bulwarks and was like ...unted me off in its pass... ...It was Peter whose brute ...and cool-headedness ...post of my great-uncle's ...of oil and hewed and ...the mizzenmast from its ...Aye, and none too ...those we clambered back ...Moira met us with ...in terror and point... ...what where a rocky head... ...through the gray rain. ...gave it one look and ...leaped for the wheel. The Easterling was bent over in the odd, huddled posture he had assumed from the moment the storm hit us, and he lolled sidewise as my great-uncle grasped his shoulder, his body all askew from the small of his back upward. He made no response and slipped lower in the coils of rope that bound him to his post; his gnarled fingers slid off the spokes; his feet went out from under him.

"His back is broken," shouted my great-uncle.

The James had begun to gather headway; but as the wheel was released from the dead helmsman's grip her head fell off and she dropped sluggishly into the trough of the seas which surged over the shattered waist, and one green hill of water burst squarely on the poop, hurling us to the deck. Peter recovered his footing, before either Murray or I, shoved the Easterling's body aside and gripped the wheel in his own hands. Slowly, the buoyancy all out of her, the Royal James swung around in response to the rudder's thrust and lumbered off before the wind.

The headland Moira had sighted faded into the mist; but my great-uncle shook his head sadly.

"We are making water," he shouted to me, "and the island is to leeward. We can scarce weather it, and if we do—"

A faint hail reached us from the fo'csle.

"Land—"

And a rent in the storm clouds showed a second and lower headland fair over our larboard bow.

Peter started to put the helm down to enable us to bear off as much as possible and have whatever chance there was of clearing it, but Murray caught his arm.

"No, no, Peter!" cried my great-uncle. "Head up! Head up! 'Tis the North Inlet! If we can pass in to sta'b'd of that spit we are safe."

"Ja," squeaked Peter, and his iron muscles forced the rudder over until it neutralized the drive of the wind and sea; and foot by foot the Royal James made her scything, passed the east spit with half a cable's length to spare and opened a narrow, bottle-shaped roadstead, with tree-clad shores that offered protection from any storm that blew.

The rain was still pelting down. The surf was foaming on the outer beaches; the wind whistled shrilly in the rigging. But to us that prospect was the fairest ever seen. Moira sank to her knees in prayer beside the dead pirate. My great-uncle stepped to the rail and bade the survivors of the crew get sufficient sail on the ship to give us steerage way. And I—I tried to shake Peter. He blinked at me solemnly.

"I t'ink Gott spoke out loudt to der tdefil today, Bob," he said. "Ja!"

Another less self-assured than Andrew Murray must have been dismayed by the series of misfortunes which had beset him. We were safe, but no more. The Royal James was taking in water so rapidly 'twas necessary to beach her on the mudflats at the south end of the inlet. She leaked like a sieve where the mizzenmast had thumped her side, and her upper works were in splinters. In the fight with the Walrus and the storm we had lost eighty-odd men, but more serious than this were the deaths of the two mates. Martin's body was found near the stump of the mizzen; he had been struck down by the mast he so distrusted. Nothing was ever seen of Saunders, and we could only suppose that he had been swept overboard.

The crew were apathetic and sullen, inclined to be mutinous and resentful of my great-uncle's authority. For the first time they had reason to question his omnipotence, and it required a full display of his ruthless temper to reduce them to subjection—an accomplishment to which he was aided considerably by Coupeau, and I am free to admit, by Peter and me, who could not afford to risk the brutal license which would certainly follow a successful revolt of the gundeck's polyglot hord. The former galley slave was a redoubtable ally with the nine-tailed cat, and a bruiser whose fists were as deadly sure as the long eighteens he handled so deftly.

The rain and wind ceased with the approach of darkness, and my great-uncle had five men mustered under the poop, many of them still bleeding from the punishment they had received. And of all his feats I deem that the most remarkable: To face, practically unaided, upward of 150 men, who had just been curbed in the act of mutiny, without even sufficient light to enable him to exploit the compelling gleam of his tawny eyes. He beat them down—and held them down—by sheer power of will and utter fearlessness.

"You stand upon the deck of a wrecked ship," he said bleakly. "Under hatches lies sufficient treasure to make every one of you comfortable for life, to buy you dissipation or place or fortune, whichever you prefer. One man can lead you to repair the ship and conduct you where the treasure will be of use to you.

"I am that man. Without me you are doomed to spend your days chasing the goats on those hills; and if there is any repetition of the disorder exhibited today I shall maroon all of you save a number required to handle the ship.

"Get to work. Before you rest I expect the maindeck to be cleared and stagings rigged overside for resheathing and caulking."

He drove them until midnight, then sent them reeling to their hammocks.

In the morning a systematic plan of occupation was arranged. By Coupeau's advice a handful of the more amenable of the crew—mostly negroes, Portuguese, Italians and Frenchmen of the south—were organized as an afterguard, and the remainder were divided into squads headed by men selected for skill at some special trade. One squad were to overhaul the sails and cut and sew from spare canvas a suit for the new mizzen, which a second squad were to hew on the slopes of Spyglass Mountain and transport to the ship. A third squad were to repair all exterior damage to the hull; a fourth were to recalk the started seams; a fifth were to attend to whatever internal repairs were necessary.

Coupeau was placed in charge of the work aboardship, and the rest of us carried Col. O'Donnell's body to the top of a small hill east of the head of the inlet. There, in the midst of a grove of pines, we laid him to rest. 'Twas a noble situation for a wanderer who had never reached his goal, with the clashing boughs and the distant thunder of the surf to sound a requiem until the end of time and a view over green meadows and dwarf woodlands to the white rim of the beach and the blue sea, shining in the sun.

Yesterday seemed years past. I blinked my eyes, looking from the peaceful garb of nature to Moira's slim body huddled in prayer beside the mound of raw earth amongst the pine needles. On the edge of the grove the men who had dug the grave were playing a gambling game with the pine-cones. Peter leaned on a musket, gravely compassionate. My great-uncle, his eyes puckered in thought, was staring out to sea. As I watched, he twitched my coat sleeve and drew me to one side.

"I shall leave you to amuse yourself as you choose for the remainder of the day," he said. "'Tis for you and Peter to safeguard the maid. I must ascertain, if possible, what hath become of Flint."

"And then?" I asked.

"Then?" His eyebrows arched in surprise. "Why, then, Robert, we shall continue as we have done hitherto."

"You must pursue this insane scheme?"

He was as patient with me as if I were a fractious child.

"'Tis no 'insane scheme,' but a coup of high politics of fascinating import, my boy. I own to disappointment it doth not appeal to you more readily. What? Shall we cry quits, simply because of shipwreck? And after every move hath turned as we plotted it should?"

I shook my head hopelessly, but decided to try again.

"Bethink you," I argued, "the long boat can speedily be made weather tight. In her we might reach—"

"Put it from your mind," he interrupted with a hint of iron in his voice. "You little know me, Robert, if you reckon me one to turn back from what I have begun—in especial, this matter which consummates the ambition of my life."

"But we—".

This time the iron was uppermost.

"Boy, you are essential to my plans."

COMPULSORY PLEASURE

[EXCLUSIVE DISPATCH]

VINE GROVE (Ky.) April 9.—Carl Berry, Hunter Veteto and Herman Atcher, youths, were held to answer to the grand jury on complaint of Mrs. Mary McCubbins, that they had forced her to take an automobile ride.

Guns Blaze in "Family Fuss" of Kentuckians

[EXCLUSIVE DISPATCH]

LOUISA (Ky.) April 9.—A "family fuss" took place in the mountains on Buffalo Horn Creek, when Frank Webb, it is said, shot his father, Jeff Webb, with a pistol. His brother, Buddy, thinking Frank had killed their father, is said to have seized his shotgun and shot Frank as the latter was running to cover. It is stated that Frank appeared at his father's house saying he was going to "clean the family up." Then he is reported to have shot his parent in the back, but did not inflict a mortal wound.

The shot which struck Frank hit him in the face and arm. Buddy was not injured.

PARIS VISIONS TURK AS ALLY

French Envoy and Kemal Lay Treaty Foundation

Both European and Asiatic Questions Are Involved

Moslems Seeking Advantage Over Great Britain

BY RAYMOND FREDERICK
[BY CABLE—EXCLUSIVE DISPATCH]
[Copyright, 1925, by the Chicago Tribune]

CONSTANTINOPLE, April 9.—An important treaty alliance between France and Turkey is being negotiated. The basis of the treaty was established last week by M. Franklin-Bouillon, the French envoy, and Mustapha Kemal Pasha, the Turkish President. Under it France assumes the monopolistic political, economic and financial role Germany played before the war. Particularly, Turkey guarantees the integrity of Syria and France gives Turkey greater control of the Bagdad Railway and establishes an autonomous regime in the districts of Alexandretta, Antioch and Aleppo.

But the alliance is of much wider scope, foreshadowing Franco-Turkish co-operation on European as well as Asiatic questions. One sign of the new relationship is that Mustapha Kemal Pasha is going to France in May or June to discuss co-operation between the two countries. Another is that the French government is sending a big military mission to Turkey under General Mougin and Turkey is sending a similar mission to France.

The French authorities in Syria are now replacing the Armenians in the frontier gendarmerie with local Turks, who will gradually take over control of the three autonomous districts. The immediate objective of M. Franklin-Bouillon was to get a Turkish guaranty to respect Syria, because France is now spending $10,000,000 there annually for military purposes. France cannot have its hands free in Europe until it has reached an agreement with Turkey over Syria, and the French delay in establishing an autonomous regime in Northwest Syria is preventing the revival of French financial interest in Turkey.

After the Syrian question was satisfactorily settled, M. Franklin-Bouillon and Mustapha Kemal Pasha established a basis for an alliance, whereofthe background was development of Turkey by French capital. The French hope to have in Turkey an instrument not only to influence Russia, but particularlyan instrument against Great Britain because the Turks are in a position to send propagandists, secret military agents and arms to all the Moslem countries. The Turks welcome the alliance with France because they fear the Russians and Germans, and hate the English. Besides, the French seem eager to invest a large amount of capital in the country.

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudian esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cercana se halla aterritorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan se dan cuenta de este hecho nuestros habitantes, que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrarán español correcto y enteramente moderno.

NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, Abril 9. — Ha seguido la audencia sobre la fusión de Armour y Morris, ante el Ministro Jardine.

John Van A. McMurray, subsecretario de estado, ha sido nombrado ministro en Pequín.

El ex-diputado por Nueva York, señor Frederick C. Hicks, fue nombrado custodio de propiedades de extranjeros.

La comisión de Muscle Shoals se reunió y organizó, y anunció luego que iba celebrar extensas audiencias.

El Ministerio de Agricultura ha predicho que la producción de trigo de invierno será este año 16,000,000 de "bushels" de menos que la del año próximo pasado.

Ha hecho público el ministerio de estado el texto del memorial peruano relativo al laudo arbitral en la cuestión de Tacna y Arica, así como la respuesta del Presidente Coolidge.

Triunfo de Herriot en el Asunto del Préstamo Forzoso

PARIS, Abril 9. — Después de una tumultuosa sesión en la Cámara de Diputados, en la que el número saliente fue el vigoroso discurso del Primer Ministro Herriot sobre las condiciones de las finanzas francesas de la guerra acá, el cuerpo legislativo citado votó en favor del plan económico del estadista socialista, que propone se imponga al capital un empréstito forzoso de diez por ciento, garantizado por la nación. La votación fue de 321 a 243, lo que arroja una mayoría de cuarenta y nueve votos en favor del Primer Ministro.

Herriot tenía el propósito de hablar hoy también en el Senado, pero esta alta cámara, tras complicar más los asuntos del gobierno con un voto de censura al ministro de educación Albert Levanté la sesión temprano. Mañana, se presentará el Presidente del Consejo ante el Senado, donde apoyará su plan con argumentos, y pedirá sea votado.

La apertura de la sesión se caracterizó por el más instransigente espíritu de partido, cuando Herriot comenzó a defender la política fiscal del gobierno. La línea divisoria entre los dos grupos principales—el bloc nacionalista, clericales y nacionalistas, y el "cartel" de la izquierda, que comprende a los radicales socialistas, socialistas y comunistas—se destacaba con la mayor claridad a cada período del orador. De la izquierda brotaban nutridos aplausos cada vez que el señor Herriot ganaba un punto importante, contrarrestados por siseos de las derechas; y viceversa, éstas apiaudían y aquellas abucheaban cada vez que un interruptor se proponía cortar el discurso o le lanzaba correcciones al Primer Ministro.

Las galerías parecían las del teatro de la ópera en noche de gala, tal estaban de henchidas, con las mujeres en las primeras filas, ataviadas con trajes de tarde "dernier cri", escotados y sin mangas. Centelleaban de joyas sus cuerpos, y el aire estaba preñado del perfume que se habían prodigado las bellas.

Durante los frecuentes intervalos en que se suspendía la sesión para restablecer el orden, las líderes sociales y las favoritas de las tablas se dirigían a los pasillos fumando pitillos de boquilla dorada, en tanto que sus acompañantes varones llevaban el puro en la boca.

El Presidente del Consejo, señor Herriot, es el primer jefe de gobierno que, después de Clemenceau, ha logrado dominar la oposición y obligarla a que lo escuche. Su voz resonaba por encima del barullo y de las interrupciones, y a fuerza de reiterar sus frases, imponía la atención, y hacía ver la verdad de los hechos y de las cifras.

Los grupos de líderes de la oposición y los miembros de gabinetes pasados se revolvían inquietos en sus asientos y nerviosamente se ponían a charlar en voz alta con sus vecinos, cuando el señor Herriot, inclinándose hacia donde estaban, los señalaba con largo dedo acusador, les hacía el cargo de haber hecho crecer enormemente la deuda nacional con falsas promesas, asegurando al país que Alemania acabaría por pagar todo, y expidiendo serie sobre serie de bonos de la defensa nacional, hasta producir las tristes condiciones que privan hoy día.

"De la guerra acá", gritaba el señor Herriot, "los gobiernos han gastado 365,000,000,000 de francos. Este período le ha costado al país más que le costó la guerra, sin contar con las obligaciones exteriores que pesan sobre nosotros hasta el grado de privarnos de nuestra libertad política."

Esta afirmación provocó aullidos de protesta de parte del bloc de diputados partidarios de Poincaré.

La alta cámara francesa está contra Herriot y contra su plan. Por lo tanto, es seguro que el senado echará abajo el proyecto de ley.

Funesta Colisión en Barcelona

BARCELONA (España) Abril 9. En las Llanas, poblado de los suburbios de Barcelona ocurrió una colisión entre dos trenes eléctricos, debido a que no funcionaron los frenos de uno de ellos. Del accidente resultaron muertas veinte personas, y lesionadas 40.

La Matricida Irá a un Asilo de Alienados

SAN FRANCISCO, Abril 9.—Cualquiera que haya sido la condición mental de Dorothy Ellington cuando asesinó a su madre, la de hoy es la demencia.

Tal fue el veredicto pronunciado por once de los doce jurados a quienes se sometió la cuestión de decidir sobre el estado mental de la reo. Esta tarde fue presentado dicho dictamen en la sala del juez superior Louderback. En tal virtud, Dorothy pasará el resto de su vida en Napa, en el hospital del Estado.

Charlas Infantiles para Niños de Escuela

Número 12

En el segundo párrafo de la Charla II, debido a error de imprenta, resultó una frase truncada. La frase completa debe ser: ¡Ojalá recordara las lecciones de Aritmética tan bien como recuerdo las de historia! (Would that I could remember the lessons in Arithmetic as well as I do those in history!)

Ayer no me alcanzó el tiempo para decirte (Yesterday I had not enough time to tell you) que mi papá me leyó en un libro español (that my father read to me in a Spanish book) que Leif el Dichoso fue mandado por su padre, Erico el Rojo, (was stent by his father) a explorar las comarcas cuyas (whose) costas había visto el islandés (the Icelander had seen).

Se hizo a la mar (he put to sea) con treinta y cinco hombres (men). Se dirigieron al sur (they headed south) y descubrieron primero Terranova (and first discovered Newfoundland), esa isla muy grande que cierra (which closes) el golfo de San Lorenzo.

Después vieron los atrevidos navegantes (Later, the bold navigators saw) las costas de Nueva Escocia, y dieron (they gave) a esas tierras (lands) el nombre de Marilandia.

CAR DEALER HELD AFTER AUTO CRASH

Charles (King) Herod is Charged as Machine Hits Truck: Woman May Die

Charles (King) Herod, wealthy West Hollywood automobile dealer, was placed in the detention ward of the General Hospital last night after the automobile which he was driving smashed into a truck on the north grade of Cahuenga Pass, seriously injuring Mrs. June O'Leary, 25 years of age, a passenger in his car. It is declared by police that Herod was intoxicated at the time and in charge of driving a car while under the influence of liquor has been placed against him.

Two other young women were with Herod in his automobile at the time of the crash, according to Detective Lieutenants Vanaken and Clarke, who investigated. They stated the other two women fled from the scene.

Mrs. O'Leary, who lives at 666 Shatto Place, Hollywood, was riding with Herod in the front seat when he piloted his car into the rear of a truck driven by M. B. Mickle of Lankershim. The impact flung the young woman from the machine. She was hurried to the Receiving Hospital where police surgeons stated she was suffering from a possible skull fracture, internal injuries and severe cuts and that she may die.

Weeks Expects to Get Up From Sick Bed Today

[BY A. P. NIGHT WIRE]

WASHINGTON, April 9.—Secretary Weeks probably will be allowed to leave his bed tomorrow for the first time since he suffered a cerebral thrombosis on the 1st inst. Members of his family said today his condition was "splendid and most encouraging."

Eighth Wife of Kid M'Coy Must Pay Wage Claim

Failure of Dagmar Dahlgren, the eighth wife of Kid McCoy, to answer a notice yesterday in connection with a $69.42 wage claim filed against her resulted in an order being issued by the State Department of Labor giving her until the 21st inst. to pay the claim.

The complaint against Miss Dahlgren, who now is said to be using the name of Carmen Downing, was taken out by Irene Smith, a pianist. Miss Smith asserted that she played for Miss Dahlgren at the California Health Institute, 636 South Figueroa street, while the latter was instructing a dancing class but has not been paid for her services.

KENTUCKIANS TO MEET

The Blue Grass (Kentucky) Club will hold its monthly reunion tomorrow night in the Disabled Veterans' Hall at 246 South Hill street. Music, readings, dancing and sociability are on the program. Sycamore Grove Park all day Sat-A picnic reunion will be held in urday, the 18th inst., with basket dinners at noon. President Edward Lawless will be in charge of both occasions. Address 1964 La France, South Pasadena. County registers will be open all day at the picnic. All Kentuckians in the Southland are invited.

PROMOTER IS ENMESHED

David M. Young, an oil promoter, was arrested yesterday by Capt. Fox and Deputy Sheriffs Schulz and Luker on a warrant from Clovis, N. M., charging the issuance of fictitious checks. He is asserted to have passed the checks on the Santa Fe station agent there. Young is held in the County Jail awaiting extradition.

READS BETTER BUSINESS

[EXCLUSIVE DISPATCH]

TULSA (Okla.) April 9.—Gary Y. Vandever, president of the Vandever Dry Goods Company, has been elected president of the Better Business Bureau. Frank O. Larson, business manager of the Tulsa World, was elected vice-president, and Alfred J. Graves secretary-treasurer and manager.

BLOND CHORUS GIRLS SCARCE

London Producers Admit Shortage; Peroxide Sales Off

[BY CABLE AND ASSOCIATED PRESS]

LONDON, April 9.—Scarcity of blond chorus girls is divulged by London producers. The managers believe this is due to the bobbing and shingling vogue, which, in their opinion, has caused abandonment of the use of hair dyes.

A number of druggists have explained that the sale of peroxide has fallen off alarmingly.

Since the war many girls have gone in for office work and the managers contend that the tea shops also have lured many of their possible candidates for the chorus.

REALTY MEN GRADUATED FROM U.S.C.

Fifty-two Students Given Diplomas at Exercises Held Last Night

Fifty-two students, members of the real estate course given at the University of Southern California under the auspices of the California Real Estate Association and the Southwest Realty Board, were graduated last night at commencement exercises held in the university auditorium. Diplomas showing the satisfactory completion of the year's course were presented to the graduates by Rufus B. Von KleinSmid, president of the institution.

This is the largest class to be graduated in the State and the first from the university here. As explained by the committee in charge of the ceremonies last night the course was instituted by the real estate association, in co-operation with university authorities, to give realty men accurate information on legal questions and the ethics of the profession. The movement is State-wide and more than thirty-five cities maintain courses under the auspices of the local university.

The main addresses at last night's exercises were delivered by Harrison Lewis, chairman of the California Real Estate Association and Prof. Olson, director of the metropolitan college at the university. Both took real estate topics for their themes. D. Richard Ainsley, president of the realty association and Edwin T. Keiser, State Real Estate Commissioner, scheduled speakers on the program, were unable to be present at the exercises due to the business out of the city, it was said. Other addresses were delivered by H. E. Nightingale, president of the Southwest Realty Board, Rev. Birney S. Hudson, associate pastor of the Temple Baptist Church and H. E. Gleason and F. M. Shepard, two of the graduating students.

The educational committee of the realty board is composed of A. F. Schuler as chairman, secretary of the Southwest Realty Board, Leo A. White, treasurer and W. D. Cochrane.

COLLEGIAN DISCUSSES PEACE PLAN

Sees No Hope for Abolition of War in This Generation, Angelenos Told

War cannot be done away with during this generation, in the opinion of Charles Kingsley Webster, professor of International Politics, University of Wales, who last night addressed the Southern California Council on International Relations.

The professor expressed the opinion that nine out of ten persons in the United States were in favor of the World Court, but that he did not expect to see this country join in its affairs.

This attitude he deplored, saying that by refusing to confer with other nations, the United States was placing serious obstacles in the path of world peace.

Education of the next generation is the surest way to abolish conflict between nations, Prof. Webster believes.

"As I travel about Europe and this country, I often despair of the human race," he said. "Each individual seems so absorbed in his or her petty private affairs that it is impossible for them to take cognizance of larger matters affecting the whoide world. We must bring up the next generation with more imagination."

Park Buffalo Badly Burned by Cigarette

[EXCLUSIVE DISPATCH]

SAN FRANCISCO, April 9.—Believed to have been set afire by a cigarette, carelessly thrown into the paddock, a buffalo, one of the herd in Golden Gate Park, was badly burned today and was only saved from death by the quick action of a squad of park police. A passer-by saw the buffalo in a mass of flames, charge madly across the paddock, closely followed by the rest of the herd. They were all bellowing and a stampede through the flimsy inclosure seemed imminent.

While the maddened animal wallowed on the ground and charged about the inclosure, persons notified a chemical company and a police station. Firemen and police together succeeded in cornering the buffalo and turned on a stream from a chemical extinguisher. Though badly burned from his wooly neck to the brush on his tail, the buffalo will live, according to veterinarians who took him in charge.

FOUNDERS' IDEAL COMES TO PASS

Plan of Washington, Webster, Jackson, is Ordered

Great Memorial Bridge to Span Potomac

Structure to be Worthy Unit of Beautiful Vista

BY FREDERIC J. HASKIN
[EXCLUSIVE DISPATCH]

WASHINGTON, April 9.—More than three-quarters of a century ago President Andrew Jackson dreamed of the day when the Potomac River, the stream that is to Washington what the Tiber was to Rome, would be spanned by a noble bridge which would stand through the centuries as a magnificent symbol of the grandeur of the republic.

In a Fourth of July address in 1851, Daniel Webster projected a similar dream. He saw rising on the axis of the Capitol, across the Potomac, a structure of "ever-enduring granite, symbolical of the firmly established Union of the North and South."

Now the dream of Jackson and Webster is to come true. In the Arlington Memorial Bridge, on which work was begun March 3, the day after the Sixty-eighth Congress expired, Washington is to have another great national monument which for patriotic appeal and architectural splendor will vie with the Washington Monument and the Lincoln Memorial.

PART OF SCHEME

The bridge itself is to be only a part of an improvement scheme which includes the environs of the Lincoln Memorial and Arlington Cemetery. As a whole it constitutes one of the most gigantic undertakings of this kind ever authorized by Congress. President Coolidge, Vice-President Dawes and Nicholas Longworth, Speaker of the next House, are members of the commission which recommended the project and which is to supervise construction.

The bridge will span the Potomac over a direct line from the Lincoln Memorial to the Lee mansion in Arlington. According to present estimates of the designing engineers it will cost the government $14,750,000 to complete it and the work will take ten years. When it is finished Washington will have a great entrance which will be comparable to what Rome had in the Appian Way, over which the emperors used to march in triumph.

So quietly were the plans for the bridge worked out and presented to Congress for action at the last session that the public at large did not realize that more was contemplated than simply a large bridge across the Potomac and its immediate approaches. As a matter of fact, the undertaking has several features which taken together will make it the greatest single memorial project launched by any nation in recent times.

NATIONAL MEMORIAL

It supplements and completes the Lincoln Memorial in finishing the landscape in its vicinity and it carries the Mall treatment of the capital as conceived by George Washington and Maj. L'Enfant across the Potomac to Arlington and up to the very portico of the Lee mansion. Thus it creates one huge national monument, combining the Lincoln Memorial, the bridge itself and the National Cemetery.

Provision is made in the estimates for the widening of streets leading to the Lincoln Memorial and to a magnificent plaza from which the bridge will debouch. There is a compelling patriotic motive in the conception of a broad boulevard leading from the Capitol by way of the Lincoln Memorial and on across a dignified bridge as a route for the nation's fallen heroes to their resting place on the slopes of Arlington in the shadow of the Virginia hills.

There is a third great motive in the complete plan and that is the construction of a magnificent entrance into the national capital from Virginia for the Lee Highway, which spans the Continent from Los Angeles to Washington. This highway now crosses the Potomac by the Francis Scott Key bridge, further up the stream, a circuitous, much congested and much less beautiful route than the proposed one across the Memorial Bridge.

SYMBOL OF UNITY

Finally and perhaps more important than any of the others, the bridge between "Lincoln and Lee" will constitute a lasting symbol of the binding together of North and South in one indivisible Union.

As the traveler approaches Washington over the brow of Arlington Heights in Fort Meyer, there will burst on his view a panorama that has few equals in the world and one which cannot fail to provoke inspiration, loyalty and devotion to country, as Jackson and Webster hoped when they dreamed their dreams.

The bridge will consist of nine spans, a draw span in the center, flanked on each side by four masonry spans. It will have a total length of 2138 feet between the terminal pylons or towers. Over all, the width will be ninety feet, which, after allowing for a fifteen foot sidewalk on each side, will give sixty feet of roadway. This will be wide enough to permit of six lanes of automobile traffic moving across the bridge simultaneously. There is no bridge in America and probably none in the world that will be able to compete in beauty or in capacity for traffic with the Memorial Bridge.

PROMOTER ARRESTED

Embezzlement Suspect is Brought Back from Bakersfield

P. E. Brownfield, until recently a promoter of real estate and other schemes in Los Angeles, was brought back from Bakersfield last night to answer to a warrant charging him with violation of labor laws, and, in addition, was booked at Central Station on suspicion of embezzlement.

Detectives have been searching for him for some time, it is said. The District Attorney's office is averred to be in possession of several checks asserted to have been issued by Brownfield on banks where no accounts were listed in his name.

Smiling Walls
FULLER WASHABLE WALL FINISH

THE walls of your home!—Silent sentinels of comfort and privacy! Let them be smiling walls that cheer and soothe—that contribute their full share to that indefinable something we call "home atmosphere."

Creation of harmonious wall effects has its practical side, too. And here Washable Wall Finish comes to your aid with its two-fold service—its artistic effects and its help in good home-keeping!

First, Washable Wall Finish is easily applied by unpracticed hands! Then, it yields those mellow tints and shades so long monopolized by Kalsomine. And, a damp cloth quickly removes soil from your walls, restoring their original freshness—impossible with other kinds of wall finishes.

This is because Washable Wall Finish is a high grade varnish paint. It forms a non-porous surface unaffected by liquids. Comes in many beautiful shades and colors, and is applicable on rough or smooth plaster.

Our free book on painting tells you more about wall finishing and other interior home painting and suggests color schemes. Illustrated in colors. Write for it—it's free. Also, ask your Dealer about FULLER Quality Paints and Varnishes, also for color cards and about painting questions. For all large jobs consult a master painter.

Colony Church in Bankruptcy as Lewis Fails

[BY A. P. NIGHT WIRE]

ATASCADERO, April 9.—The bankruptcy of E. G. Lewis, head of the Colony Community of Atascadero, has bankrupted the colony church also and the pastor and board of trustees have resigned to make way for a reorganization.

The church, in which twenty-five denominations were represented, is one of the chief features of the colony. It is hoped to persuade the note holders against the church to take colony lands in lieu of the liquidation called for on the face of their securities.

Coolidges Go to Vaudeville Show for First Time

[BY A. P. NIGHT WIRE]

WASHINGTON, April 9.—President and Mrs. Coolidge tonight attended the first vaudeville show they have seen in Washington since he became President.

With Senator Butler of Massachusetts, the President's friend and chairman of the Republican National Committee, as their guest, they occupied a flag-draped box in the theater where Woodrow Wilson found recreation as often as circumstances and his health permitted during and after his administration.

FEDERAL AGENT HITS DRY LAW VIOLATION

[EXCLUSIVE DISPATCH]

PHOENIX, April 9.—In an address at the law enforcement conference in Phoenix, United States Marshal Mauk declared that flagrant violation of the prohibition laws is rampant, that bootleggers are protected by the influential of the community, and that "it is impossible to make the poor and ignorant respect the law when the employers and the so-called better citizens openly disregard it." He said, "There are more violators of the law in society, untouched and untouchable by law, than there are in the prisons of the country. The trouble with prohibition is not with the law, but with the disrespect and disregard of it."

The old-time saloon keeper, he said, had a code of morals, while the bootlegger has none.

GOODYEAR HAS GOOD INCREASE

California Company Cuts Debt to Akron

Asset to Liability Ratio is Five to One

Total Net Sales Increase More Than Million

Completion of a highly satisfactory year through comfortable increases in net income and surplus was reported yesterday to the stockholders of the Goodyear Tire and Rubber Company of California by A. F. Osterloh, vice-president and general manager. The statement of operations for 1924 read at the annual meeting shows net income, after all charges, of $1,915,947, an increase of 9 per cent over 1923, and the equivalent to $23.96 on the outstanding preferred stock. This is comparable to earnings of $21.80 in 1923.

Remarkable recuperative powers from the difficulties of a few years ago are indicated in the statement of surplus. The company shows the sum of $2,124,405 at the end of 1924, which is a gain of 133 per cent over the amount shown at the beginning of the year. The progress of the company is suitably illustrated by the size of the surplus account at this time, compared with a deficit of $3,157,762 as of March, 1921.

LIABILITY REDUCED

Another cheerful note indicative of prosperity last year is the statement of the company's indebtedness to the parent company, Goodyear Tire and Rubber Company of Akron, O. This obligation, according to the annual report, was reduced from $5,343,854 on December 31, 1923, to $2,896,988 at the end of 1924.

The total net sales for the year were $15,668,065, compared to $14,444,090 for 1923, and $12,392,616 for 1922. Earnings before interest, deferred charges and Federal taxes were $2,392,448, against $2,421,983 in 1923. Included in these figures are profits derived from the sale of surplus lands of $346,060 and $951,022, respectively. Earnings from operations, excluding land profits, were $2,046,388 in 1924, compared to $1,470,960 in 1923.

Mr. Osterloh told the stockholders that at no time during the year did the company have any bank indebtedness. Cash and call loans at the end of the year totaled $3,066,501. The assets to current ratio of current liabilities was over 5 to 1.

"The physical volume of products made in and sold in 1924," the report states, "exceeded that of previous years to a considerably greater extent than is indicated by the increase in dollar sales, because selling prices of our products were notably lower last year than in 1923. This larger volume of business, many economies accomplished, and a generally better efficiency of the organization as a whole, may be pointed to as the outstanding causes for the improvement of our operating earnings, notwithstanding price reductions."

The profit and loss account for the year follows:

Sales (net)	$15,668,064.67
Deduct—	
Cost of goods sold, selling, administrative and general expenses	13,663,519.92
	$2,004,544.75
Add—	
Miscellaneous income (net)	41,843.58
	$2,046,388.33
Add—	
Profit on sale of land	346,060.33
Profit before interest and Federal income taxes	$2,392,448.66
Deduct—	
Interest	$203,360.89
Federal income taxes	273,140.56
	476,501.44
Net profit after all charges	$1,915,947.22

BANK OPENS BRANCH IN GLASSELL PARK

Formal opening of the Glassell Park agency of the United States National Bank will take place Saturday, according to announcement made yesterday.

C. Hare Reed, assistant cashier, has been appointed manager of the new branch.

WATER FOR INDIANS

[EXCLUSIVE DISPATCH]

TUCSON (Ariz.) April 9.—This month there will be completed a new system of irrigation for the Papago Indians of the San Xavier Mission district. Since 1914, when the bed of the river was cut deeply by floods, the irrigation water of the district has been obtained by pumping. Government work now being finished starts with a section of the canal in drain tiles under the bed of the river. This brings gravity water to the Indian land.

VICE-PRESIDENT RESIGNS

F. B. Campbell, vice-president in charge of the municipal bond department, has resigned from Stephens & Co., it was announced yesterday. Mr. Campbell's plans, or the successor to his office, are not known.

MARKETS CLOSED

In observance of Good Friday, the principal security and commodity markets of the country will be closed today. Business will be resumed tomorrow for a half-day on the New York Stock Exchange, Chicago Board of Trade, Los Angeles Stock Exchange, and most of the other markets. The New York Cotton Exchange and the New York Sugar and Coffee exchanges will be closed until Monday.

STOCK MARKET ACTS TIRED

Tendency Displayed to Ignore News of Any Kind; Motor Shares Groomed for Rise

BY EARLE E. CROWE.

Events in the financial world have happened with bewildering rapidity in the last ten days. Most of the news has been of such a character that the speculators have not had the time to properly analyze and digest the information for its possible effect marketwise. Because of this hesitancy to act, the market has been allowed to drag along without perceptible change.

Today the speculative markets will pause in observance of Good Friday. The intermission will afford the traders in the stock market an opportunity to study the monthly unfilled tonnage statement of the United States Steel Corporation, scheduled for release today. The forecasts of this report have taken on a bearish hue, and have contributed to the uncertainty of the speculators. Whether or not the market has fully discounted the anticipated decrease in orders is a debatable point, although Judge Gary, in a statement made the other day, said that the decline in Steel common was in reflection of smaller orders in March.

FOREIGN CLOUDS LOOM

The steel situation, however, is only one of the many factors in the speculative arena. In the past few days the bitter political struggle over French government finances has impelled a feeling of uneasiness on this side of the Atlantic. Ordinarily the stock market is quick to act in sympathy with bearish news of this kind, but in the present instance, the effect has been hardly noticeable. Possibly the reason for the absence of visible reaction to the French situation is that the stock market already is well liquidated. Additional bearish news only serves to restrain the buying impulses of traders.

Of the same character is the trend followed by German politics. The possibility of opposition to the Dawes commitments is suggested in the record of some of the parties and candidates in the present contest, and the speculators are fully alive to the danger to world business of such a manifestation. However, the foreign situation at its worst only has a temporary effect on stock-market prices, for domestic business inevitably is the dominating yardstick of values.

MOTORS PERFORM

Quite a bid is being made for participation in the motor shares. The Dodge Brothers' sale to Dillon, Read & Co., and the successful offering of the preference stock yesterday to the public, whetted the speculative appetite to the point where other shares in the motor group look attractive.

However, there evidently has been no hurry to wade into the motor shares, and some of the professionals, who expected these stocks to head a new upward movement so far are disappointed. Nevertheless, another attractive morsel was announced yesterday in the proposed creation of the Chrysler Corporation to acquire the properties of the Maxwell Motor Corporation. The plan involves an exchange of stock in which present Class "A" holders will lose the profit-sharing feature of existing shares for new stock paying cumulative dividends and carrying a bonus of common stock. How the market will react to this proposal is difficult to surmise, but if the Dodge transaction is any criterion, the response will be negligible.

The impending holiday also has over anything.

Favorable earnings reports have come from Packard, Hudson, Studebaker and others in the last few days, Studebaker yesterday showing about $1.75 a share for the first quarter, against $1.80 in 1924. To these bullish proclamations, the market has remained persistently apathetic.

OTHER GROUPS QUIET

Most of the bullish fireworks has been in the motor group, and apparently the explosions have been too faint to start the upward movement. A few tentative demonstrations have taken place in the oil list, but since the relative disappointment of the Pan American deal, the oil list has been quiet. California Petroleum, Pacific Oil and General Petroleum are still linked together in merger stories with the proposed new new Pan American Western company.

If the unfortunate St. Paul episode had not obtruded itself on the situation, the rails might have headed the movement the professionals are trying so hard to promote. With the exception of one or two of the transcontinentals, earnings generally are favorable, while carloadings are especially bullish. It was reported yesterday that for the first quarter of the year the railroads loaded 11,765,235 cars of freight, the greatest volume of traffic carried in the first quarter of any year. Probably as similar reports of this kind appear, the St. Paul affair will become insignificant and the investment value of the rail group as a whole given more attention.

In the negative action of the market lately is, perhaps, a hint of the true state of the speculative minds. The enthusiasm engendered by the November election has spent itself and recent bearish occurrences have not threatened enough danger to induce a complete reversal of attitude. The market is tired out, and plainly is in no mood to become excited

REPORT MADE BY UNION OIL

First Quarter Earnings Show Drop

Current Assets Increased by Four Million

Net Income is Equivalent to 67 Cents a Share

First quarter operations of the Union Oil Company of California show net earnings a share of 67 cents, according to a statement submitted yesterday to the stockholders.

Net profits for the three months, after deduction of operating expenses and depreciation, are given as $2,550,000. Last year they were $3,100,000. The profit earned during the first three months of 1924 was $3 1-2 cents a share.

The Union Oil statement signed by W. L. Stewart, president, and R. D. Matthews, comptroller, is the first quarterly report issued this year by the western petroleum industry. It shows a decrease from the net profits of last year of 14 per cent. The statement follows:

LABOR COSTS HIGHER

"It will be observed that the decrease in net profits for the three months is occasioned principally by a greater write off for labor and incidental cost of new drilling for the first quarter of this year as compared with the same period last year. The substantial appreciation of inventory values resulting from advances in prices, as referred to below, has not been incorporated in the profits stated above.

"Production of crude oil by the company and controlled companies for the three months approximates 2,900,000 barrels, a decrease from the same period of last year of 350,000 barrels. Production at the present time averages about 45,000 barrels per day. We are drilling a number of wells in the Rosecrans district and expect an increased production therefrom during the balance of this year. Several wells are being drilled on the Fort Collins and Wellington structures in the State of Colorado and during the quarter the Ver Straten well was brought in which is now producing about 900 barrels of 38-gravity crude oil per day. The Whitaker well has been drilled deeper into the sand and at present is producing about 600 barrels per day. We now consider that approximately 3000 acres in these two structures represent proven territory.

"On February 4, last, the price of crude oil at the well in the State of California up to 19.9 gravity, was advanced 25 cents per barrel to $1.25, with varying increases in the refining grades of crude up to 53 cents per barrel and a maximum price of $2.40 per barrel of 42-gravity crude oil at the well.

SALES LARGER

"Sales for the three months approximate $17,300,000, an increase in value of $1,500,000. On February 4, last, the price of gasoline and engine distillate was advanced 2 cents per gallon throughout the Pacific Coast States. The price of fuel oil was advanced 25 cents per barrel.

"Capital expenditures approximate $2,900,000, consisting principally of the cost of drilling new wells and additions to marketing station facilities.

"Current assets, (after giving effect to the new financing and retirement of $5,000,000 series "B" gold bonds,) consisting of cash, United States government bonds and Treasury certificates, accounts and bills receivable, oil inventories and materials and supplies at March 31, 1925, amount to $52,000,000, an increase of about $4,000,000 over December 31, 1924. Current assets are about 6 1-2 to 1 of current liabilities. The quantity of crude oil, fuel oil, unfinished oils and refined products in storage approximates 24,000,000 barrels valued at about $1.13 per barrel as compared with 23,470,000 barrels valued at $1.12 per barrel at December 31, 1924. Cash resources approximate $12,200,000."

Profits earned from all operations, less general expenses, taxes, (including income tax,) interest charges, employees' share of profits and provident fund were approximately as follows:

	1925	1924
Profit subject to depreciation, etc.	$5,550,000	$5,600,000
Provision for:		
Depreciation & depletion	1,750,000	1,650,000
Labor and incidental cost of new drilling	1,250,000	850,000
Net profit for the three months	$2,550,000	$3,100,000

COTTON FUTURES GAIN AT CLOSE

[EXCLUSIVE DISPATCH]

NEW YORK, April 9.—Spot cotton, 24.40, down 2 points net.

Cotton futures moved narrowly in pre-holiday trading and ended at slight advances of 2 to 3 points net. Rewing-up furnished the principal business, though spot interests were good buyers. While early news was unimportant, trade reports were unfavorable, though a change for the better in this respect is anticipated after Easter.

STEEL USERS WORKING ON SHORT SIDE

Market Tends to Lower Gently But Future Not Discounted

[EXCLUSIVE DISPATCH]

CLEVELAND, April 9. — Short ordering apparently is becoming firmly established as common practice among steel users under prevailing conditions, and the passing week failed to reveal any underlying change of importance, says Iron Trade Review. Steel producers still must rely on incoming current tonnage to keep them going. Buyers see no incentive to discount the future, yet fresh tonnage is sufficient to hold production on a high plane.

While the tendency of the market and of operations is lowered, this is by such gentle process that it may scarcely be accepted as a sign of fundamental reaction. Though reported as a reduction in some publications, March output of pig iron, as stated in last week's Iron Trade Review, showed a gain and reached the highest point since April, 1923.

Production in March was at the annual rate of 42,200,000 tons, compared with an annual rate of 41,800,000 tons in February. The daily average output in March was 115,207 tons as against 114,788 tons in February. The longer month gave March a total output of 3,571,422 tons, compared with 3,214,067 tons in February. At the end of March, 246 blast furnaces were active, a loss of ten from the end of February.

Reduced Lake Superior iron ore prices for all grades came as a general surprise. The average reduction for all grades as 52c per ton. Presales to date have not been heavy. The placing of 2400 freight cars by the Southern Pacific Railroad is the largest order of its kind this year. The Pittsburgh Steamship Company is negotiating for two lake freighters, involving 10,000 tons of plates. Pig iron prices have discounted the cut in iron ore but the market continues weak. Active selling of foreign steel continues.

The Iron Trade Review composits of fourteen leading iron and steel products this week is $39.69, compared with $40.22 last week and $41.02 three months ago.

COTTON EXPORTS DOUBLE

[EXCLUSIVE DISPATCH]

HOUSTON (Tex.) April 9.—Approximately 2,000,000 bales of cotton will be shipped through the port of Houston during the season of 1924-25, according to present indications. The shipments for the season to April 1 amounted to 1,622,856 bales. During March exports direct from this port amounted to 139,084 bales. The total shipments in the season of 1923-24 amounted to 1,071,79- bales.

TEXTILE MILL EARNS NET OF $225,893

Goodyear's Subsidiary Nearly Equals Earnings of 1923

Net profits of the Goodyear Textile Mills Company, a subsidiary of the Goodyear Tire and Rubber Company of Akron, O., totaled $225,893 after all charges including Federal taxes, for the year of 1924, it was reported yesterday to stockholders at the annual meeting. This is the equivalent to $11.30 on the outstanding preferred stock, and compares with $11.86 for 1923.

Net profits for 1924 were approximately the same as in 1923, as the earnings and the stock indicate. The net in 1923 amounted to $226,696, against $225,893 in 1924. Profits before taxes in 1924 were $259,592, compared to $264,760 in 1923.

Surplus of the company, according to the statement submitted by A. F. Osterloh, vice-president and general manager, increased during the year to $139,284, after the payment of regular dividends on the preferred stock, amounting to $133,721.

In the year of 1923, Goodyear Textile Mills completely discharged its liability to the parent company, and is now out of debt. The liability was incurred for funds advanced for the payment of dividends on the preferred stock prior to the beginning of operations.

The mills of the company operated substantially at capacity during most of the year. The stockholders were told that the present demand for fabric indicates satisfactory operations in 1925.

NEW YORK BONDS

[BY A. P. NIGHT WIRE]

NEW YORK, April 9. — Bond trading lapsed into typical pre-holiday dullness today, with prices drifting aimlessly. Reactionary tendencies cropped out in several sections of the list but failed to disturb the general level of market values.

In view of the French political and financial crisis, obligations of the republic offered good resistance to selling pressure. The French 7 1-2s slumped to a new low price for the year and recessions of a point or so were recorded by other bonds in this group. The latest Bank of France statement, officially recognizing the large increase in note circulation which has recently taken place, was a contributing factor to the weakness of the bonds.

Price changes of domestic liens were confusing. In sympathy with the heaviness of the rail shares, many of the carrier issues eased off fractionally. These losses embraced Northern Pacific 4s and 6s, Illinois Central 5 1-2s, Pennsylvania general 4 1-2s and Chicago and Eastern Illinois 5s. Wilson & Co. 7 1-2s, which dropped 2 1-8 points, were one of the isolated weak spots in the industrial list. Oil bonds were firm.

An indication of the great investment power underlying the market was provided by a heavy oversubscription of the $55,000,000 Dodge Brothers' stock issue, which was offered today. The success of the undertaking encouraged bankers to speed up preparations for the sale of a $75,000,000 bond issue. Present prospects are that it will be placed on the market Saturday or Monday at a price slightly below par.

Following are yesterday's high, low and closing prices of bonds on the New York Stock Exchange and the total sales of each bond. These quotations are received over Associated Press wires, and to expedite transmission the closing is omitted when it is the same as the low, and both low and close are omitted when they are the same as the high.

NEW YORK CURB

[BY A. P. NIGHT WIRE]

NEW YORK, April 9.—Reactionary price movements characterized today's curb market. Chief interest in the oil group centered in Humble, which was hammered down more than two points to 58½ on profit taking following yesterday's sharp advance.

Lehigh power securities was again the outstanding feature of the public utility list, soaring 6 points to 104 and then easing to 103. Adirondack Power and Light moved up nearly two points to a new high at 52¾. American Light and Traction was heavy.

Radio and industrial shares moved within rather narrow and irregular limits. The Penny issues provided the only activity in the mining group. Hawthorne mines touched another new high at 32 on reports of the discovery of a new ore body. More than twenty mining issues have been stricken from the list for failure to comply with a new rule which prohibits trading in those issues unless their are non-assessable.

York Curb Market, furnished by Logan & Bryan, members of the New York Stock Exchange, 638 South Spring street:

BY HOWARD C. KEGLEY

The southeastern area of the Rosecrans field may yet develop into a profitable oil producing district if the recent discoveries of deeper sands fulfill their promise, according to geological opinion. It is definitely known that a deep sand of considerable extent exists at about 500 feet below the Maxwell sand at 4300 in this area, but so far none of the wells has reached the production point, and the exact value of the find will not be known for at least a week.

It is believed that the 4900-foot zone in the Maxwell area may prove to be the same identical zone as the 4900-foot sand at Athens, which is now being tapped by half a dozen good wells. Indications point to the probability that this deeper zone may underlie the entire field, which will mean several new wells in the Maxwell district.

In addition to this possibility, geologists point out that there is a chance that the zone found by the Amestoy at 6600 feet may be a still deeper sand, giving still greater opportunities for the entire Rosecrans field to prove profitable in spite of the more or less unfavorable showing made by the early wells.

At the present time the majority opinion among geologists gives the Rosecrans field three proven oil zones. In the Maxwell area at about 4200 feet about 400 feet of saturated sand yielding 43 degrees gravity oil is found. In the Athens district at about 4600 feet, another sand is producing larger quantities of oil of about 35 deg. gravity, the thickness of the zone being approximately 400 feet. The General Petroleum Corporation's Amestoy well is pumping from a zone found at 6600 feet, which is about 132 feet thick.

The extent of these various zones is still a matter more of conjecture than actual knowledge, but it is generally believed the deeper sands may extend under the entire field, while the Maxwell zone is confined to a "bulge" in the structure in the southeastern district.

Starts New Well

The Pan American Petroleum Company has set the surface casing in its Anderson No. 2, northwest of the Athens district, at 750 feet.

The Pan's second wel on the Anderson lease is located on the west line, offsetting the Bilhorn property of the Chansler-Canfield Midway Oil Company. The company has discontinued work on its first well in the southeast corner of the lease, offsetting the Shell company's Leonis well. Anderson No. 1 was drilled to 4397 feet, where work was halted because of defective casing. Because of lack of showings in this hole, and in the Shell's Leonis, which is down 5536 feet without indications, it was judged expedient to start a new well on the west side of the property.

Quits Bixby Well

The Shell Company has abandoned its Fred Bixby No. 1 well in the Seal Beach field after about a year's work without encouraging showings, according to official reports.

The Bixby well is one of the four wells drilled by the Shell in its effort to prove up the oil possibilities of the district. No oil was found in the Bixby, but the geological conditions, correlated with showings in the Shell's other wells are said to have demonstrated that the crest of the structure is located considerably to the east.

The Shell's Bryant lease, lying east of the Bixby, is believed by Shell officials to lie in the productive area. Bryant No. 1, the first well drilled in this district by the Shell, is making about fifty barrels a day, but with about 1500 barrels of water.

Gets Good Well

E. J. Miley yesterday completed his Athens No. 3, in the northwest end of the Rosecrans field, with an initial production estimated at about 1000 barrels, it is officially reported. The well was drilled to a depth of 5236 feet. The product is said to be clean.

Down 3500 Feet

The Shell Company's wildcat well on the Stubbs ranch at La Mirada is down nearly 3500 feet, without oil showings to date, according to field reports.

Correlation of cores in the Stubbs well and the Associated Oil Company's well on the McNally ranch indicate that the Shell well is considerably higher on the structure, with a consequent better chance to get oil, according to geologists. It is said that there is little question as to the existence of a structure in the La Mirada district, several wells having demonstrated this, but pessimism is expressed in some quarters, where the possibility is suggested that the structure may be due to an uplift occurring too late to trap the petroleum which may have migrated in a previous period.

Fuel-Oil Increase

Consumption of fuel oil by merchant vessels bunkering at United States ports during 1924 showed an increase of 16.2 per cent over the consumption for 1923, according to reports made public by the American Petroleum Institute. The figures show that merchant vessels during 1924 consumed 72,031,000 barrels of fuel oil as against 62,825,000 barrels during the previous year.

Consumption of fuel oil by the United States Navy during 1924 showed a still greater increase of 21.2 per cent. Navy vessels used 6,300,000 barrels of fuel oil as against 5,200,000 barrels during 1923.

COTTON TEXTILE MEN MEET

[BY A. P. NIGHT WIRE]

NEW ORLEANS, April 10.—Asserting that there is little doubt that the trend is in the direction of improvement in business conditions in general, A. W. McLellan, president of the American Cotton Manufacturers' Association, in his annual address prepared for delivery here today, urged members to work in harmony for the success and perfecting of the cotton industry.

The work of the National Industrial Conference Board was commended by President McLellan, and congratulations extended to the country "on having escaped, or practically so at the present time, one rock in particular, that of the recently proposed constitutional amendment."

President McLellan's address follows, in part:

"In so far as the textile industry is concerned, we have certain problems to handle which today are clamoring for attention. Chief among these is the question of foreign competition in our home market, and the effects of excessive importations of European cotton goods on our American textile industry.

"With the improvement in marketing operations and the increasing number of uses to which cotton can be put, there is no reason why cotton should not always command a fair price. There are, however, problems to which earnest attention must be given, which are offered in the common cause. Country damage must be further curtailed and a better grade and staple must be grown. Also, a more stable distribution must be assured.

"Manufacturing operations have been seriously jeopardized in the past by violent fluctuations in the market, due to causes too numerous to mention here, but the fundamental factor has been uncertainty as to the size and quality of the crop. The raising of cotton should afford an adequate return to those engaged in it.

"The message I would leave with you this morning is the absolute interdependence of cotton production and cotton manufacturing, and the vital importance of co-operation in all problems directly affecting our common welfare, whether such problems appear to affect only the grower or the manufacturer, that the whole cotton industry may prosper and develop."

WHEAT CROP SHORTAGE IS FORECAST

Winter Harvest Likely to be 116,000,000 Bushels Below Last Year

[BY A. P. NIGHT WIRE]

WASHINGTON, April 9.—A winter wheat crop about 116,000,000 bushels smaller than that produced last year, is indicated for this year by the condition of the crop on the 1st inst. The Department of Agriculture forecast the crop at 474,255,000 bushels in its April report, today.

Last year's harvest was 590,637,000 bushels and the condition on April 1 was 83.09 per cent of normal, while the average production in the last five years was 591,257,000 bushels, and the average April 1 condition for the last ten years was 81.2 per cent. The production forecast was based upon the assumption of average abandonment of acreage and average influences on the crop to harvest time.

There was a decrease in the crop's condition between December 1, last, and the 1st inst., of 12.3 points, compared with an average decline of 4.4 points between those dates in the last ten years.

A forecast of 61,652,000 bushels of rye was announced, based on the condition of the crop the 1st inst., which was 84.0 per cent of normal. Last year's crop was 63,446,000 bushels and the April 1 condition 83.5 per cent of a normal, while the average production for the last five years was 70,410,000 bushels and the average April 1 condition 87.1 per cent for the last ten years.

The condition of winter wheat the 1st inst., in important producing States was: Illinois, 87; Nebraska, 66; Kansas, 63; Texas, 47; Montana, 57; Colorado, 87; Washington, 28; Oregon, 55.

Wheat Prices Slant Up When Shorts Cover

[EXCLUSIVE DISPATCH]

CHICAGO, April 9. — Grain markets were weaker and sharply lower at the start, with wheat off as much as 2½c, due to a decline of 1¾d in Liverpool and further rains over the Southwest. The selling movement quickly ran its course, however, and later short covering and evening-up for the government report on wheat and rye, due after the close, and the world-wide holiday tomorrow, lifted prices to well above the previous finish.

The close was 1⅞c higher to ¼c lower, the latter on September, which finished at 1.29¼@1.29. May wheat finished at 1.33⅝@1.33 and July at 1.28@1.28¼. Corn gained 1@2c, with May 1.06@1.06¼, July 1.09¼@1.09⅝ and September 1.09⅝@1.10. Oats closed unchanged to ⅛c lower and rye ¼@¾c lower.

Trade in wheat was largely of a local character. Many of the pit element went short expecting covered toward the last as the government report was expected to be bullish. The rains in the Southwest and West were beneficial for the new crop, and the May-July spread widened out to around 14½c. A few dry weather reports were received from North Dakota, but attracted little attention, and Minneapolis May went to around 9c under Chicago. Winnipeg, however, was strong and gained 1½c as compared with Chicago.

With the world's markets closed for Good Friday and a majority of the European exchanges closed Monday as well, there was little activity in the foreign demand for cash wheat and no sales of consequence were reported at the seaboard. Cash wheat in the West, however, is not pressing for sale and No. 2 red winter out of store was reported to have sold here at equal to 20c over May, the best basis on the crop. Lake navigation is expected to open in a few days, as a boat has already cleared through the straits. Duluth reported a better demand for cash wheat, and claimed that there was only about 5,500,000 bushels remaining unsold at that port.

Corn showed strength and closed within a fraction of the top, with rather persistent buying by a strong local house that took the bull side on the recent decline. The eastern cash demand, however, has fallen off and the spot basis was a shade easier, but this had little effect on futures. The early break was in sympathy with wheat. Rains in the Southwest will help to germinate newly planted grain. Field work is well along in many sections of the belt, with planting nearing completion in some counties in Southern Kansas.

Rains over the West and Central West will be decidedly beneficial for the newly sown oat crop. Bulk of the trade was in buying May and selling July by elevator interests, who were changing over hedges. Eastern demand was less active, with shipping sales of 110,000 bushels.

Rye was dull and easier, with a slow export demand.

Short covering more than offset commission-house selling of lard and the finish was unchanged to 5c lower. Ribs were 2¼@10c lower, with bellies unchanged to 5c lower. Cash trade was reported as slow.

RANGE OF FUTURES

Wheat—	Open.	High.	Low.	Close.
May	1.49⅝	1.53¼	1.49⅛	1.52⅝
July	1.34¼	1.38⅝	1.33¼	1.38
Sept.	1.28	1.29½	1.27¼	1.29¼
Corn—				
May	1.03⅝	1.06⅝	1.03⅝	1.06
July	1.07⅞	1.09⅝	1.06⅝	1.09¼
Sept.	1.09⅝	1.10⅝	1.07⅝	1.07⅝
Oats—				
May	.40⅝	.40⅝	.39⅝	.40⅝
July	.41⅜	.42⅝	.41⅛	.42⅜
Sept.	.42⅝	.43	.42¼	.42⅝

WINNIPEG

Wheat—	Open.	High.	Low.	Close.
May	1.50	1.55⅝	1.49⅝	1.55¼
July	1.48⅝	1.51⅝	1.47⅞	1.51¼

CASH PRICES

Wheat: No sales.

Corn: No. 6 mixed, 9c; No. 2 yellow, 1.09¼@1.10; No. 4 yellow, 97½@99; No. 5 yellow, 94@96; No. 5 white, 92½; sample grade, 87@89.

Oats: No. 2 white, 40@44; No. 4 white, 37½@43½; sample grade, 39.

NEW YORK GRAINS

[BY A. P. NIGHT WIRE]

NEW YORK, April 9.—Wheat: Spot, firm; No. 1 dark northern spring, c.i.f., New York, lake and rail, 1.36; No. 2 hard winter, f.o.b., lake and rail, and No. 2 mixed durum, do., 1.68; No. 1 Manitoba, do., in bond, 1.74½.

Corn: Spot, firm; No. 2 yellow, c.i.f., track, New York, all rail, 1.22½, and No. 3 mixed, do., 1.20½.

Oats: Spot, steady; No. 3 white, 81¼@82.

POOL LOST BY HOLDING ITS WHEAT

Canadian Concern Faces Serious Situation With Members Alienated

[EXCLUSIVE DISPATCH]

VANCOUVER (B. C.) April 9.—Bootlegging of wheat on the Canadian prairies has become almost as prevalent as bootlegging liquor. Canadian farmers who signed up with the wheat pool for a period of years were, in a number of instances, more farsighted than the officers of the pool. When the price of wheat went over the $2 mark and the farmer saw a profit of $1.25 to $1.30 a bushel on his investment he could not resist selling some of his supposed committed crop that the pool alone was to market. These sales were in many instances made to private parties.

Now that the price has dropped and the pool is said to be holding the bag with about 50,000,000 bushels in the elevators to its credit, the pool is unable to sue the farmers for breach of contract.

Canada is now commencing to realize that Australia and Argentina made as much, if not considerably more, out of this country holding back wheat for a $2 mark than the Dominion made. Unless the wheat pool can force the price back to $2 a serious situation is being faced on the Canadian prairies.

WOOL MOVES SLOWLY

[BY A. P. NIGHT WIRE]

BOSTON, April 9.—Although the wool market is very quiet, an occasional lot of wool is moving at a low figure. Prices almost without exception are nominal and irregular. Some very good combing fleece wool similar to Ohio and Pennsylvania of three-eighths and one-fourth blood grade has been offered at 53 cents in the grease.

TO TEACH FARMERS HOW TO GROW GRAIN

[EXCLUSIVE DISPATCH]

AMARILLO (Tex.) April 9.—The most pretentious campaign of education among grain growers in the Texas Panhandle and New Mexico that has been undertaken by any organization is that for which plans are being perfected jointly by the Texas Wheat Growers' Association and the Grain Sorghum Growers' Association of the Southwest. District meetings are to be held for teaching soil preparation and some new things in summer fallowing.

Judge L. Gough of Amarillo, president of the Texas Wheat Growers' Association, has arranged for a four days' educational course to be conducted, beginning April 20, at the State Teachers' College at Canyon. He is urging grain growers of the two States to attend.

BULL MARKET DRIFTS LOWER

Dodge Brothers Offering Oversubscribed

Rate Force Savage Arms to Year's Low.

Split Move Gives Boost to General Electric

BY A. P. NIGHT WIRE

NEW YORK, April 9. — Pressure of dullness characterized today's stock market, which drifted steadily lower on a resumption of forced selling by bear traders. Total sales, which barely exceeded 900,000 shares, were the smallest of any full session since Monday, owing to the absence of speculative interest consequent to the public offering of 850,000 shares of Dodge Brothers, Inc., preferred stock, which was heavily oversubscribed. The stock was admitted to trading, opening at 102, but a share above the subscription price, rising to 103½, and closing back to 100¾, closing slightly above the bottom.

Selling in the Maxwell Motor group provided about one-seventh of the day's entire business. The latter touched a new record high at 75¾ and then slipped back to 75½ on the day. The b stock was ½ lower at 62½, after selling as high as 63¾. Speculative interest in these issues was based on assertions of favorable developments at the meeting of the board of directors, held after the close of the market.

So-called pivotal industrials moved within narrow and irregular limits. United States Steel common lost ¼ lower at 114¼, in anticipation of a relatively poor tonnage report tomorrow. American Can and Studebaker also showed slight losses. Baldwin moved up ½ point.

Rail list on Savage Arms was the only stock down more than a point in 43¾, a new low record for the year, but it rallied later to 44.

Atchison and Northwestern preferred dropped 2 points to a new low level on a few sales. Most of the other active rails yielded fractionally.

The only bullish demonstration in General Electric sent that stock more than 5 points up, 270¾, but dropped back later to 268¾. Texas Corporation also jumped more than 3 points to 112, and then fell to 111¾.

Call money held steady at 4 per cent. Time money and commercial paper rates were unchanged. Foreign exchange rates turned reactionary in quiet trading. Demand sterling eased fractionally below 4.84 and French francs recorded new points lower, around 5.12 to the dollar. Other changes were largely nominal.

Market Averages

	Twenty Industrials	Twenty Railroads
	117.69	88.38
	117.41	88.35
	116.66	87.22
	116.19	104.68
	116.35	86.13

Sales—891,700 shares.

WHAT'S DOING TODAY

City Club luncheon-program, clubhouse, 833 South Spring, noon.

Starlite Woman's Relief Corps business meeting, Patriotic Hall, 1816 South Figueroa, 1 p.m. Post and Corps program in evening.

New Jersey State Society program and dance, Disabled Veterans Hall, 346 South Hill, evening.

Lecture on "Judea," Temple Emanu-El, Wilshire and Manhattan, 8 p.m. Rabbi Ernest R. Trattner, speaker.

Magnolia Club of Los Angeles meeting, Alexandria, noon. Edgar McKee will speak on "My Platform."

Texas State Society program and dance, Music Art Hall, 233 South Broadway, evening.

Southern California Alumni Association of University of Pennsylvania, dinner-meeting, University Club, 614 South Hope, 6:30 p.m.

Calednian Club, Women's Auxiliary meeting, Patriots' Hall, 945 South Olive, 2 p.m.

Acacia Chapter, No. 31, Order of Eastern Star, dance, Goldtree-Bosler Hall, Sixteenth and Flower, evening.

Southwest Museum exhibit, Southwest Museum, Macmillan Way and Avenue 46, afternoon.

Los Angeles Museum exhibit, Exposition Park, 10 a.m. to 4 p.m.

Free permanent California exhibit, scenic motion picture, State Exposition Building, Exposition Park, 10 a.m. to 5 p.m.

Baseball, Washington Park, afternoon: Portland vs. Los Angeles.

MOTION PICTURES:

Alhambra, Hill, between Seventh and Eighth—"Lady of the Night."

California, Eighth and Main—"Fighting the Flames."

Criterion, Grand at Seventh—"Quo Vadis."

Caruso, Broadway near Eighth—"Ridin' Pretty."

Forum, Fine and Norton—"The Mirage."

Grauman's Hollywood, 6708 Hollywood—"The Iron Horse."

Grauman's Metropolitan, Ninth and Hill—"The Goose Hangs High."

Grauman's Rialto, Eighth and Broadway—"Too Many Kisses."

Grauman's Million Dollar, Third and Broadway—"The Spanlard."

Lowe's State, Seventh and Broadway—"Confessions of a Queen."

Miller's Ninth and Main—"Old Shoes."

Tally's Broadway, Broadway, between Eighth and Ninth—"Re-Creation of Brian Kent."

STAGE:

Biltmore, Fifth and Olive—Greenwich Village Follies.

Egan Theater, Fine and Figueroa—"White Cargo."

Mason, 127 South Broadway—"No, No, Nanette."

Morosco Theater, 744 South Broadway—"Deliverance."

Majestic Theater, Ninth and Broadway—"The Alarm Clock."

Playhouse, 940 South Figueroa—"The Dark Angel."

VARIETIES:

Burbank, Sixth and Main — "Burbank Baby Doll."

Hillstreet, Eighth and Hill—Max Fisher and band.

Hippodrome, Main and Fourth — "Too Much Youth."

Orpheum, 850 South Broadway—Harry Webb and Company.

Pantages, Seventh and Hill—Vaudeville.

United States Marshal Busy Last Quarter

Disbursements by the United States marshal's office during the first quarter of 1925 were among the heaviest on record, totaling $74,714.27, at the annual rate of nearly $300,000, as compared to $48,586.41 for the same period in 1924, and $71,245.23 in the December quarter of last year.

Chief Deputy Marshal White yesterday cited the gain in the appropriation of $21,000 for transportation of prisoners in 1925, compared to $17,000 in 1924, as an example of the tremendous volume of business being cleared through the marshal's department.

Classified expenditures during the first quarter were as follows:

Salaries, fees and expenditures in the marshal's office, $21,260.09; fees to judges, $5717.70; fees to witnesses, $11,744.66; support of prisoners, $5997.95; pay of bailiffs, $1407.36; miscellaneous expenses, $6614.01; salaries and expenses of the district attorney, $4627.31; pay to regular assistant attorneys, $2208.87; salaries and expenses of clerks, $7211.32; salaries of circuit and retired judges, $7625; rent of courtrooms, $300.

Sailor's Wife Fails to Prove Cruelty Charge

Herman Boos, when he left San Pedro with the battleship squadron, expected to be a free man by the time he arrived in Honolulu, according to his wife, Virginia Boos, who appeared in Judge Summerfield's court yesterday seeking a divorce. He won't, though, because Judge Summerfield did not think her evidence proved her charges and continued the case.

"But he won't let that make any difference to him," Mrs. Boos exclaimed. "A wife doesn't cramp that boy's style in the least."

And that is why she wanted a divorce, she said. He had other sweethearts, one named Peggy, in particular, whose letters he would read to her, just to annoy her, she said. She charged cruelty, but whatever cruelty she may have suffered she was without a witness to prove it in court, and Judge Summerfield told her to go back home, think hard, and see if she could not recall some episode that had been seen by others.

Friend Robbed Her of Husband, Wife Declares

When Mrs. Edna Clower came from Savannah, Ga., to Los Angeles to visit her parents she left her friend, Mrs. Dorothy Harrin and the latter's husband, as company for her husband.

But Harrin was a traveling man, and when Mrs. Clower returned to Savannah she was met at the station by her husband, who shoved a ticket back to Los Angeles into her hand, and put her on a westbound train, she told Judge Gates yesterday at the trial of her suit for divorce from William T. Clower.

"It would be madness for me to deny that I love her," Clower told her, Mrs. Clower said.

"But I would go back to him this minute, only he won't let me," she declared in a broken voice.

Judge Gates gave her a decree.

CHURCH SERVICE TODAY

Beginning at 10 a.m., an all-day service will be conducted today at the Home of Truth, 1918 West Washington street. Among the speakers will be Harriet Hale Rix, Florence M. Johnson, Pauline Howard, Frances Gott, Emma H. Luke and Charles Pryal.

BABE SALE CASE RULING DUE MONDAY

Attorney for Mrs. Sims Says No Money Was Paid So There Was No Offense

The Mrs. Hazel Sims baby-selling case will be decided by Justice Baird next Monday, he announced yesterday after hearing concluding arguments by Attorney Sturzenacher for the defense and Dep. Dist.-Atty. Ey for the prosecution. Mrs. Sims is charged under an old statute with "assuming ownership of a person"—Evelyn Leona Williams, a baby of 2 months.

The baby was the child of a mother 14 years of age, and was taken for adoption by Mrs. Ella Williams of Hawthorne, after Mrs. Williams had given Mrs. Sims a note for $75. Mr. Ey in his argument called Mrs. Sims's part in the transaction a "nefarious business," and contended its social effect would be to increase illegitimacy by putting a money value on such children.

Mr. Sturzenacher declared Mrs. Sims was merely trying to aid a girl who had made an unfortunate mistake and thought she was doing a good act in providing the baby with a home.

He declared also that no offense had been committed because no money had been paid, and said it was Mrs. Sims's intention, when the note became due, to return to the baby's mother the amount that had been paid for her expenses in Mrs. Sims's home where the baby was born.

Justice Baird said the case is such a complication one he wanted time to go into it thoroughly.

Forest Rangers to Discuss New Protection Plan

Forest rangers of the Angeles National Forest will meet at Camp Baldy on the 13th, 14th and 15th inst., to discuss reorganized fire protection plans for the coming season. Changes in the boundaries of the Angeles forest make this necessary.

All of the forest east of the San Bernardino county line will in the future be included in the San Bernardino National Forest, with headquarters at San Bernardino, and nearly all the Santa Barbara National Forest in Los Angeles county will be added to the Angeles forest.

Complete data on the boundaries will not be available until early in the summer.

ROUGH RED RASH ON BABY'S CHEEK

Was Scaly and Itched. Healed by Cuticura.

"When my baby was about two months old she developed a small, red spot on her cheek. This gradually spread and was in the nature of a rough, scaly, red rash. It apparently itched for the baby scratched, and I was obliged to use elbow cuffs.

"I tried other remedies with only temporary relief. I began using Cuticura Soap and Ointment and they helped her. I continued the treatment and in two weeks she was completely healed." (Signed) Mrs. D. Young, 2524-34th Ave., Oakland, Calif., Aug. 30, 1924.

Use Cuticura Soap, Ointment and Talcum for daily toilet purposes.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold everywhere. Sample each free. Address: "Cuticura Laboratories, Dept. N, Malden, Mass." Cuticura Shaving Stick 25c.

THE WEATHER
[Official Report]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, April 9.—[Reported by H. B. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 30.02; at 5 p.m., 29.94. Thermometer (for the corresponding hours) showed 54 deg. and 65 deg. Relative humidity, 5 a.m., 97 per cent; 5 p.m., 61 per cent. Wind, 5 a.m., east, velocity 2 miles; 5 p.m., southwest, velocity 6 miles. Temperature, highest, 68 deg.; lowest 52 deg. Rainfall for season, 6.55 inches; normal to date, 14.73 inches; last season to date, 6.09 inches. Barometer reduced to sea level.

WEATHER CONDITIONS.—Light to moderate showers occurred yesterday in the Mississippi and Missouri valleys and in Kansas and Colorado. No precipitation was reported in other portions of the country. Moderate temperature prevailed over the whole country yesterday morning. In Southern California partly cloudy weather was experienced Wednesday, with temperatures about normal. It was cloudy or foggy yesterday morning at all stations from the sea to the mountains, but clear east of the mountains. Partly cloudy weather may be expected to continue in this vicinity today, with moderate temperature.

SUN, MOON AND TIDES.—Los Angeles, April 10: Sun rises 6:04 a.m., sets 6:28 p.m. Moon rises 6:16 p.m., sets 6:06 a.m. Los Angeles Harbor, April 10: High tides, 10:11 a.m. and 10:38 p.m.; low tides, 4:07 a.m. and 3:53 p.m.

LOCAL TEMPERATURES.—Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Calexico	80	51
Los Angeles Harbor	65	51
Mt. Wilson	59	43
Newport Harbor	63	50
Pasadena	70	49
Pomona	68	46
Porterville	75	43
Redlands	71	49
Riverside	71	52
San Bernardino	73	51
Santa Ana	69	49
Santa Barbara	65	54

LOCAL FORECAST

For Los Angeles and vicinity: Partly cloudy, with moderate temperature.

STATE FORECAST

SAN FRANCISCO, April 9.—Weather forecast: San Francisco and vicinity: Cloudy and unsettled; moderate temperature; light southwest winds.

Northern and Southern California: Fair, except cloudy near the coast; moderate temperature; light southwest winds.

Sacramento, Santa Clara and San Joaquin valleys: Fair; moderate temperature; light southwest winds.

ARIZONA FORECAST

PHOENIX (Ariz.) April 9.—Forecast for Arizona: Fair Friday and Saturday; little change in temperature.

COLORADO RIVER

YUMA, (Ariz.) April 9. — [Exclusive Dispatch from the U. S. Reclamation Service.] Gauge height Colorado River, 19 feet. Discharge, Thursday, 10,400 cubic feet.

DEATHS
With Funeral Announcements.

ABEL. April 7, at Tucson, Ariz., William Henry Abel.
Funeral services Saturday, April 11, at 10 a.m., from Pierce Brothers' chapel, 720 West Washington street.

ADAMS. On April 7, in Denver, Colo., Mrs. Etta H. Adams, aunt of Mrs. M. A. Thompson of this city.
Funeral services will be held Friday, April 10, at the Olinger Mortuary, Denver.

ANDERSON. At Monterey Park, April 8, 1925, Louise Anderson, aged 79 years, died at her home, 513 McPherrin avenue, Monterey Park. She leaves son, Herman Anderson, Clear Creek, Utah; daughters, Mary L. Anderson, Monterey Park; Augusta Kline, Highland Park; Rosa Bardsley, Monterey Park; Amanda Anderson, Chicago, Ill.; Anna Gritzmaker, Monterey Park; Lillian Huff, Inglewood, Cal.; Ella Anderson, Monterey Park.
Funeral services will be held from parlors of F. A. Utter & Son, Alhambra, Saturday, April 11, at 2 p.m. Interment, San Gabriel Cemetery. Rev. Edward Wright of Alhambra will officiate.

BECKLEY. In this city, April 9, Harry G. Beckley, beloved husband of Romona Beckley, brother of Anna McConnell Beckley.
Funeral Saturday, April 11, at 2 p.m., from Pierce Brothers' chapel, 720 West Washington street.

BECKMAN. Services for Ada Beckman, late of 4124 La Salle avenue, will be held Saturday at 10 a.m. from the Happe Mortuary, 4300 South Western avenue.

BUCHANAN. At 1922 West Seventeenth street, John W. Buchanan, aged 77 years, beloved husband of Mrs. Elizabeth B. Buchanan.
Funeral services Saturday, April 11, at 10 a.m., from the University Methodist Church, corner McClintock and Jefferson. Interment, Forest Lawn Cemetery. W. A. Rowen, funeral director.

BULLOCK. April 7, at Ontario, Cal., Mrs. Alice M. Bullock, loving wife of Clarence E. Bullock, daughter of M. J. McGauth, sister of Linnie M. Phillips and Hattie M. Chamberlain.
Funeral services Saturday afternoon at 3 o'clock from the Methodist Church at Norwalk, Cal.

CHICK. At her late home, 5429 West Boulevard, in this city, Willa Louise Ramon Chick, aged 39 years, beloved wife of Ralph O. Chick and mother of William Ramon and Ralph O. Chick, Jr.; daughter of Mr. and Mrs. William M. Ramon; sister of Mary Ramon Hoff.
Funeral today (Friday,) April 10, at 2 p.m., from the

SEMIFINALS TO SET NEW MARKS

Final Events Attendance Records to be Broken

Reservation Requests Show Interest in Contest

Work of Preparation Told by Oratory Group

Two hundreds of communications already received by Contest Editor Blanks asking for reservations at the semifinals in the National Oratorical Contest on the Constitution, to take place on the evening of the 17th inst., attendance at these meets promises to be greater than at any former school contest ever conducted in Southern California.

Requests come from persons in all walks of life and from every section of the southern part of the state from Fresno to San Diego, showing the wide interest aroused by the contest. Usually these are accompanied by an explanation of the writer's personal interest in the contest movement and commendations of the splendid work being accomplished.

One outstanding feature of the oratorical contest has been the attention aroused outside the schools. This is noticeable, of course, also in Los Angeles, but not to the extent manifested this year. Evidence of this interest is found in the fact that under the stimulus of competitive attending the contest, many civic, service and educational organizations have taken up the study of the Constitution as part of their activities, devoting a portion of the program at their meetings to lectures and discussions of the country's fundamental law.

CONTESTANTS BUSY

In the meantime, as the day for the semifinals draws near, the silver-tongues who will contend for place in The Times finals on that occasion are busying themselves every day diligently putting the finishing touches on their orations. A number of the members of Group 1 have photographs and brief sketches are presented today, and Prof. Blanks yesterday praised him of their efforts. Others are they working hard and long, but they are keeping up public speaking, civics and history teachers busy in assisting them perfect their addresses and improve their delivery.

The schools represented in Group C whose meet will take place at the Glendale High School the evening of the 17th inst., are those of Ventura county, whose entry is Frank Colston of Moorpark High; Long Beach, represented by Gregson Bautzer of Long Beach Polytechnic High; Venice-Wilmington district, represented by Tom Jones of Gardena; the Venice-Santa Monica district, represented by Melvin Clark of Venice High; the Inglewood-Huntington Park district, whose representative is Morris Panarsky of San Pedro High, and Glendale, championed by Elsie Forsythe of Glendale Union High.

BIBLE ORATORS

Many of the finest of southern orators are in the veins of Frank Colston, champion, who was born in Tennessee. Public speaking came natural to him, and in his high school course he developed his talents to where he was regarded as the best high school speaker in Ventura county and a great clever debater. It has been through this young man's ability that the high school during the last few years has won thirteen out of fifteen debates in which the institution has taken part. He has also played a distinguished part in athletics, being the holder of four letters in athletics and his brilliant record as a student has made him a general favorite not only at Moorpark, but throughout Ventura county, which takes pride in seeing this youth win national honors in the contest.

Miss Colston intends to study law and has completed his college education. In commenting on the contest she said: "To a girl who intends to enter the law the work involved in preparing for this contest is invaluable. Everything to his future career is given him a better understanding of the principles underlying our legal system than any course of study. It is also effective in stimulating patriotism in the community and filling the minds of the coming generation with love of America and a desire to keep those liberties which our ancestors fought in order to secure."

Only 16 years of age, Gregson Bautzer, the Long Beach contestant, is one of the youngest entered in the entire aggregation of thirty-six district champions who will take part in the semifinals. His ability is indicated by the fact that he won first place over hundreds of competitors at Long Beach, including one orator who competed in last year's contest and stood second only to

THREE BOND ISSUES ASKED

Aims May Ballot on School Tunnel, Library and Fire Department Projects in June

A meeting of the Council Civic Projects Committee will be called in a few days, it was learned yesterday, to discuss three bond issues which probably go on the ballot at the June election.

One issue is now balled, pending report from City Engineer Hanson of a report upon the condition of a number of public buildings. It is estimated that $2,000,000 will be needed to complete the tunnels.

The Library Board has completed a request for a bond issue of $1,000,000 to be expended in the purchase of sites and construction of new branches, twenty-five in number, which will inaugurate a city-wide free library system with the completion of the Central Library at Fifth street and Grand avenue.

Chief Scott of the fire department has requested that the Council submit a bond issue of $3,500,000 to the people for the extension of the fire department. Chief Scott desires additional equipment and apparatus.

Councilmen Baker, Criswell and Workman compose the Civic Projects Committee.

The only bond issue which the May ballot will carry in all probability will be the $700,000 bond issue to acquire the Beverly-Westwood site to be presented to the Regents of the University of California for the new Southern Branch location.

GRAVITY PLAN FOR COLORADO

Project Would Avoid Use of Pumping Plants

Engineer Submits Report to Geological Survey

Intake and Dam Different to Mulholland Idea

A gravity flow aqueduct from the Colorado River to Los Angeles can be built and operated, according to a report made by Eugene C. LaRue, chief of the western branch of the United States Geological Survey, to his superiors at Washington, for less money than the proposed Mulholland aqueduct. LaRue, who has spent a lifetime in studies of the Colorado and became a leading authority on the problems of its taming and development many years ago, made public here today, in part, the substance of his report, which is based on the latest of his many trips through the canyons of the Colorado.

Engineers all concede that a gravity aqueduct is a physical possibility, but the surveys and estimates made by Mulholland and his staff go to show that it can be constructed only at prohibitive cost and delay. Instead, the Mulholland plan calls for an intake at a point near Blythe, with an immediate lift to Shaver's Summit, where, at an elevation of slightly more than 1700 feet, the line would cross the divide between the Chuckawalla and Coachella valleys, and gravity flow to Los Angeles would begin.

MILLIONS SAVED

LaRue's contention is that, although his aqueduct would cost more, the interest on the added capital outlay would be so much less than the fixed operating charges of the pumping plant contemplated by Mulholland, that the net result would be equivalent to a saving of more than $10,000,000.

The intake point for LaRue's gravity line would be at Bridge Canyon, ten miles below the junction of Diamond Creek with the Colorado and about forty miles as the crow flies east of and upstream from Boulder Canyon.

To supply power for his pumping plant, Mulholland depends on a dam 600 feet high at Boulder Canyon, supplying storage capacity sufficient to generate 600,000 horsepower.

HIGH DAM PLAN

LaRue would build a dam 900 feet high at Bridge Canyon, supplying storage capacity sufficient to generate 1,000,000 horsepower, all of which would be available for agricultural, domestic and industrial use, none being needed for the aqueduct which he proposes.

From the Bridge Canyon Dam his line would stretch across Arizona for sixty miles to a point ten mile east of Topock, where he would cross the river by an inverted siphon. Thence his goal would be the same divide at Shaver's Summit reached by Mulholland's lift from Blythe. Between the summit and Los Angeles, the two routes would be identical.

The river at Bridge Canyon, LaRue asserts, is much clearer than at points farther down stream, and suitable building rock is at hand on the proposed site, but it would be necessary to build a spur railroad for the transport of other materials.

A complete detailed report of the gravity plan has been given to the government by LaRue, who suggests that it be investigated before final plans are adopted. The Pasadena engineer returned this week from Washington, where he conferred with Federal officials.

San Fernando Valley Drive to Start May 25

San Fernando Valley's campaign to raise $150,000 for advertising its residential and industrial possibilities and to finance the promotion of its major improvement projects will be launched May 25, it was announced by A. Z. Taft, president of the Greater San Fernando Valley Association.

I. H. Malin, manager of the San Fernando branch of the Bank of Italy, was named chairman of the campaign committee, which will consist of a working organization of 750 property owners of the valley. More than fourteen communities and cities of the valley have pledged support to the plans of the association, it was announced by Taft.

Among the major improvement problems being perfected and rushed to completion by the association are the sewer, flood control, rapid transit, park and highway projects. Both John R. Prince, Assistant City Engineer, and J. W. Reagan, county flood control engineer, have stated they recognize the association as the clearing-house for all valley development and improvement projects.

BALLET MASTER WILL ERECT NEW STUDIO

Preliminary plans are now being prepared for an exclusive dance studio to be built for Alexander Oumansky, ballet master. It is estimated that the cost will be about $35,000. Oumansky has interested, he states, the necessary amount of capital in his project and several sites are now under consideration. Oumansky has chosen Los Angeles as the place for his school, because he thinks it is fast becoming the real art center of America.

CITY PLANNERS INVITED

The Council yesterday adopted a resolution proposed by Councilman Allan to invite the International City and Regional Planning Conference to meet in Los Angeles in 1932, the year of the Olympic Games and the celebration of the city's 150th anniversary.

Sightless, Paralyzed, Yet Life Brings Her Joy

Lois Mason

LETTER PRIZE TO BLIND GIRL

Thirteen-year-old Miss, Confined to Her Bed by Paralysis, Dictates Winning Entry

Prison bounds that never will widen wall in the life of Lois Mason. She is totally blind. Her hearing is impaired. Chronic arthritis—first agonizing inflammation and then progressive stiffening of the joints—has immobilized her little body almost to the point of complete paralysis.

In the most rigid sense of the word, Lois is helpless. "Confined to bed" becomes a euphemism, applied to Lois. She cannot feed herself. She cannot sit up. She must be lifted and turned to ease such fatigue as comes only to those who never exercise.

Tortured, twisted hands will not permit her to read as those read who, being merely blind, are more fortunate, for it is beyond the power of Lois to substitute one sense for another and so auspire intelligence through educated finger tips from pages of embossed print. There is only one entrance to and one egress from the inner chamber where her unfettered mind moves at will—the spoken word.

RADIO ONLY SOLACE

Lois hears. Lois talks. Lois owns a radio set. By radio she keeps in touch with the world of today. It is rather an indifferent set, of small range. Her nurses and teachers at the General Hospital have difficulty in hearing, when they try to use it, but Lois, with impaired audition, says she does very well. "I'm more used to it," she explains, "than you are."

It was by radio that Lois first heard of The Times Friendship Contest of letter writing. She is 12 years of age and did not consider herself eligible to compete until—by radio again—there came a later announcement that a juvenile division had been created.

"I decided," she says, "to enter it. It would not hurt, I thought, to try."

The very thought of effort, by such as Lois, must stagger the senses. But Lois was right. It didn't hurt in the least. She won third prize, $25.

WILL BANK PRIZE

"And what are you going to do with it?" was the most natural question in the world to ask, looking at her yesterday.

"I'm going," said Lois, "to put it in the bank. Then, when I want to do something, I can do it."

"I would rather be Lois," says her nurse, "and enjoy her disposition and her powers in mind, than carry through life in a sound body the disposition of others that I know."

For Lois is one of those rare creatures who literally "haven't an enemy in the world." She is completely surrounded with love. In the children's ward, her particular playmate is a little Chinese boy, Hu, for one, delights to feed her.

Miss Marian Clapsadell, one of the nurses in training at the General Hospital, is among those so privileged. "It has been my good fortune," she says, "to minister to this little junior.

"The complete body cast in which Lois Mason has lain for three years has but recently been removed, but the chronic arthritis—only one of the things from which this child is suffering—has left a more permanent cast than plaster of paris could possibly have framed.

"Though Uncle John and the radio, Lois received the announcement of the Prize Letter Contest. A little fellow-patient, her devoted companion, took her dictation. Can you imagine her delight, when she heard of the result?

"Do you not think, while our minds are still occupied with this recent event of truthful advertising of California, that the attention of the general public should be attracted to the extraordinary effort of this child?

"If the charms of this great State can so impress the mind and heart of a child that, though crippled and favored with sight for only the first nine years of her life, she still retains the poignant beauty of our summerland to this 'prize' degree, is not this indeed just another 'feather in the cap' of California?"

Lois came to California four

(Continued on Page 2, Column 5)

HIGH COURT PAY CHECKS ARE HELD UP

State Supreme Justices Fail to Clear Calendar, so Money is Withheld

Salaries of the justices of the State Supreme Court have been held up for the past two months, it was disclosed yesterday, due to the fact that the court has not caught up with the cases before it.

It's a rule of the court under which the justices have their pay checks withheld as long as the cases submitted to them are not decided within ninety days. There are six cases hanging over, it was revealed, and consequently the justices have not received their pay checks for the months of February and March.

The prospects for the future are none too rosy, it was reported. While the court was holding its session in this city, closing last Wednesday, fifty new cases were submitted. A lightning calculator figured out that the Governor will have to be taken off the wheels of justice if the members of the State high court are to be paid in the next three months.

Justice, seemingly will not only be blind, but temporarily "broke," if these judges are like the rest of us mortals. However, it is going to work out very well. The court holds it next session in Los Angeles next June. In attempting to make arrangements for rooms at that sitting the court learned that all of the hotel accomodations have been promised the Shriners for their convention. Any possible embarrassment at being unable to pay for rooms can readily be covered up by blaming the Shriners for the necessity of tenting on the old camp grounds.

ERIE PICNIC PLANNED

Former residents of Erie, Pa., will have a picnic Saturday, the 18th inst., at Sycamore Grove. The program will start at 2 p.m. to be followed at 4 p.m. by lunch.

REGISTRATION AT NEW HIGH PEAK

Huge Increase of Municipal Voters Shown by Totals Just Compiled

Registration totals for the forthcoming municipal election on May 5 have set a new high record, according to figures compiled by Registrar of Voters Kerr. A total of 379,553 persons registered in the city and 47,260 registered in the school districts outside the city.

The figures represent a tremendous increase over the registration totals rolled up on May 1, 1923, when 265,910 persons in the city and 25,876 in the school districts registered.

The totals this year represent a still greater gain over those on May 3, 1921, when the city registration reached the figure of 240,955 and that in the school districts 18,833.

LOIS MASON'S LETTER

Los Angeles General Hospital,
Los Angeles, Cal.,
March 9, 1925.

Dear Grandma:

I am going to give you the opportunity of visiting California in this letter. Let's play that you are taking a trip with me. Come, let us get in this cozy car and take a ride to many of the beautiful and interesting places that may be sought only in Southern California.

First, we'll take a ride through the country. Do you have paved roads like these in the country back East? These are the many beautiful orange groves that have made Southern California famous. Do you notice the uniformity of the trees and how the branches bent low with the weight of the golden fruit; also the fragrance of the orange blossoms on the soft, balmy air?

Now we are entering the garden country. Oh, yes, grandma, we raise enough fresh vegetables for the wants of the people here as well as shipping large quantities to other parts of the country.

Would you like to see the beach and the great Pacific? Very well, it will be some time before we reach the beach, so I will try to tell you more about the wonderful resources of California. Some of the largest vineyards are found in the central part of California, also large quantities of grain. Lumbering is an important industry, as is mining.

Now we are gradually entering the hills. See all the magnificent homes. Are they not picturesque with the palm trees moving their stately arms in the gentle breezes? The beautiful rose bushes and other flowers are a natural background to all California homes.

Here is something that will interest you. Do you see those large derricks out there on the hills? They are the oil wells. Oil is also one of California's largest resources.

We are nearing the beach; do you smell the salt in the air? We will stop here on this cliff and watch the sun go down. Have you ever seen a more magnificent sight than the sun sinking into those silver waves? Did you ever see a sky more blue or clouds more rosy? Would you think that there were stores of food hidden away in those beautiful waves? Well, there are; one has only to fish for it.

I think you had better put your shawl around your shoulders as it will be quite cool before we reach home. The nights are wonderfully cool here. All ready? Shall we start?

Over to the left is a large airplane field, and farther on ahead and to the right is a beautiful golf course.

I do wish, grandma, that we could take you to see some of our national parks, and to see the immense redwoods. No words can describe them, they must be seen to be able to realize their grandeur.

These wonderful buildings to our left belong to the University of Southern California. California is very well to the head in schools, colleges, universities and other means of education. There are splendid museums, zoos, tropical gardens, art galleries and conservatories, where people can learn more in less time than they can reading volumes of books.

Well, here we are back at our starting place. Thank you, grandma. I am glad that you have enjoyed it so much. When you go back East you will think about our beautiful flowers, palms and sunshine. Then you will come back to spend the rest of your days in sunny California.

I remain your loving granddaughter,

LOIS MASON.

Age 13.
1100 Mission Road, Los Angeles, Cal.

STARVING MEN ON SHIP SAVED

Ten Stowaways Landed After Three Weeks in Brig

Emaciated Condition Laid to Bread and Water Diet

Official Accuses Skipper of Inhuman Treatment

After being three weeks on bread and water, ten Japanese stowaways, nearly naked, all emaciated and three so weak they could not walk, were landed yesterday at the United States immigration station from the Japanese tanker Tachibana Maru. Inspector C. B. Gatley accused the skipper of the tanker of cruel and inhuman treatment of the derelicts and declared his intention of reporting the matter to the Japanese Consul.

The men are presumed to have boarded the steamer at Yokahama from which port the Tachibana Maur sailed twenty-three days ago, according to the master of the vessel, Capt. K. Kurushima, and eight were discovered two days out. The other two were found eight days later, after having been four days without food or water.

CAPTAIN'S STATEMENT

Capt. Kurushima said he accorded the stowaways the treatment customary in Japanese merchant vessels—he locked them in the brig and gave them a bread-and-water diet, but Inspector Gatley declared after examining the men it was plainly evident that the rations were not sufficient to support life.

"These men are going back to Japan on the Tachibana Maru," he declared, "and I am going to see to it they are treated like human beings."

The leader of the stowaways, B. Fujitani, was formerly a fisherman at Los Angeles Harbor and speaks English well. He said he returned to Japan shortly before the earthquake, according to Inspector Gatley, and persuaded the nine others to stow away with him in an effort to get back. He declared the captain had taken away the men's clothing and shoes, leaving them nothing but their underwear, and had treated them with great brutality. All offered to work their passage, he said, but the captain refused.

HAD FULL CREW

According to Gatley, Capt. Kurushima retorted to this that he had a full crew and a none too plentiful supply of food for them and that the stowaways, he felt, were entitled to consideration only after he had taken care of the crew.

The stowaways were found in the forward starboard cofferdam, a remote part of the vessel evidently overlooked by the port authorities at Yokahama when they inspected the vessel. Capt. Kurushima declared the inspection before leaving port was a most thorough one and he could not understand how the stowaways escaped notice.

The Tachibana Maru is owned by the Asahi Kisen Kaisha and sailed in ballast to load oil at this port.

JUDGE ROSS SELECTS JUNE RETIRING DATE

United States Circuit Judge Erskine M. Ross yesterday wrote President Coolidge that he wished to be retired on June 1, next. The request was in response to the letter received by Judge Ross last Monday from President Coolidge in which the latter accepted the judge's resignation and asked him to set the date of retirement. Judge Ross chose June 1 as his calendar will have been cleared at that time.

BLEDSOE CITES REAL ISSUE

Efficient City Government or Four Years More of Indifference is Vital Question, He Says

In an aggressive, vigorous speech last night before the members of Northeast Improvement Association at Huntington Drive and Pueblo street, former Judge Bledsoe declared the real issue before the voters in the present Mayoralty campaign to be, "Shall Los Angeles have a decent, efficient city government or shall we have four years more of indifference to the public interest in the Mayor's office?"

The candidate declared that his candidacy implies no lifting of the lid in Los Angeles. Violations of the law, he said, will not be tolerated or winked at, but he made it clear that if he were elected Mayor law-abiding citizens need have no fear of "offensive interference from zealous or even overofficious enforcement agents."

BLEDSOE'S STATEMENT

Former Judge Bledsoe said:

"Despite insinuations to the contrary, my candidacy implies no 'lifting of the lid' in Los Angeles. Violations of the law, of whatever sort, will not be tolerated nor winked at.

"Police and peace officers will not only be encouraged to do their duty in the enforcement of law, they will be specially and positively required to do it. But in enforcing one law they will not be encouraged or allowed to violate another. In the guise of enforcing the prohibition law, for instance, they will not be allowed to violate the law against unreasonable search and seizure.

"The innocent citizen resents an offensive and unwarranted intrusion into his private abode or his personal effects even though it be by a zealous official determined to stamp out possible law violation. Those who are instrusted with the enforcement of obedience to law must themselves obey the law. If they do not their places should be filled. If they do, they should be accorded every possible encouragement.

"Therefore, with hotels no less than with homes, offensive, unwarranted and unreasonable search and interference with rights of privacy will not be knowingly tolerated. Those who do violate the law and in the furtherance of its honest and lawful enforcement do get caught at it, may expect nothing but the obligation of paying the penalty. Those who do not violate it, or who do not give ground for probable cause to believe that they are violating it, need have no fear of offensive interference from zealous or even overofficious enforcement agents."

CITY'S NEED

"Our city has need of a Mayor of the type and standing of Benjamin F. Bledsoe, who will clean up the situation and protect the interests of all citizens.

"He has just left the position

(Continued on Page 2, Column 4)

The Lancer

by Harry Carr

IT WILL be interesting to see what will happen to baseball if Babe Ruth has to drop out.

The Bambino changed the whole game. I don't know whether he made it better or worse; but he changed it.

STAR GAZING

Until the Babe began walloping out home runs, the interest of the game lay in the rivalry of the teams.

Now they go to the games chiefly to see Babe Ruth slam the ball. The teams don't matter so much.

In other words, Babe brought the movie-star system into baseball. In Shakespeare's day it may have been true "that the play's the thing;" but it isn't true now. The star's the thing now — both in movies and in baseball.

DOROTHY ELLINGSON

Every one of these maudlin, melodramatic murder trials — like Dorothy Ellingson's — weakens the power and influence and prestige of the courts by just that much.

In view of the fact that there aren't twelve experts in the whole world really competent to fix the narrow line between sanity and insanity, the wild guess of this jury of twelve laymen, who probably don't know what the words mean — becomes a sardonic and awful satire.

ROTTEN DUMPS

One guess is about as good as another, however.

When you come right down to cases, there is nothing much that can be done to a girl like Dorothy Ellingson. Only other horrors could be added to the horror she created.

There is something, however, that could be done to the rotten dumps where this mentally lame child learned debauchery.

TELEPHONE GABBLE

There is a kind of woman who declines haughtily to do business with private secretaries so she calls lawyers from their counsel rooms and authors from their writing.

And this is the important message that was too momentous to be filtered through a secretary:

"Hello: how are you? Are the children well? Is your wife well. Is your grandmother well? Is your uncle well? Is your aunt well? I read your last book, "The Romance of a Pickle." Oh, it was too sweet. Oh, you didn't write that one? Well, I am sure yours will be sweet too. Well, what I called up to say was that the cough medicine your wife wanted to know the name of is — well, now, I had the name right here, somewhere. Isn't that provoking? I think it was Doctor Toodles. Well, I have the name right here somewhere. I will call you up again in a minute. I am sure I had it right here some place."

What do women like this think a private secretary is for, anyhow?

IMITATING MAUDE ADAMS

The revival of J. M. Barrie's "The Little Minister" seems to have been a tragic flop.

Why do they try to bring back the perfume to dead flowers? No actress in her right mind would try to play a Maude Adams part.

Maude Adams may not have been an actress of surpassing greatness. But she had a unique personality . . . as individual as the Statue of Liberty, the Grand Canyon, or the taste of Spanish chili. No matter how well an actress plays the Barrie parts, the public will always blame her for not being like Maude Adams. And no one will ever be like Maude Adams. They may be better, but they will not be Maude Adams.

LAST CHANCE TO JOIN HEADQUARTERS UNIT

Enlistments will be accepted for the remainder of this month in Headquarters Company of the First Battalion and Company A, One Hundred and Sixtieth Infantry, "Los Angeles' own" of the California National Guard. This will be the last chance to join these units until after the training camp period in July. Recruiting offices have been opened at 343 South Hill street, and will be open from 11 a.m. to 9 p.m. daily. Twenty-four vacancies in these units are to be filled before the regiment goes on summer camp to a beach resort in Northern California in July.

MUSIC SCHOOL HOST FOR KHJ

Institute Headed by Dr. Kall Honors "Times" Studio

Simple Numbers Given With Consummate Skill

Ship Cafe Orchestra Offers Concert at Noon

BY CLAIRE MELLONINO

The truly great artist is he who is able to regard the disappointments and vicissitudes of his art dispassionately, retaining only the memory of its beauty. Much has been said relative to the importance of genuine schools of music as an influence in the community. The attempt has been made over and over again to give Los Angeles a school worthy of its constantly growing reputation among the music centers of the world. Last evening KHJ had as host an institution which is the culmination of all our hopes—the Institute of Musical Art, Dr. Alexis Kall, director, and Raymond O. Hand, assistant director and founder.

The faculty of the Institute of Musical Art gave us a two-hour program. The artists were Frederick Clint, violin; Violet E. Stallcup, pianist; Raymond G. Hand, pianist; Jeanette Falconer, soprano; Harold I. Farnese, pianist-composer; Maurice Amsterdam, 'cellist; Eleanor Turley, pianologues and Dr. Alexis Kall, speaker.

Much might be said of the individual talents and rare musical art which were exhibited last evening. The program was made up of selections simple in character but interpreted with the taste and professional equipment to be expected from such a faculty of teachers. Violet E. Stallcup, pianist, the young girl who won the Los Angeles Bowl Contest last summer, seems from her present splendid playing to be following in the footsteps of her great teacher, Dr. Alexis Kall.

We of KHJ were greatly impressed last evening with the unprecedented and unsolicited honor of a school like the Institute of Musical Art seeking our microphone as an impartial medium to carry its merits simultaneously to countless thousands of students and mothers and fathers. In matters of education or affairs of tremendous import to a community radio daily becomes the channel through which they reach our family. We wish the Institute of Musical Art the splendid future it so richly deserves. It is fortunate to have at its head one of the genuinely great minds of Russia, Dr. Alexis Kall. Not only does he bring to the school a spectacular personal career with particular emphasis on experience in governing a large conservatory, but he has become a true American who loves his new country and is bending every faculty toward the fulfillment of her marvelous musical destiny.

For their afternoon auditors the Pacific States Electric Company presented the ever popular Arion Trio, which provided an excellent program of the semiclassics, and Margaret Hodgson, reader, who made her bow to Radioland.

The noon hour was replete with syncopation and irresistible melodies furnished by Walter A. Lyon and his snappy Ship Cafe Orchestra. Mr. Lyon's talents are not confined, however, to directing his orchestra, for he exhibited his ability with a flute in two solos. The dance numbers were interspersed with vocal selections given by Lillian Whetmore, soprano, who was accompanied by Edyth Petesch.

After Prof. Walter Sylvester Hertzog delivered his lecture on American history, the stage was occupied by a bevy of youthful entertainers, including Dickie Brandon, orator and screen juvenile, "Sunny" Jane Hughes, a tiny but brilliant source of light, Rosalie Tuso, juvenile operatic singer, who was accompanied by her father, Maybelle Hunt, 7-year-old reader pupil of Mrs. Leland Moore; Louise Glenn, 8-year-old reader, and Lorin Norcross, 14-year-old violinist, who was accompanied by his mother, Mrs. Gertrude A. Long also delighted the lads and lassies with an Easter story.

At 7:45 p.m. Dr. Philip M. Lovell laid down another set of rules on "Care of the Body."

Our radio gardener, Fred C. McNabb, visited us last evening at 8:30 much to the surprise and delight of the working girls and tired home gardeners who otherwise can never listen to his expert and kindly advice. Perhaps if we can arrange it an occasional evening talk of the gardener may become a feature of the station.

Dear radio family you won't forget, will you — you whom we have tried to serve so faithfully—that Monday night is KHJ's third birthday. Uncle John will probably scold me for reminding you, for in his quiet modesty he rather shrinks from praise, but I hope that the telegraph and mail offices will be swamped with birthday greetings. Better still, a handclasp from as many of you as can reach the Times studio that evening.

MAN'S STORY WINS MERCY AND FRIENDS

Steals to Provide for Wife, Expectant Mother; Released, Given Job

A forlorn and utterly hopeless figure was Walter Pawling as he came before Justice Blake yesterday, charged with burglary of a store in Wilmington.

He was informed of his rights by the court but made only a gesture of hopeless resignation. Justice Blake asked him if he wished to plead guilty and waive a hearing and he replied that he might as well.

"I cannot let you do so without the advice of an attorney," the court said, and called Attorney Newton Kendall to consult with Pawling.

Then Pawling told his story. He lost his job, which was discouraging with a wife and 13-month-old baby to support and with another arrival expected soon in the family.

On top of that the landlord, he said, told him he would have to move out if he could not raise the rent. That meant the streets for the expectant mother. In desperation, Pawling decided to break into the store. He was caught and the law began to exact its toll.

Spectators and court attaches were moved deeply by the story and H. A. Hansley, a special agent of the telephone company, told Justice Blake that he would give Pawling a job if he were released.

Justice Blake told Pawling that he was deserving of leniency and although he held him for trial, he released him on his own recognizance and said he will recommend to Superior Court that he be granted mercy.

With a steady job and a chance to redeem himself Pawling left the courtroom in the company of his benefactor.

WIELDER OF LASH MUST FACE TRIAL

Victim Testifies Officer's Wife Whipped Him for Remark About Another

Mrs. George H. Day, wife of a police sergeant of the San Pedro division, was arraigned yesterday before Police Judge McConnell on a charge of unlawful use of force and violence as an aftermath of Wednesday's horsewhipping. She was held in $25 bail for trial the 16th inst.

Robert C. Phelps, shop foreman in an automobile repair shop, and victim of the horsewhipping, swore to the complaint against her. He had three witnesses, one of whom was Miss Jean McGillivray, secretary of the San Pedro Young Women's Christian Association, when he appeared before Deputy City Prosecutor Baldwin, who issued the complaint.

According to Phelps, Mrs. Day lashed him after accusing him of spreading scandal about her. He said he had remarked innocently that he had taken a Mrs. Day to a dance, referring to the wife of a sailor on the battle fleet, and not to the police officer's wife; he declared that his own sister was along also, and that he had Mrs. Day's husband consent, and denied that he had made any reference whatever to Mrs. George H. Day.

The lashing of Phelps was a public affair and caused considerable excitement.

LETTER PRIZE TO BLIND GIRL

(Continued from First Page)

years ago from Idaho. Arizona was her birthplace. Her malady struck her two weeks after her arrival. All she knows of California at first-hand, she remembers from that fortnight.

In her letter, published today in an adjoining column, she tells of orange groves, rose bushes, branches bent low with the weight of the golden fruit, palm trees moving their stately arms in the breezes, the bristling clumps of derricks on the hills. "Have you ever seen," she asks, "a more magnificent sight than the sun sinking into those silver waves? Did you ever see a sky more blue or clouds more rosy?"

What mental possessions Lois has are permanently hers. She has the unspoiled memory of those who never learned to read and write. Her memory is useful and active because she keeps it in active use. They have teachers at the General Hospital and Lois learns from them by word of mouth. No convenience of civilization could add more to her general information and enjoyment of life—yes, enjoyment, for she is cheerful as a cricket—than a really first-class radio set.

"I only hear the Los Angeles stations," she said yesterday. "Nothing ever has come to me from a greater distance than right around here."

For three years before she entered the General Hospital, Lois experimented with all that medical science can do for her. During those years, broken by travel, suffering and uncertainty, she had no instruction. Now she is making rapid strides. Although at 13 she is only in the sixth grade of advancement, her teachers say that her mind is that of a college girl of 20.

In the extension of those powers, and the continued love on which she can rely, rest all her hopes of new enjoyment. University extension for Lois means just one word—radio.

BLEDSOE CITES ELECTION ISSUE

(Continued from First Page)

of judge to undertake a hard task as Mayor of Los Angeles. This man of honor and integrity has known that Los Angeles needed an irreproachable administration free of the influence of the unscrupulous politicians who have been the real 'bosses' of our City Hall. This is why he is asking the support of all citizens who have at heart the interests of our great city, and he should triumph at the election of May 5, next.

"Each one of us should do our duty. Let's all go to the polls on May 5 and vote for Benjamin F. Bledsoe as Mayor of Los Angeles. He is a real Californian."

CHEST LEADER

Appointment of former Judge Bledsoe as chairman of the campaign committee of the Community Welfare Federation, the organization operating the Community Chest of Los Angeles, was announced yesterday in a letter written the former Federal jurist by G. H. Babcock, general manager and secretary of the federation.

This action of the executive committee of the federation is taken as a mark of the esteem in which Judge Bledsoe is held by civic welfare workers in this city, his activity during his term as vice-president of the federation being in large measure responsible for the success attained in the drive of 1924.

Pursuing the policy of weekly meetings, women workers of the Bledsoe-for-Mayor committee will gather this afternoon in headquarters, 425 South Spring street. An excellent program of music and a number of able women speakers will comprise the scheduled activities for the afternoon.

GLAZIER SEEKS PAY FOR INJURY BY TRAIN

What's a breastbone worth—a good, sound, whole bone? Robert C. Kelley, a glazier, who was hit by a Santa Fe Railroad train several months ago, thinks that particular bone of the 216 in the human anatomy, plus a minus jawbone and other injuries amounts to $25,000. At least he is suing the railroad company for that sum in United States Judge McCormick's court. One of the jurors failed to appear in the courtroom after luncheon yesterday—so the case continued with only eleven good men and true in the box. A verdict is expected today.

OFFEE

Bullock's Closes at One o'Clock Saturdays

1100 Yards Venise Laces, Remarkable Sale, $2.35!

Saturday—Not Today!

From 4 inches to 20 inches wide! Bands, Edges, Galloons and Allovers in a great variety of patterns. In many instances patterns match. Heavy or delicate designs—in white, cream, light and dark ecru.

A Sale of laces that should induce great activity at Bullock's Saturday Morning—$2.35 a yard is a fraction of the usual prices of these laces.

Lace Section, Bullock's, Second Floor.

Easter Hats $13.50, Saturday Morning!

Smart new Easter Hats at this price Saturday morning at Bullock's. And because the hats are so exceptional and because next Sunday is Easter, they should go out so fast that there should scarcely be one left when Bullock's closes at one o'clock Saturday.

Many types in straws and many lovely hair hats. In blue, sand, orchid, gray, brown and many other smart shades. Trimmed effectively with flowers and ribbon.

—Hill Street Millinery Section, Bullock's, Third Floor, Hill Street Building.

Saturday's Pre-Showing and Sale!—Costume Dresses—at $39.50—$55

In Crepes Taffetas and Satins

Afternoon and cafe types—dresses with matching coats that are excellent copies of higher priced ensembles. In sizes and types for women and misses.

Printed dresses with long sleeved coats of harmonizing Georgette crepe. More tailored types of satin and taffeta. Black satin costume dresses with coats to match! Black satin coats with related dresses of silk crepe in lovely color.

Costume dresses for summer wear. For immediate wear! Bought for this quite special occasion. At $39.50; at $55.

Saturday morning a pre-showing and sale of these costume dresses. From nine 'til one. (Bullock's closes at one Saturdays.)

The Fashion Sections—BULLOCK'S—*Third Floor*

"One o'Clock Saturdays"

Women's New Hand-made Voile Dresses at $3.95!

Charming, lovely, dainty, exquisitely done—these adjectives could all be applied to the dresses in this remarkable Saturday morning feature. But could you get an idea of the clever way that they are hand-embroidered, their delightful simplicity and their fresh, flower-like colorings? Bullock's doubts it—for the price sounds so low, you could scarcely hope to get such dresses at $3.95. Come in the first thing Saturday morning, and see for yourself the dresses offered at this extra special price—$3.95 Saturday morning. Sizes 16 to 44.

Section of Better Home Frocks, Bullock's, Third Floor, Hill Street Building, South.

"One o'Clock Saturdays"

Easter Gift Special Bibles at $3.75 each

On Sale Friday and Saturday

A new pronouncing text Bible containing an unusually clear, black print—very unusual in a small Bible. Printed on excellent quality thin opaque India paper and bound in a patent unbreakable back binding. Size of page 6 1-4x4 1-3.

Bound in French morocco, round corners, red under gold edges, silk head bands and marker. A thumb index that is both attractive and practical. (Note: This Bible matches "Science and Health" in size.)

Book Shop, Street Floor, Bullock's Hill Street Building.

"One o'Clock Saturdays"

Assorted Chocolates Featured, 12 oz. 50c!

On Sale Saturday Morning (Not today)

Bullock's Saturday Morning Candy Special is making a "hit"! And now comes Easter with the extra interest in candy as a gift possibility. Or buy a box for week-end trips. 12 ounces of assorted chocolates (one calls for another!) lead at 50c pack.

Bullock's, Fifth Floor.

"One o'Clock Saturdays"

Beautiful White Foxes at $65! $75! Values!

Here is a Saturday Morning Sale that should prove irresistible values to women completing Easter Costumes.

Large, soft, fluffy pelts—faultlessly mounted with heads, large natural brushes, and paws. Skins that would ordinarily demand much higher prices than $65 and $75.

Equally Valueful Are Dark Cherry Red Foxes Specially Priced at $45!

Section of Finer Furs, Bullock's, Third Floor.

"One o'Clock Saturdays"

Collegienne Corsettes 100 Special at $1.95!

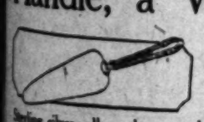
A special value to introduce to the high school and college girls of Los Angeles and Southern California the new specialization at Bullock's—foundation garments for the Collegienne.

These corsettes for Saturday morning are the popular brassiere- and girdle-combined, made of fancy batiste with elastic shoulder straps and elastic gussets. For the slim, boyish lines that Easter fashions demand, wear one of these corsettes, $1.95.

—Collegienne Corset Section, Bullock's Fourth Floor.

"One o'Clock Saturdays"

Pastry Knife, Silver Handle, a Value at $1



A Saturday Morning Special that suggests the Easter Gift and Bridge Prize—at a lowered price.

Sterling silver, allover hammered, handles—attractively boxed for gift giving—but $1.

Silverware Section, Bullock's Street Floor.

"One o'Clock Saturdays"

Fine Glass Compotes Suggest Gifts, $1 ea.

The last Saturday morning before Easter should find rapid shopping for these 36 compotes. Take thought for last minute Easter gifts. Investigate these dainty floral etched compotes. An important Saturday morning special at $1.

Bullock's Hill Street Balcony

"One o'Clock Saturdays"

100 Glittering Stone Studded Bags at $5.50

Interestingly priced for Saturday Morning—until One o'Clock, Silk Vanity Cases in tan, powder blue, red, black and gray studded with matching stones or rhinestones—Fitted with coin purse, mirror and a separate compartment.

Leather Goods Section, Bullock's Street Floor

A dress that achieves the fullness to the front that marks the newer dress of late spring. This front fullness was stressed at all Paris openings. A dress, too, that goes in for the youthfulness of the jumper line. In sizes 14, 16 and 18. For misses and slender women.

A becoming softening of the simple boyishness of this dress is attained by the edges of heavy imitation Venise lace, dyed in a harmonizing shade.

At $39.50—in navy or cocoa.

LIGHTNING CHANGE

The rosters of bootleggers and their customers change rapidly. The bootleggers are going to prisons and their patrons to another world.

THE WIDOW'S MIGHT

The widow of Congressman John J. Rogers of Massachusetts is a candidate to succeed her dead husband. There have been several such, notably the wives of Congressmen Nolan and Kahn in this State, and they have gained full recognition. In this way the widows show their might.

THE NEW SCHEME

Washington traffic problems are to be in the keeping of experts rather than policemen. The idea is that keeping things moving on the highways is a matter for engineers and experts rather than for police officers. There may be something to it. The Washington venture is being watched with interest.

THE WOMANLY WAY

A woman's magazine is discussing the right of the sex to swear. Some moral sticklers do not like to have their loved ones swear at the iceman, but there is no way of stopping it unless they get positively discordant in the doing. If their profanity is genteel they can get away with it without any trouble.

POPULARITY PREVAILS

When he returns from his present trip the Prince of Wales will have traveled more than 120,000 miles in his special visitations in the interest of the empire. These journeys have extended over the last five years and, although they have been mostly social and vacational, they are held to be worth the money they cost in cementing world friendships with England. The fact that the Prince is a better dancer and ukulele performer than he is an orator does not seem to have impaired his standing, at that. Possibly it has improved it.

THE PAY ENVELOPE

The assertion was made at a recent convention of commercial educators that the pay envelopes of 53 per cent of the American workers contain less than $25 a week. There was a day when $100 a month was considered fine recompense, but that day has passed. Of course, the figures are based upon the pay of all toilers—young and old, male and female. The head of a household who has a skilled trade is doing better than ever before in the history of labor. On the whole America is a richly favored land and its people highly blessed.

LOST MOTION

More than 2200 measures, resolutions or other proposed enactments have been introduced in the Legislature at Sacramento this session. Up to Saturday the Senate had completed and sent to the Governor thirty-six bills and the Assembly fifty-nine. Gov. Richardson had vetoed twenty of these, had signed twenty-seven and had forty-eight still under consideration. An organization or business with such a frightful percentage of lost motion would soon be in the hands of a receiver. At the same time it is a generally accepted fact that the merit of a Legislature lies not in the number of measures it passes, but in those it doesn't.

MORAL EDUCATION

Senator Allen's educational bill has passed its second reading at Sacramento. The measure would compel the study and teaching of honesty, kindness, justice, moral courage and humanity in every department of the public schools of the State. It requires that a place be made for these studies in every school course and also at teachers' institutes. It is made optional whether the instruction be provided through special readings, daily incidents, stories, personal example or in connection with nature study, so only the children of California are taught honesty, kindness and justice. But what are they studying now? Is it not depressing to find the Legislature of the State asked to provide for the teaching of honor and honesty in the schools?

OPENING UTICA

Excavations at the site of the ancient city of Utica disclose nursing bottles, cradles and other juvenile bric-a-brac which would indicate that they had babies in those days. This particular Utica was on the north coast of Africa, a few miles from the venerable burg of Carthage. Utica was quite a town when the world was comparatively young. It was one of the very first settlements made by the Phoenicians on the African coast and was doing business 3000 years ago. It was a busy place in the days when Queen Dido laid out the shoestring strip of Carthage. What the scientists are now digging up suggests the times of Roman occupation rather than any other period, although there are examples of the Tyrian genius in working in glass and metals. There seems to be an awful lot of fun and excitement in going over the pioneer settlements of the world with a shovel and bringing the bones of the ancients to light.

THE GOOSE STEPS AGAIN

Germany's national election, according to the latest cables, seems to have veered about to a contest between monarchy and Socialism. After leading in the Presidential primary last month, the Conservative elements have dropped former Vice-Chancellor Jarres and have centered upon Von Hindenburg. At the same time, the Socialists have withdrawn their candidate in the primaries and have united upon former Chancellor Marx. Otto Braun, primary candidate of the Socialists, has indorsed the candidacy of Marx, while Dr. Jarres has urged the Nationalists to support Von Hindenburg.

Von Hindenburg's candidacy will not evoke much enthusiasm outside Germany, even among those who wish the German people well. It is too much like reopening old wounds that were beginning to heal. The cables relate that Von Hindenburg declined to run, by reason of his extreme age; but that the former Kaiser wired that it was "the only way to save the nation," and that Von Tirpitz insisted that his election would be the only means of preserving the German culture of the days before the war.

That Von Hindenburg should be popular in Germany is not surprising. Peoples always build legends about their commanders in wars. If Gen. Lee could have run for the Presidency after the close of the Civil War he would have carried every Southern State. If Napoleon could have entered a national election while an exile at St. Helena he would have won by a great majority.

It is too much to expect that the opinions of peoples can be changed by a military defeat. They may obey the terms of a treaty, but the generation that loses a war refuses to admit that they were wrong.

However, there is another issue at stake, one that may bring about Von Hindenburg's defeat. He has never taken kindly to the idea of a German republic and has expressed himself frequently in favor of a restoration of the former royal family. Those in Germany who are Republicans at heart will prefer a President who inclines toward Socialism to one who would be likely to initiate a coup d'etat for the restoration of the monarchy.

Marx is not an extreme Socialist. He comes nearer to what would be termed a Democrat in this country. He is a supporter of the constitution; but he favors some of the milder Socialist theories. The radical Socialists accept him because one of their own political and industrial faith would stand no chance in a national election.

That the Conservative groups should have withdrawn their support from Dr. Jarres will be regretted by the economic and financial groups in this country that are interested in the restoration of Germany under republican forms. But the votes will be cast by German men and women in Germany. And the old war songs will be sung and the goose step enacted at the Hindenburg rallies.

Germany's recovery must, in the last analysis, come from within. The German people must solve their own problems. They may imagine that a restoration of the monarchy is desirable. But, if the experience of the past is of any value in judging the future, the election of Von Hindenburg will undo much of the good that has been accomplished during the last two years.

A Germany that is reduced to make the choice between monarchy and Socialism is one that is still far from political and industrial recovery.

LYNCHING ON THE WANE

Those foreign critics of this country who, whenever they wanted to prove how barbarous we were, pointed the finger of shame at our lawless acts of summary vengeance are in a fair way to run out of material, for lynchings are markedly on the decrease. This is shown by a recent report made by Dr. Robert R. Moton, principal of Tuskegee Institute, Alabama. Dr. Moton has summarized the figures compiled by the department of records and research of the institute, which show that there were sixteen persons lynched in this country in 1924. This is the smallest number for any year since the records of lynchings have been kept, which would argue a more law-abiding state of affairs or less provocation for revenge, which Bacon says is "a kind of wild justice."

As there were thirty-three lynchings in 1923, the number for last year was less than half for that period. It was forty-one less than the number—fifty-seven—for the year 1922. So that the decrease is, indeed, considerable, and it is to be hoped that it will continue until this blot upon our national escutcheon shall have been wholly removed, though, of course, what has been done in the past in this wretched business cannot be undone.

Of the sixteen persons lynched all were negroes. Seven of those put to death were charged with crimes against women, always the most fruitful cause for this sort of vengeance. It is to the disgrace of Florida that five, or nearly one-third of all the lynchings, occurred in that State. Georgia and Mississippi were next, with two each, while one was enacted in Illinois and also in Kentucky, Louisiana, Missouri, South Carolina, Tennessee and Texas.

It is to the credit of the officers of the law in several States that they prevented forty-five lynchings. Two women, one white and one colored, were among those thus saved. Eight of these preventions were in Northern States and thirty-seven in Southern States. In four instances during the year persons charged with being connected with lynchings were indicted. Of the nineteen persons thus before the courts only five were convicted. These were given jail sentences.

Edward Eggleston, who was as much a philosopher as a novelist, said that "lynch law is an outbreak of the reformatory spirit among people of low or recent civilization." This is a hard blow at the hooded knights, who have been responsible for so many wild deeds under this head. When California's civilization was "recent" lynchings were not uncommon, but they have been rarely reported during the past three or four decades. Of late years mobs seldom have attempted to put criminals to death in this State, and when they have undertaken to do so they have been thwarted by our vigilant and efficient officers of the law.

"What D'Ye Men 'We'?"

[Copyright, 1925, by Public Ledger Company]

FOR HEARTH AND HOME

No feature of modern life better illustrates the spirit of twentieth-century progress than the exhibitions designed to advance educational, commercial and friendly intercourse. Such exhibitions are becoming more popular and beneficial every year.

The week of April 11 to April 19 will afford residents of Los Angeles and vicinity an opportunity to attend a get-together meeting of this nature, one of especial appeal to the housewife and the home-builder. The second annual Food and Householder Show will be held at this time in the auditorium of the Ambassador Hotel under the direction of the Southern California Retail Grocers' Association.

The big show at the Ambassador is frankly commercial, designed to create interest in things that belong to the hearth and home, to stimulate the sales of food merchants and home appliance dealers and to promote harmonious relations between the trade and its customers.

But the welfare of the buyer will by no means be made secondary to benefits of the business concerned. Indeed, the education of the public on domestic details that intimately affect the home budget has been the guiding principle with the promoters of the Ambassador exposition. Not to teach salesmen how to sell goods, but to instruct the housewife and her husband how to shop economically is the main object.

The promoters hope that the crowds attending the Food and Householder Show will take away with them something more lasting than the free samples which will be liberally distributed from all the booths.

THE PADLOCK

The padlock has come into its own. It has usually hung from the bent clasp of a barn door or lay supinely in an old cellar waiting for a job by night. The garage in the back yard has occasionally been graced with this humble, innocent and trusting instrument.

It has always been used to lock in what was regarded as of worth on the inside. It has been a badge of stored values and a temptation to vagrant mortals in search of something not their own.

Never has great dignity been attached to its personality, and it has never had its name in "Who's Who." Possibly it has never dreamed of such honor and has been content to hold fast to the end. This is to its credit.

Holding fast has been its highest aim in life. It has often held fast when, having lost your key, you had to yank the door to pieces to secure your wealth from within. Its one religious doctrine has been the "perseverance of the saints." It has employed this in its life and embodied it even unto death.

The padlock has never traveled to speak of. It has hung in the back yard patiently for years and looked at the back door until its soul has rusted away with cramped and unfulfilled ambition. It has never been sung in story by its friends. Just why "The Brass Bowl" or some other useless implement should be held in higher esteem history saith not. Whenever it has opened its mouth to speak or its arms to embrace some opportunity it has been stuck into a staple and chained to a door by its own arm.

The only romance in its life has been to hug a staple. The staple has never returned the affection other than sticking tight to the door. Thus unrequited love has been the portion of the padlock.

But the padlock has at last gotten into print. It has been headlined. It has not only been headlined in a newspaper; but it has been the scare-head of the New York City papers.

The padlock is being used to quench the spirits of the bootlegger. And it works! The bootlegger will pay a fine or go to jail with complacency and a grin. But a padlock on his door chills his finer feelings and fills his boots with fear. The battle is now between the bottle and the padlock.

On with the padlock!

Just About It
by James J. Montague

THIS CANNOT BE TRUE

Ah! well may the editors view with alarm
The worrisome trend of events,
And the folk of the mart and the mill and the farm
Grow troubled and haggard and tense!
Ah! well may political leaders despair,
As they read with profound agitation,
The news in the papers which bids them beware
Of the forthcoming state of the nation.
For the headlines this morning, in black letters say:
Eight Congressmen State They'll Refuse Raise in Pay!

For years all our statesmen, from rostrum and stage,
A piteous outery have made,
Contending no servant should work for the wage
That the great of the nation were paid.
Devotion to duty compelled them to rattle
The nation's unbreakable fetters,
As they went to their labor like dumb driven cattle,
And died, broken-spirited debtors,
And as, on their eloquent gestures we gazed,
We sobbed: "The poor fellows, they ought to get raised!"

And now, since they've got what they think they are worth,
Come eight of their number to say
That a Congressman's job is a pretty good berth,
And won't take any raise in their pay.
When people in politics thusly behave,
Look out for the old Constitution!
Look out for the people, for what's going to save
The nation from swift dissolution?
We have fallen on awful and ominous days,
When statesmen refuse to accept any raise!

(Copyright, 1925, by the Bell Syndicate, Inc.)

HOW LITTLE WE KNOW

We have learned a few facts about the heavens and the earth, but the unknown surrounds us on all sides. We know the sun is not standing still; it is swinging through space at a speed of about sixteen miles a second, carrying its family of planets and their moon-children. Astronomers cannot say, however, whether the sun is revolving around some larger sun; whether it is "falling" into some greater body or whether it is wandering through space. Living upon the earth is like living on a small floating island, which is being swirled around a larger floating island, to an unexplored ocean filled with unexplored islands.

The solar system is now hurtling toward the constellation of Hercules, but there is no immediate danger of a collision, for Hercules is 108,600 light years away. At the present rate of speed it would take more than 1,000,000 years to reach the spot where Hercules was 108,600 light years ago. But the present rate of speed may not continue. Astronomer E. W. Brown says the recent eclipse was late because the "sun arrived at the necessary spot in the heavens at a time slightly different from that used in the prediction." Figures don't lie, but astronomers make mistakes. If they were not this time mistaken the sun is having hard work to keep up with its old-time schedule.

DANGER SIGNALS

Dangerous money is the dough that other people handle.

PLAY BALL!

When you come to bat in the game
of life you can't always make
a hit,
And the umpire, Fate, may seem
sometimes to give you the
worst of it.
But keep your grit and keep your
head and run out every bunt,
And it won't be long till the bleachers cheer when you rise to do
your stunt.

When you get on base in the game
of life you can't always make
a run,
And it may seem some other's
fault if that cannot be done.
But keep your grit, be on your
toes, be ready your chance to
take
And you'll find that plenty of
chances come to those who are
wide awake.

If you win out in the game of life
there's honor, a while, for you,
While those who gamely lose still
find the game worth playing
through.
And whether you win or lose, old
scout, when at Dark the game
they call,
It is good to know you have played
your best and always played
clean ball.

LEE SHIPPEY.

A man may boast of his "particular friends" when their friendship for him doesn't indicate that they are very particular.

GARDEN SWAPS

BY ALMA WHITAKER

Of course, last summer, when it was pretty dry and the sun alone waxed luxurious, and keeping the garden watered and hoed came an alarming tyranny, one did sort of decide that ever keeping a garden was a much overrated joy.

But it's spring again, lovely, thrilling, gorgeous spring in balmy California—and we take it all back, there is nothing like a garden. What if the snails and the caterpillars and the rose blight did drive us mad last year . . . why, bless you, those are the things that make gardening interesting. Besides, didn't Mrs. McArthur tell us only last week that hollyhocks planted at either end of one's garden keep the snails away, and sulphur is just the simplest remedy for rose blight and a little lime will soon settle the caterpillars . . . ?

And, anyway, Claire Valsely says that getting up at 5 a.m. to hunt snails is any amount of fun. . . .

Thus do we achieve our annual surrender to the lure of gardening in California. Besides, Mrs. Ray has just sent over a baby fig tree and a couple of pomegranate bushes and half a dozen yellow cannas, and do we happen to have a few extra Shasta daisy plants and some of those Japanese irises to spare?

And Claire has some extra special golden rod, just the stuff for that bare spot by the fence, and she also has some rather fine bright red chrysanthemums and some blue asters—and have we got something that will do well in a shady spot to swap?

And here's that little shoot of the white wistaria that we layered for grandma last year, all up and chirpy, and we must send her some of our gladiolas in exchange for those dahlia roots. Wonder if we could get a slip of her wonderful fuchsias to grow in our soil?

After that blessed rain, too, we must hurry up and clear a place for that new rose Mrs. McArthur promised us—you know, the one that man in Redlands got out from England and grafted on to the new Los Angeles rose with such wonderful results that it won a $1000 prize. What was its name?

Must hurry up and separate those coreopsis and silver daisies. Dear me, how these Marguerites have spread—wonder if the neighbors could use a few? And the mauve chrysanthemums, too—maybe we could trade some of those for some red salvia?

Now what is it Tony Moreno's gardener promised us—wonderful man, that, he can grow anything from any sort of a bit of it you give to him. Raised some remarkable orchids from a corsage bouquet that Mrs. Moreno had worn to a ball. Maybe he can tell me how to make that big wistaria vine flower this year.

"Say, mother, Joe tells me his father pays him 50 cents for the lawn now, can't you manage a raise? Really, 35 cents isn't enough for ours, what, with picking out the dandelions . . ." remarks our young hopeful.

"I'll go out to the ranch and get a load of fertilizer," remarks practical father, "and we ought to get that north fence fixed up."

"Oh, muvver, come and look, my sweet peas is all up," remarks the baby, with ecstatic pride. "Is it time to put the sticks in yet?"

"Trying a bunch of scarlet runners on this fence, ma-am," remarks my neighbor, "is that all right with you folks?"

Oh, we are all doing it. That neighbor of mine broke his heart trying to raise vegetables last year, but I just saw a load of fertilizer going in. . . .

It is spring, lovely spring in gorgeous California.

THE DESTINY OF INANIMATE THINGS

By The Foothill Philosopher

Among the interesting side journeys into the by-paths of the mind perhaps none is more peculiarly fascinating than an interest in the fate of inanimate objects. Although few persons may analyze this fact, or even believe that they possess an affinity with their objective environment, the fact remains that almost all of us, at times, find ourselves inexplainably attracted to and intensely interested in objects which, apparently, have no bearing on our thought and conduct.

To illustrate. Recently, while walking down the street, I saw a lighted cigarette rolling down the pavement. After walking a little way I turned around to see how far the cigarette would roll before stopping. Then, when it came to a stop in a crease in the pavement, I watched to see whether or not the next passer-by would also see it and to note whether or not he would kick it off the sidewalk. Many times, when I have thrown a lighted match on a green lawn, where it could not possibly kindle a fire, I have watched with interest to see how long it would burn. I have sent tiny pieces of wood out onto little streams and followed them for from five to ten minutes to see how long it would be before they struck obstructions.

While it is comparatively easy to understand the feeling of melancholy that comes over one at leaving an old house or other place with which he has, in many ways, identified his consciousness, the interest in the fate of objects which seem to have no connection with one's life is more difficult to explain. Is such an interest a mere vagary of the mind or is it born of a partial realization of one's relationship with everything seen and sensed and consequently of his connection with the destiny of all things?

JAMES M. WARNACK.

Joy and Sorrow

Give some folks a bushel of joy and they'll hunt up the station called Sorrow and growl because Providence didn't give 'em a ton.

THE WAT

Trend of Political The

BY THE DENTRY

More than fifty volunteer workers, including men and women from various precincts held a meeting yesterday at 204 Hillstreet Theater Building, the headquarters of Councilman W. C. Mushet, candidate for City Controller, to discuss plans for the campaign to elect Mr. Mushet at the primaries, May 5.

These supporters of Councilman Mushet's candidacy outlined a program for a series of district meetings to be conducted in the next three weeks. Mr. Mushet as the principal speaker. He will talk on "The Duties of the City Controller Under the New Charter." He will make one of the most important speeches of his campaign at noon tomorrow at a luncheon of the City Club. Announcement of the completion of the "Mushet-for-Controller" campaign committee with many men and women of prominence included in its membership will be made next week.

A rest from his strenuous ten [illegible] of public speaking, former [illegible] Bledsoe is planning to attend the game between Los Angeles and Portland at Washington [illegible] this afternoon, where he will be found in the "bleachers" eating peanuts and rooting for the home team. This evening he will [illegible] at Thirteenth and Hill [illegible] and at the Twentieth-[illegible] school.

Commending the business ability and integrity of Mark A. Pierce, member of the state Assembly, who is a candidate for Council in the Tenth Councilmanic District, the Funeral Directors' Association has adopted a resolution indorsing him for the office. The fact that he is in business in the district and has lived there for many years is emphasized as further qualifying him to champion the retirement program being advocated for that section. Among those pledging their support were Walter Blue, Gus Alvarez, Clarence Ayer, P. W. Bressee, Ernest [illegible], John Leslie, F. D. Webb, George A. French, G. G. [illegible], E. B. McCormick, W. F. [illegible], Earl Mater, Ivy H. [illegible], J. M. Brunner, Fred [illegible], Ben Isham, M. W. Reed, [illegible]

SLAIN BANDIT

POLITICS

THE WATCHMAN

Trend of Political Thought and Action

BY THE SENTRY ON HIS BEAT

Nine hundred fifty volunteer workers, including men and women in various precincts held a meeting yesterday at 204 Hill-street Theater Building, the headquarters of Councilman W. C. Mushet, candidate for City Controller, to discuss plans for the campaign to elect Mr. Mushet at the primaries, May 5.

These supporters of Councilman Mushet's candidacy outlined a program for a series of district meetings to be held in the next three weeks at which Mr. Mushet as the principal speaker. He will talk on "The Duties of the City Controller Under the New Charter." He will name some of the most important features of his campaign at noon today at a luncheon of the City Hall "Announcement of the complete Mushet-for-Controller" campaign committee with many men and women of prominence included in the membership will be made public.

Recuperating from his strenuous ten days of public speaking, former Governor Hadley is planning to attend the game between Los Angeles and Portland at Washington Park this afternoon, where he will be found in the "bleachers" satisfying his tennis and rooting for the home team. This evening he will speak at Thirteenth and Hill streets and at the Twentieth-street school.

Assuming the business ability and sagacity of Mark A. Pierce, former member of the State Assembly, who is a candidate for Council in the Seventh Councilmanic District, the Real Estate Directors' Association has adopted a resolution indorsing him for the office. The fact that Pierce is in business in the district and has lived there for many years is emphasized as further reasons why him to champion the improvement program being advocated for that section. Among those pledging their support were Frank Blue, Gus Alvarez, Clarence W. Bresee, Ernest John Leslie, F. D. Webber, George A. French, G. G. Gale, R. R. McCormick, W. F. Bush, Earl Mater, Ivy H. Baker, J. M. Brunner, Fred Ben Isham, M. W. Reed, J. W. Tapley, W. M. Strother and L. F. Utter.

Members of the Van Nuys Lima Bean Association and the Owensmouth Bean Association, two of the largest co-operative marketing bodies in San Fernando Valley, have indorsed the candidacy of C. T. Wardlaw, candidate for the First Councilmanic District (San Fernando Valley.) Wardlaw is a prominent member of both associations. He announced yesterday that his headquarters at Lankershim, in the Lankershim Building and Loan Company building, is now open with James Wilson, former president of the Lankershim First National Bank, in charge, and that speaking dates by workers out of the headquarters are being made. An effort will be made to thoroughly canvass all voters in the valley. Following the circulation of a petition in Van Nuys, prominent citizens have indorsed Wardlaw's candidacy, calling attention to his experience as a man of business and pioneer resident of the district. Wardlaw is urging the speedy completion of all improvements that for some time have been mapped out for Van Nuys and other valley towns. He stated yesterday that if elected to the Council he would push all highway building, especially the road improvements now pending in the west end of San Fernando Valley.

With the adjournment of the Legislature next week, Assemblyman Howard W. Davis will return to Los Angeles and wage an active campaign in the Seventh Councilmanic District, where he has lived and been engaged in business for eighteen years. His headquarters are at 4305 Moneta avenue.

William H. Hartman, candidate in the Twelfth Councilmanic District, withdrew yesterday in favor of Clarence W. Horn. After having had to cancel a number of speaking engagements on account of ill health, Hartman said yesterday, he had decided that his health would not permit him to remain in the race. Of Horn, Hartman in his withdrawal statement said: "I believe that Horn is the best qualified and most able of all the candidates." Horn has opened headquarters at 911 West Second street.

Councilman Miles Gregory, Mayoralty candidate, will speak this morning at the synagogue at Cornwall street and Brooklyn avenue and this evening at 717½ East Ninth street and at 2220 South Brooklyn avenue.

AIN BANDIT'S PAL HELD

to be Tried on Charge of Assault to Murder; Mrs. Kassell Weeps Over Body

man Godier, companion of Barney Kassell, bandit suspect, in an ush when the latter was shot and killed in a gun battle with ce near Redondo on the 3rd inst., was held for trial yesterday ge Marchetti on a charge of assault with intent to murder ty Officer M. D. McGaslin, one of the participants in the battle.

's mother, a woman of ore years or more, arrived terday and was a pathetic ping over the body of Half overcome by grief ishment that her son had such a tragic end, she declared he had been a good boy at was unable to understand it all came about. She Anna Kassell of St. Louis was accompanied by two and a son-in-law.

officers and Attorney Ostrom will accompany Kassell, wife of Barney, from ty Jail where she is being the W. C. Draper Company 1610 South Main street. funeral will be conducted

body will be buried in Mt. ory but the mother ior to have it sent to St.

Godier and Kassell, according to testimony, were suspected of plotting to rob the Standard Oil Company pay-roll guard at El Segundo and fled in a car when McGaslin and Officer Stockhill attempted to question them. The chase extended for some distance, during which a man from the fleeing machine opened fire, the bullet shattering the windshield of the officer's car.

After Kassel had been fatally wounded the machine was stopped and Godier was taken into custody. In the bottom of the machine the officers found two bullet-proof vests. Several guns had been thrown out of the car during the chase, it was testified.

Witnesses yesterday included Officer Stockhill, driver of the police car, and Fred Goodrich, night watchman for the Standard Oil Company at El Segundo.

Godier is being held in the County Jail in default of $5000 bail.

LED ONLY HALF OF STILL ODOR

Arrested at 100-Gallon Distillery After All-Night Vigil by Police Compared to One Who Saved at Spigot and Wasted at the Bung

man who saved at the spigot wasted at the bung has a successor, according to Chief of the Sheriff's office Chief of Police Cain of City, in Tom Glenn of Sheriff an and released on bail. avenue, Culver City. they declare, had al- is his 100-gallon still an ready constructed gas burn- deadening the fumes, but the exhausted mash away world to smell. officers declare they found. still, 130 gallons of fourteen barrels of all-night vigil beside the still, from 8 p.m. Wednesday to 8 a.m. yesterday, resulted in the capture of Glenn when he appeared, the officers said. He was arraigned before Justice Powell in Sher... and released on bail.

Capt. Bond and his men arrested Albert Monier near Downey where they said they found 157 cases of bottled wine, thirty-six five-gallon containers of wine and sixteen one-gallon containers of wine, all Sherry, Muscatel, Zinfandel and Port of unusually good quality for these days. Monier was also arraigned before Justice Powell and released on bail.

RGENTINE ARTIST TO WORK HERE

Columba Arrives to Make Studies of Film Personages

Columba, the noted Argentine artist and writer, has arrived to make some studies of Los Angeles, particularly of the motion picture colony. He is director-founder of the illustrated weekly, Columba, which is similar to an American comic weekly, but contributes cartoons and articles from Paris, the sporting capital, and theatrical daily of Buenos Aires.

Columba gained considerable fame during the World War by his efforts in support of the Allies in South America. He is a Dutch artist, Rasmaeker, who left Central Europe in combatting German propaganda. Mr. Columba's cartoons have been published in a folio, and as a result of his efforts he received personal congratulations from President W. H. Clemenceau and Premier George.

Columba's story of his early life is that the Argentine artist delights in, and he is drawing a series of sketches of American types. The interest in things American has increased in the Argentine in proportion to the vogue for American motion pictures, he says.

"Years ago the French and German pictures were in the greatest popularity," he says, "but now the American films are by far the most popular in all the theaters of South America. Oftentimes when a European film is put on the people stamp their feet in disapproval. I want to see some of these stars at work here in Hollywood."

Senor Columba is stopping at the Ambassador.

NEAR COMPLETION OF NEW COUNTRY CLUB

Finishing touches are being put on the new Westward Ho Country Club's golf course in preparation for the opening the latter part of this month, according to W. E. Gordon, chairman of the greens committee.

Following the rain last week a final dressing of fish meal was put on all the greens, and the response throughout the course is becoming stronger, and the miniature putting course is ready for play now. The clubhouse will be ready for the opening shortly before the course, it is believed, work on it being completed and the furnishing practically finished.

Store Open All Day Saturdays

Easter Handkerchiefs 50c Each

NOVELTY handkerchiefs of dozens of the newest types in voile, chiffon, crepe.

At higher prices are colors, hand-made, very new and dainty.

Plaid Blankets—part wool; ribbon bound; full size and double; regularly $6.85, special, pair $4.95

(Second Floor—Coulter's)

MRS. MISTLER TO BE TRIED

Woman Accused of Child Stealing Held in $5000 Bail; Like Charge Against Husband Asked

(Illustration on Picture Page)

In a forty-eight-minute preliminary hearing before Justice Wood yesterday afternoon Mrs. George H. Mistler, charged with child stealing was held to answer to the Superior Court in bail of $5000.

Justice Parker suggested to Dep. Dist.-Atty Mitchell, prosecuting, that the District Attorney's office should file a complaint on a similar charge against George H. Mistler, the woman's husband, already in jail on a delinquency charge. The court's suggestion was based upon the testimony.

Details of a trapdoor arrangement in an Inglewood home, quite like that of a dime-novel thriller, a weaving flight from the suburbs of Los Angeles to the edge of the Mojave Desert, and back again to evade detection, and decoy letters to throw officers off the trail, were some of the high lights in the testimony.

DENOUNCES MOTHER

Another was the spectacle of a 14-year-old girl, Mildred Trueblood, over whose disappearance the charges arose, sitting in the witness chair denouncing her own mother in favor of the woman accused of stealing her.

In language befitting a psychoanalyst, this dark-haired, pleasant-faced girl in her 'teens testified that she preferred the company of Mrs. Mistler to that of her mother because she could "trust her."

"She treated me better than my mother," Mildred said.

In fact, according to her testimony, the whole attitude of the Mistler home was more congenial than that of her own. Accepted in evidence was a letter written by the girl, according to the testimony, bearing caustic denunciation of Mrs. Trueblood, her mother.

TRAPDOOR EPISODE

The trapdoor episode was described by the girl, who said Mistler, with Mrs. Mistler's knowledge, constructed a hiding closet so Mildred could find refuge if officers came to seek her. The girl testified that once while Mrs. Mistler stood at the door denying to officers that she knew anything of Mildred's whereabouts, Mildred was on the other side of the trap door. It was this testimony which prompted Justice Wood to recommend a complaint against Mistler.

Various moves of the Mistlers were a sort of game, the girl testified, to keep officers from finding her.

Then, she said, Mrs. Mistler wrote a letter and she wrote another to the Sheriff's office to deceive the searchers.

Mrs. Mistler is to be defended by the Public Defender's office.

HOSPITALS TOUR PLAN OF EXPERTS

Local Party to Inspect Principal United States Clinics in East

Supervisor J. H. Bean and Dr. N. N. Wood, superintendent of the Los Angeles County Hospital, accompanied by four members of the Allied Architects' Association, will leave at noon today on the California Limited of the Santa Fe for an extensive tour of the principal cities of the United States for the purpose of inspecting hospitals of recent design and construction. Many of the improvements used in the big eastern hospitals will be incorporated in plans for the new $5,000,000 addition to the Los Angeles County Hospital, which is now being designed by the architects' association.

The architects who will accompany Mr. Bean are Edwin Bergstrom, president of the association; Myron Hunt, A. M. Edelman and Sumner P. Hunt. These four architects, together with D. C. Allison and David J. Witmer, will also attend the convention of the American Institute of Architects, which will open in New York the 20th inst. as delegates from the local chapter of the organization.

En route to New York, stops will be made at Kansas City, St. Louis, Cincinnati, Detroit, Cleveland, Buffalo and Pittsburgh. At each city about two days will be spent in the inspection of hospitals. The party will remain in New York for six days, during which time, in addition to hospital inspection, the members will attend the convention sessions, and will also be present at the opening of the architecture and fine arts exhibit, held under the auspices of the national institute. Included in this exhibit will be the best architectural work of Southern California during the past year, together with complete drawings of the Allied Architects' Association plan for the Civic Center.

Before returning to Los Angeles the party will visit Boston, Chicago and Rochester, Minn. The visitors will return to Los Angeles about May 10.

WIFE HALTS HEARING BY SOBS, KISSES

Mate of Salesman Who is Charged in Stock Deal Disrupts Proceedings

The pretty wife of Harry L. Gold, a stock salesman indicted in New York for misuse of the mails, created a stir in United States Commissioner Turney's chambers yesterday when she rushed pell mell into her husband's preliminary hearing and, alternately sobbing and kissing him, disrupted the entire proceedings for several minutes.

Gold was arrested late Wednesday night at his home, 2820 West Eighth street, by Deputy United States Marshal V. Mangerina and lodged in the County Jail. He was indicted in New York on July 5, 1922, it is said, for asserted sale of Bankers' Protective Appliance Corporation stock. The stock was sold at $10 a share and Gold is said to have appropriated from 50 cents to $2.50 from the proceeds of the sale of each share.

Gold was taken to jail when he was unable to provide $7500 bail and his preliminary hearing was continued until the 16th inst.

CLASSES TO REOPEN

Manual Arts Evening High School will reopen Monday and pupils will be accepted in all classes. Enrollment in the beginners' shorthand class, held on Tuesday and Thursday evenings, will be possible until the 16th inst.

Of Interest to Women.

THE LAST WORD.
BY ALMA WHITAKER

THE KLEPTOMANIAC

"Sometimes I can go for two months without taking anything, and then some sudden temptation—and I fall. I cannot bring myself to sign my name and address to this letter, but if you know of a cure for me, do please write it in the paper."

A curious letter, this, obviously written by a woman of some refinement. And she tells me that her husband would buy her the things she "takes" if he knew she wanted them. But for years at spasmodic intervals she has been helping herself to other people's belongings.

"I think I have been suspected, but I have never actually been exposed yet," she tells me. "Once even I took a hat belonging to another guest at a party, but of course I could never wear it. I don't know why I took it."

I observe that my correspondent is very careful to avoid the word which more accurately describes theft.

I am afraid I have always doubted this "disease" known as kleptomania. But a physician friend of mine assures me that it really does exist—and often in otherwise normal beings.

He also opines that it is probably a case for a good psychologist, and that the malady had its inception in some childhood suppression.

Well, little lady, I am no psychologist, but I can't help feeling that if you describe your fault by its right name—stealing—it might help a little.

The fact that your are troubled about it is a good omen. I wonder if you have ever confided in your husband as you have in me. I am a great believer in open confession being good for the soul, and I should say that he is the more nearly involved, for in the case of exposure his, too, would be the disgrace; his, too, the responsibility.

You tell me you have prayed for relief. I wonder how you pray?

Because, you see, what you are most in need of is more self-respect, some "proper pride," a greater sense of personal responsibility.

Consider, my dear, the pitiful incongruity of selling your self-respect for another woman's hat, or for a couple of pairs of silk stockings from a department store. It is so unreasonable to hold yourself so cheap.

Then, again, your failing is so incredibly paltry—yet so hideous when you consider the shame it may bring upon you and your family. How much do you love your husband and family?

Perhaps you are too self-centered. If you were thinking of others more and yourself less it would surely make a tremendous difference. You know most of these moral diseases that affect the brain occur from a form of paranoia—thinking too much about one's self.

Won't you try more ardently to resist temptation in future—and write me of your victories. Believe me, I will rejoice with you. Suppose you write to me every three months or so—and concentrate on being able to record victories.

And to help yourself, plunge into some unselfish interest to make things happier for someone else.

Don't pet and excuse yourself by calling it kleptomania, just recognize it as plain common stealing, and decide you object to being a thief.

(Copyright, 1924, McClure Newspaper Syndicate)

Hints For Women

More important to women than the question of food, the latest fancy work to beautify the home or points in etiquette or dress, is the subject of health. There are thousands of women everywhere affected with stubborn ailments which make life a burden. These ailments may be easily overcome by Lydia E. Pinkham's Vegetable Compound. It is a woman's medicine for woman's ills prepared from roots and herbs. After three generations of success it is recognized as the standard remedy for such ailments.—[Advertisement.

CHIEF HEATH HIGH MAN IN RANGE MEET

Ten Out of Fifty in Police Target Match Qualify as Marksman

When Chief of Police Heath established an army scale for rewarding expert pistol shots in the department he evidently did not know that the top sergeant usually can drill the bullseye oftener than the colonel.

Entirely disregarding precedent, the Chief yesterday was high man at the first qualification pistol shoot for policemen at the target range in Elysian Park. Ten men out of fifty qualified in the shoot.

With a mark of 342 out of 400 Chief Heath becomes a sharpshooter. Others who achieved this grade and their scores are Motorcycle Officer G. B. Carlson, 337, and J. Molina of the jail division, 321. Those who won a marksman rating are Capt. Kiersacy, commanding the Sawtelle Division, 291; H. W. Holman, Central, 284; B. R. Jackson, San Pedro, 305; William Queen, Hollywood, 287; C. C. Johnson, Hollywood, 302; I. F. Lawrence, Hollywood, 298, and E. G. Haek, Hollywood, 292.

Judges were Police Commissioner Birnbaum, Maj. Hewitt Callender, Capt E. C. Crossman and Ted Cutting.

THOUSANDS OF EGGS FOR CONCERT EVENT

Three thousand Easter eggs will be distributed to children at the Sunday afternoon concert at Valhalla Sunday.

Artists who will appear at the concert have planned to sing some numbers which will appeal to the younger generation. In short, the Valhalla management has arranged to make this a "children's Easter." Soloists are Marjorie Dodge, former soloist of the Philharmonic Orchestra; Joseph Diskay, Hungarian tenor; Maude Elliott, English contralto; Josef Rosenfelt and Marguerite Bitter. The concert will commence at 2:30.

FUNERAL OF PIONEER SET FOR TODAY

Mrs. D. B. Durfee Will be Buried This Afternoon in El Monte

Funeral services for Mrs. Diantha B. Durfee, pioneer citizen of California and widow of the late James D. Durfee, rancher of El Monte, will be conducted today at 2 p.m. at the family home on Durfee Road, two miles from El Monte, where she has lived sixty-six years. Mrs. Durfee died Wednesday night at her home.

Her body will be placed in El Monte Cemetery beside the ashes of her husband, who died in 1920. In accordance with his request his body was cremated and the ashes held at the Emerson and White mortuary.

Mrs. Durfee was 86 years of age. She came to California from Missouri in 1852 with a party who traveled in ox carts. Nearing their goal after the long trip across the plains, the oxen gave out at Yuma and Mrs. Durfee and her sister, now Mrs. Lydia Reeves of Covina, were transported to San Diego on a government stage.

She leaves, besides her sister, a daughter, Mrs. Albert Stack of Huntington Park and a son, J. R. Durfee, of El Monte, and numerous grandchildren and great-grandchildren.

MANUFACTURER NAMED TO INDUSTRIAL POST

Marion R. Gray, president of the Marion R. Gray Company, 812 South Los Angeles street, manufacturers of cravats and collar-attached shirts, has been elected one of the regional vice-presidents of the Associated Men's Neckwear Industries of America, according to word received at his office today. The association closed its annual convention in New York City yesterday. Mr. Gray, accompanied by his family, is now in Port Said, Egypt, on his tour around the world. He will return to the United States by way of New York, July 15.

ANSWERS TO MOTHERS

SPEECH DEFECTS

Mrs. L.: Those who specialize in nervous speech defects—stuttering, stammering, cluttering and nervous hesitation——believe that the only method of cure is psychologic re-education. That consists of teaching the conscious control of the speech organs and giving new positive ideas of control, poise and confidence. The three predominating fears—obsession that the speech organs will refuse to work, the fear of being ridiculed and the fear of being thought inferior——have to be destroyed.

Most children stumble in their speech at first, just as their bodies stumble when they are first learning to walk; and it is only after slow and conscious work that both become subconscious and are performed without difficulty. Don't forget that children imitate the sounds which they hear. That is the reason it is important for parents not to talk baby talk to children when they begin to learn to talk and, as far as possible, to have their associates use correct language and well-modulated voices. The child who is brought up under the circumstances where there are shrieking, peevish and angry voices most of the time, is very apt to have the same type of voice, and what is equally bad, the same type of disposition.

The first thing that has to be done is to find out the cause of the speech defect. Of course, if it is an organic one (one due to some malformations like harelip, feeble or very short upper lip, overshot jaw, narrow palate, cleft palate, sluggish palate, nasal obstructions, tongue-tie and very irregular teeth) that has to be remedied. If it is of nervous origin, then the stammerer must be taught carefully the right habit. It may take two months or two years.

The nervous causes of speech defects are nearly always found in some deep-seated sense of fear. In the psychologic re-education of the patient these fears have to be searched out and talked over until the repression of them ceases. You can see from this the importance of guarding the child against all unnecessary fears such as the telling of gruesome ghost stories, the threatening of terrible and unnatural punishments, the shutting in dark closets and things of such nature.

It is highly important to exercise patience and tact with the child, not to call attention to the defect unnecessarily, not to punish for it and not to allow the other children to make fun. Try to impress the child with the thought that he is getting better and he is getting better. Try to instill confidence. Tell him of Demosthenes, the greatest orator on records, who is said to have a speech defect in his youth.

Rumsey, in his book, "How to Stammer," gives the following advice: It is important to breathing and body movements give correct posture. (Let me mind you here that the posture—the prominent men, slumped shoulders and the like—is often due to malnourishment.) The stammerer should attempt to speak before a mirror of what he is going to say and he must speak on the outgoing breath and not on the in-breath. Speaking on the inbreath is a frequent habit of a stammerer. Singing and humming and the recitation of verses and poetry are very helpful.

The pitch of the voice is important. Nearly all people speak on too high a pitch and stammerers particularly speak on a higher tone than the ordinary well-trained speaker. For some reason the golden rule is to speak in a low, firm tone as much as possible." Open the mouth wide and let the sound come out slowly to enable the speech mechanism to do its work properly.

If the child is old enough to read he should be asked to read aloud for ten minutes or so a day for six months. He should not allow himself to hurry his reading or to grow weary of it. The stammerers' and stutterers' habit of making faces is due to his efforts to articulate strongly and distinctly, when the trouble is that he already articulates with too much effort.

The correction of speech defects is so important, Mrs. L., that it is best to take the child to a special instructor or school if possible.

Tomorrow: Answers to correspondents.

CITY BUDGET STATEMENT IS PREPARED

Auditor Compiles Report as Requested in Council Resolution

City Auditor Myers yesterday prepared a statement for the City Council covering the budgetary accounts for the eight months ending February 28, in compliance with a resolution adopted March 31 asking for information on the subject.

At that time it was stated by Councilman Mushet that the general expense fund was $193,118 in the red and the reserve fund had a cash balance of $135,179.

The report of the auditor will be submitted to the Council today.

In the report Mr. Myers estimated that there will be an increase in income and balance on June 30 of $1,749,002. This estimate was made under the assumption that revenue and expenditures will continue at the same ratio and that no exceptional calls will be made upon the treasury.

Mr. Myers stated that the general expense fund was overdrawn $135,000 in February which was due to additional large appropriations without sufficient funds to cover it.

The report stated that the net available amount of city funds on February 28 was $4,472,804.

Choral Event to be Feature of Eisteddfod

The choral contest between the Woman's Lyric Club, Los Angeles, J. B. Poulin, director, and the Woman's Choral Club of the Hollywood Woman's Club, under the direction of Hugo Kirchhofer, will be one of the feature events of the Los Angeles Metropolitan District Eisteddfod, which will take place the week of May 16 to May 24.

The contests will also include competitions for church choirs, men's choruses and mixed choral organizations. E. W. Davies is chairman of the choral section. Information and registration are handled by Miss Gladys Caldwell at the Public Library in the Metropolitan Building.

The Los Angeles contests are open to all residents of the city of Los Angeles and amateur musicians are eligible to enter the piano and vocal contests, of which Mrs. Alfa Wood Anderson is chairman. The orchestra contests are under supervision of Arthur M. Perry. Contests for male quartets have been added.

The successful competitors will compete with the winners of the various district Eisteddfods held throughout Southern California during April and May. The final contests will take place June 6 to June 14. W. R. Berry, president of the Los Angeles Orpheus Club, is general chairman of the Los Angeles Metropolitan District Eisteddfod committee.

Bonuses on the basis of efficiency are paid German railway workers.

ANTIPODEAN FILM HEADS REACH CITY

Foreign Representatives of Famous Players-Lasky for Conference

Traveling more than [illegible] miles to attend a series of business conferences lasting four days, then turning right around and traveling several thousand more miles to get back home, is a novel experience of five gentlemen who arrived in Los Angeles yesterday.

The men are John W. Hicks, William Hurworth, John Hubbeck, Philip Harrison and A. Carmichael, all film executives in foreign lands.

Hicks is managing director of the Famous Players-Lasky service in Australia, and also is distributor for Australia, New Zealand, Dutch East Indies and Siam. Hurworth is branch manager of the Paramount office in Sydney, Australia. Harrison is exploitation manager for Paramount in Australia. Carmichael is branch manager for Paramount in Manchester, Eng., and Cooper is branch manager of the Paramount (Australia) office.

The group will travel across the continent to New York and from there for the Paramount convention which opens in Los Angeles the 25th inst., and which will bring more than 200 delegates from all parts of this and foreign countries.

Adolph Zukor, Jesse L. Lasky and Sidney R. Kent, Famous Players-Lasky executives, will meet the delegation coming across the continent.

Second Play by John McGroarty to Open Sunday

The second play by John McGroarty, "La Golondrina" (The Swallow,) will have its [illegible] opening in the Mission theater at San Gabriel Sunday. It is a dramatization of a love story of old California and is the tragic tale of a bird with a broken wing and a lover with a broken heart.

Violet Schram will play the deathless romance of Concepcion Arguello, who was one of the most beautiful women in California's most romantic era, the Conchita. The lovers of Concepcion Arguello are played by Conrad Nagel as "Nacho" Arnia and Ralph Sterling as the Count Nikolai Resanof, the Russian. The play will be supported by over 100 members of the Mission Players in minor roles and as singers and dancers. Mr. McGroarty and the company have completed [illegible]

BAND PLANS CHANGED

Owing to a change in the [illegible] of the Municipal Park Concession, Hal Roberts's band will not play at Lincoln Park, Sunday, as announced. His band is the one that will appear at the Westlake Park [illegible] uled to appear at the Philharmonic Auditorium the 19th inst. in four farewell [illegible] grams prior to leaving on an extended concert tour. The band is to be assisted by [illegible] known local artists.

The Only Way

The only way to retain all of the bean flavor and bean nourishment is to *bake* them in *ovens* with *dry* heat.

The only way to be sure of getting oven-baked beans, is to look for the words "oven-baked" on the label.

HEINZ OVEN-BAKED BEANS with tomato sauce

...child with the thought that he is going to overcome his defect, that he is getting better day by day. Try to instill confidence in him. Tell him of Demosthenes, one of the greatest orators that history records, who is said to have had a speech defect in his youth.

...Rumsey, in his book, "No Need to Stammer," gives the following advice: It is important to train breathing and body exercises to give correct posture. (Let me remind you here that the fatigue posture—the prominent abdomen, slumped shoulders and the like—is often due to malnourishment.) The stammerer should never attempt to speak before he is sure of what he is going to say and he must speak on the proper breath and not on the inbreath. Speaking on the inbreath is a frequent habit of a stammerer. Sighing and humming and the singing of verses and speeches are very helpful.

The pitch of the voice is important. Nearly all people speak on too high a pitch and stammerers particularly speak on a higher tone than the ordinary well-trained speaker. For every stammerer the golden rule is: "Speak in a low, firm tone as evenly as possible." Open the mouth freely and let the sound come out. Speak slowly to enable the vocal mechanism to do its work properly.

If the child is old enough to read he should be asked to read aloud for ten minutes, six times a day for six months. He must not allow himself to hurry his reading or to grow weary of it. The stammerers' and stutterers' habit of making faces in doing his efforts to articulate is strongly and distinctly, whereas the trouble is that he already articulates with too much effort.

The correction of speech defects is so important, Mrs. L., that it is best to take the child to some special instructor or school, if possible.

Tomorrow: Answers to Correspondents.

Mr. Dear Followers: When sending for matter which we offer you, please remember to inclose a stamped, self-addressed envelope (legal size) and your full name and address. Patience, courtesy and gaining is the only way for all. You must inclose 10 cents in stamps with each letter you send to me in order to receive answers. Make them as brief as possible, not over 100 words, and type or write them legibly on one side of the paper. Please sign your name as you usually do—we will not use it in any way, but for it is impossible for me to diagnose your case or answer you personally. I appreciate much the beautiful letters you send me, but regret it is impossible to give you answers. The questions you will be given in the column as soon as possible, if they are of general interest. Don't forget to put the self-addressed envelope in your letter, and I send you the information I have offered.

ANTIPODEAN FILM HEADS REACH CITY

Foreign Representatives of Famous Players-Lasky Here for Conference

Traveling more than 12,000 miles to attend a series of business conferences lasting four days, and then turning right around and traveling several thousand more miles to get back home, is the novel experience of five globe trotters who arrived in Los Angeles yesterday.

The men are John W. Hicks, William Hurworth, John Krasbeck, Philip Harrison and Allen Carmichael, all film executives in foreign lands.

Hicks is managing director of the Famous Players-Lasky service in Australia, and his office is distributor for Australia, New Zealand, Dutch East Indies and Siam. Hurworth is branch manager of the Paramount office in Sydney, Australia. Kennebeck is exploitation manager for Paramount in Australia. Harrison is branch manager for Paramount in Manchester, Eng., and Carmichael is branch manager of the Brisbane (Australia) office.

The group will travel across the continent to New York and return here for the Paramount convention which opens in Los Angeles the 25th inst., and which will bring more than 200 delegates from all parts of this and foreign countries.

Adolph Zukor, Jesse L. Lasky and Sidney R. Kent, Famous Players-Lasky executives, will head the delegation coming across the continent.

Second Play by John McGroarty to Open Sunday

The second play by John Steven McGroarty, "La Golondrina" (The Swallow,) will have its formal opening in the Mission playhouse at San Gabriel Sunday. It is the dramatization of a love story of old California and is called a tale of a bird with a broken wing and a lover with a broken heart.

Violet Schram will relive the deathless romance of Concepcion Arguello, who was once acclaimed California's most beautiful senorita. The lovers of Conrad Arguello are played by Conrad Richter as "Nacho" Ayala and Richard Sterling as the Count Nicolai Resanof, the Russian. They will be supported by over 100 members of the Mission Players in character roles and as singers and dancers. Mr. McGroarty and his company have completed rehearsals.

BAND PLANS CHANGED

Owing to a change in the plans of the Municipal Park Commission, Hal Roberts's band will play at Lincoln Park, Sunday, instead of at Westlake Park, as first announced. His band is also scheduled to appear at the Philharmonic Auditorium the 18th and 19th inst. in four farewell indoor programs prior to leaving on an extended concert tour. The band is to be assisted by several well-known local artists.

SPENDS EASTER AT CATALINA

Popular Member of Younger Set

Miss Evelyn Adams

ONE of the attractive members of the younger set is Miss Evelyn Adams, daughter of Mrs. Merton Adams of Toberman street, who with a bevy of young friends is enjoying the Easter holidays at the St. Catherine, Santa Catalina Island. Miss Adams, who is a student at Los Angeles High School, is a golf expert and is thoroughly enjoying the links on the island.

San Francisco. They will return tomorrow for the Easter holidays at their home here.

European Tour

Mr. and Mrs. Nathaniel Jones are planning an extended trip abroad and are leaving early in May for the East, where they will visit extensively on the Atlantic Coast, prior to sailing aboard the Leviathan June 13. They will not return to Southern California before the last of November.

Boy Scouts to Take Part in Easter Rites

In more than 100 Protestant and Catholic churches of Los Angeles, Boy Scouts will attend Easter services in troop bodies and occupying special sections. There are 109 troops attached to churches of these two creeds. Troops attached to the American Legion and other organizations will also be in general attendance at churches even when not appearing in troop formation.

At West End Congregational Church an impressive part of the Easter service will be the unveiling of a stained-glass window dedicated to "Los Angeles Troop, No. 7, Boy Scouts of America." This is in recognition of the close affiliation of the troop with the community activities of the church.

Following the formation of a color guard on the rostrum and the bugle call of "assembly," the Scouts will enter the church behind their troop orchestra, to the Tannhauser March. After the flag salute and repetition of the Scout oath, the boys will march to the window, the orchestra playing "Young America." Rev. R. E. Fairchild will offer a dedicatory prayer, release white cords, and the drape will fall from the window, the congregation joining the Scouts in a song. The Scout orchestra will play through the remainder of the Easter services.

Initial Easter Sunset Service for Palisades

The first Easter sunset service in the history of the Southland will be conducted at 4:30 p.m. next Sunday at the Del Rey Palisades, south of the metropolitan area of Venice. The program is in charge of the Bay Cities Music Association and an elaborate program has been arranged.

The amphitheater will accommodate more than 70,00 persons. Unlimited parking areas will be available. A special rate to and from Venice has been granted by the Pacific Electric Railway Company. The place of worship may be reached by the Redondo car by way of Del Rey, at the Hill-street station.

Among the musical features of the service will be selections by the Los Angeles Philharmonic Orchestra, directed by Walter Henry Rothwell; tenor solos by Tito Schipa of the Chicago Grand Opera Company and numbers by the Bay Cities Music Association chorus of 100 singers, led by Modest Altschuler.

Prof. Hugo Kirchhofer will lead community singing and Van Dyke's "God of the Open Air" will be recited by Conrad Nagel. No admission fee will be charged.

Fine Operator of Apartment House for Defy

Asserted to have refused to receive a receiver, Mrs. Della Reimers, operator of an apartment-house on South Hope street, yesterday was fined $15 for contempt of court by Judge Shaw.

Mrs. Reimers was taken into court in connection with an affidavit filed by Willard L. Goodwin and his agent, Mrs. Vera Harding. Goodwin was named receiver of the apartment-house several days ago on the petition of the Standard Loan and Investment Company, said to be the owner of a promissory note involving the property.

According to the affidavit filed by Goodwin and Mrs. Harding, Mrs. Reimers declined to give them possession of the property when they called to take it over pursuant to the court order. Mrs. Reimers paid the fine.

MEAT LOAF

Mix two cupfuls of finely chopped cooked beef, freed from fat, gristle and bone, with one teaspoonful of salt, one-quarter of a teaspoonful of black pepper, one very finely chopped young green onion, half a cupful of bread crumbs, one-quarter of a teaspoonful of thyme, and two well-beaten eggs. When the mixture is thoroughly mixed place it in a well-buttered bread tin and bake in a moderate oven forty minutes. Unmold on a hot platter and pour around a good tomato sauce.

APPLE SAUCE CAKE

Beat half a cupful of butter to a light cream and beat into it gradually one cupful of sugar and one well-beaten egg; beat well and add one cupful of strained apple sauce and two and a half cupfuls of sifted flour sifted with one-quarter of a teaspoonful of salt, one level teaspoonful of soda, two teaspoonfuls of cinnamon, half a teaspoonful of mace and half a teaspoonful f cloves; beat well, add one teaspoonful of vanilla and bake in a paper-lined loaf cake tin forty minutes in a moderate oven.

VEGETABLE BOUILLON

Place in a saucepan two quarts of canned tomatoes, one scraped and sliced carrot, five chopped stalks of celery, two chopped young green onions, one chopped pimento, one bay leaf, and a small blade of mace; bring to a boil and simmer twenty minutes; strain into a clean saucepan, add two tablespoonfuls of cider, two tablespoonfuls of orange juice, and a seasoning of salt and paprika, reheat and serve in consomme cups.

SHOULDER OF LAMB

Have the butcher carefully remove the blade from a shoulder of lamb and leave the pocket open. Make a stuffing by soaking four cupfuls of stale bread in cold water and squeezing dry; add to the bread half an onion finely chopped and fried to a light brown in two tablespoonfuls of butter; cook, stirring constantly in a saucepan until it leaves the sides of the pan; add one teaspoonful of chopped parsley, a seasoning of salt and paprika, one-quarter of a teaspoonful of ginger, and beat in one egg. Fill the pocket in the lamb shoulder with the mixture, sew up. Place in a baking pan with a very little water and bake in a moderate oven, basting often. Remove the fat from the gravy and serve in a boat.

MAPLE CREAM PIE

Mix in the top of a double boiler half a cupful of sifted flour, half a cupful of sifted sugar and a quarter of a teaspoonful of salt; add one cupful and four tablespoonfuls of maple syrup and stir and cook until thick and smooth; stir in the well-beaten yolks of two eggs and stir over the fire for one minute; remove from the fire, stir in one teaspoonful of vanilla extract and one teaspoonful of butter; pour into a baked pie shell and cover with a meringue made with the whites of the two eggs and half a cupful of sugar.

MUSIC WILL PRECEDE EASTER-EGG FROLIC

An Easter musical program will be given Sunday at 2:30 p.m. at Valhalla Memorial Park, near Burbank. Artists who will take part in the program are: Marjorie Dodge, former soloist of the Philharmonic Orchestra; Joseph Diskay, tenor; Maude Elliott, winner of the Royal College Music scholarship; Josef Rosenfelt, soloist of the Ambassador Concert Orchestra, and Marguerite Bitter, pianist. A novel feature of the program will be an Easter egg hunt for the children.

SHOWDOWN NEAR IN CITY HALL FIGHT

Board of Public Works Accepts Architect Bid; Legal Battle Looms

The Board of Public Works yesterday voted to accept the bid of John C. Austin, John Parkinson and Albert C. Martin to do the architectural work on the proposed new $5,000,000 City Hall submitted on a flat 6 per cent basis. The resolution was introduced by Commissioner Delorey and adopted unanimously.

The contract with the three architects will be sent to City Attorney Stephens for approval as to form, it was announced. The contract provides that the preliminary sketches must be submitted within thirty days of the signing of the contract and that the final sketches must be filed five months after the first plans are approved.

The way is now cleared for a catch-as-catch-can, London prize-ring rules, battle between the Board of Public Works and the City Council with the awarding of the architectural work as the plum. Probably today the City Attorney will present an approved contract to the Council whereby that body employs the firm of Curlett & Beelman to do the work.

The contest between the two municipal bodies, it is expected, must be eventually adjudicated by the courts, and it is probable suits soon will be filed.

Not To Blame

Father: I was surprised to hear you speak so impertinently to your mother. You never hear me talk that way to her.

Kid: Well, you choosed her—I didn't.—[Exchange.

Nothing Risked

Alice: See the ring Charley gave me.

Brother Tom: Well, he didn't post much of a forfeit!—[Exchange.

Doubled!

The fact that people like a hotel different, distinctive and supreme in the service it gives is well proven by the fact that we are now doubling the size of the Clift.

Women who do their own housework should see these NEW floors

YOU can now have beautiful pattern floors quickly and expertly cemented right over your old, troublesome wood floors. Then a simple job of waxing and you can say "Good-bye" forever to your scrubbing brush and weary knees.

Right now, department and furniture stores are displaying the new, beautiful designs of Armstrong's Linoleum. You should call to see them.

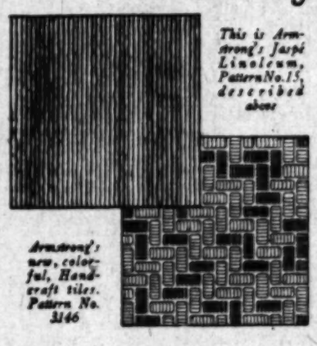
They will show you a pattern called Jaspé. It's a soft-toned ground color of blue, green, brown, or gray, rippled with shades of the same ground note. There are colorful hand-set tile patterns; and the medallions, arabesques, and neatly figured patterns now used so extensively in bedrooms.

And finally, make certain that you see the new

Handcraft tiles of

Armstrong's Linoleum

for Every Floor in the House



This is Armstrong's Jaspé Linoleum, Pattern No. 15, described above

Armstrong's new, colorful, Handcraft tiles. Pattern No. 3146

When you see these tiles of blended blue, gray, green, or red, freely set with neat interliners, your eyes will dance at the opportunity to make your sun porch "sunnier" or your inside rooms more smart and cheerful. But the decorative opportunities in tiles do not stop here. There are prim black and cream tiles, marble tiles, and a host of colorful Dutch tiles.

Any store selling these beautiful floors will gladly estimate on installing them. Cemented in place over builders' deadening felt, Armstrong's Linoleum makes a smooth, non-buckling, practically one-piece floor, without gaping seams. A pattern floor on which fine fabric rugs look their best.

At even more moderate prices there are

Bright, cheerful patterns in printed linoleum

Helpful hints on redecorating are contained in our FREE booklet, "New Floors for Old." This interesting brochure shows color-plates of the new patterns (some of them in use) and tells how linoleum should be laid and cared for.

Look for the CIRCLE A trade-mark on the burlap back

Beauty of design, ability to stand hard wear while retaining the freshness of pattern, characterize the new printed Armstrong's Linoleum.

The heavy enduring oil paints that surface them, the springy cork granules and oxidized linseed oil that form their tough body, even the rugged burlap back, make these worthy of the Circle A trade-mark.

Beautiful linoleum rugs for those who rent

MOST stores in this city have just unpacked the new spring designs of Armstrong's Linoleum Rugs. Along with new beauty, great durability has been built into these rugged rugs. From smart tile effects to neatly figured patterns each one is colorful and good-looking. There are small linoleum rugs for the children's room, spare room, or laundry. Larger rugs for the living-rooms and bedrooms. These rugs lie flat when you put them down. They stay flat too. Sturdy. Long-wearing.

These attractive rugs can be had with inlaid patterns or in printed designs.

NEWS OF SOUTHERN COUNTIES

HELD IN THREAT ON MILLIONAIRE

Suspect Subdued After Fight With Two Officers

Attempt to Extort $50,000 from Oil Man Charged

Brother of ex-Employee is in Long Beach Jail

By a "Times" Staff Correspondent

LONG BEACH, April 9.—An attempt to extort $50,000 from John P. Mills, millionaire oil and real estate operator of Long Beach, was frustrated here today, police assert, and Thomas Higgs, 42 years of age, of 3417 Glenhurst avenue, Los Angeles, is in the City Jail, booked on suspicion of extortion and blackmail. Higgs says he is a salesman.

Higgs was arrested and subdued after a battle in the offices of the John P. Mills organization, 110 American avenue, shortly after noon today, by officers who had been secreted in adjoining rooms during Higgs's interview with Mills. The arrest was made by Detective Sergeant Glenn of the Long Beach police department, and Norman L. Mozley, head of the Nick Harris detectives in this city.

BROTHER EX-EMPLOYEE

Higgs's asserted demands on Mills for the payment of $50,000 grew, according to the wealthy oil operator, out of the employment some time ago of George Higgs, a salesman. The latter worked for the Mills organization for about a year on a percentage basis and in that time was paid a total of $45,000, Mr. Mills said. Recently George Higgs protested an error amounting to about 1 per cent of what he had been paid, and declared several hundred dollars was still due him. The matter was adjusted in what Mills thought was a satisfactory manner, he said, and he thought the incident closed.

Today, Thomas Higgs, brother of the former employee, entered Mills's office and demanded that he be paid $50,000 on behalf of his brother, Mills and the detectives assert.

OFFICERS BATTLED

"I am the fighter of this family. I have been a defective for twenty years and I know just how to handle birds like you," Higgs is said to have told Mills in making his asserted demands.

"I have sent men to the electric chair in my business and I can take care of you, too," he is asserted to have added.

It was at this juncture that Detective Sergeants Glenn and Mozley stepped out of concealment and placed Higgs under arrest. Higgs, who stands over 6 feet tall and weighs about 225 pounds, gave the officers a fight and for a time it looked as if he might break loose and escape. He was finally subdued and taken to police headquarters. No bail has been set pending preliminary hearing.

BUILD NEW CHURCH

Catholic Congregation Approves Plans for Edifice

[EXCLUSIVE DISPATCH]

PORTERVILLE, April 9.—Plans have been approved by the local Catholic Church for erection of a rectory, church building and parochial school on a site in the northwest section of the city, costing $150,000. Work on the first unit, consisting of the rectory, and initial unit of the church structure will start at once, this division to cost $50,000.

Plans and specifications have been drawn by J. E. Loveless, architect, of San Diego, and are now in hands of five contractors. Bids will be submitted on the 22nd inst. and opened on that date.

The buildings will be located on a block of property, adjacent to the business district, which was recently purchased by the church. It is reported that the present church property will be placed on the market when the new church home is taken over.

Rev. Father Daley of St. Anne's states that his parishioners have been working for this improvement a number of years.

TO MANAGE CHAUTAUQUA

[LOCAL CORRESPONDENCE]

REDLANDS, April 9. — V. H. Mattson was chosen president of the Redlands Chautauqua, which will operate the 20th to 27th inst., at the amphitheater, Redlands' outdoor theater, at a meeting of the members of the association today. A. E. Isham will be the secretary and treasurer.

Paul W. Moore is chairman of the advertising committee, R. S. Kendall of the grounds committee, and Rev. John Wood of the publicity, with Hugh Montgomery, Dr. H. E. Linkle and Gordon Nelson assisting him. W. T. Ferguson is in charge of decorations.

CHURCH MAKES GAINS

[LOCAL CORRESPONDENCE]

HUNTINGTON PARK, April 9. According to a report made by Dr. Homer J. Vosburgh, pastor of the First Baptist Church of Huntington Park, the church has gained 110 in membership since he was called to the pastorate last July, prior to that time being pastor of the Baptist Church in Watertown, N. Y. Thirty-five new members were received into the church at one time.

PRESIDENT OF ROTARY

[LOCAL CORRESPONDENCE]

PASADENA, April 9.—William L. Leishman was unanimously elected president of the Pasadena Rotary Club at a meeting in the Hotel Maryland today. Frances E. Stevens was unanimously elected treasurer and Walter P. Baxter, Robert Casamajor, Milton R. Kerr, Edwin R. Sorver and George P. Whitley were elected new directors.

MINISTER IS ADOPTED BY TRIBESMEN

Indians Confer Honor on Clergymen for Services Rendered Red Men

[EXCLUSIVE DISPATCH]

RIVERSIDE, April 9.—For the first time in the history of the Mission Indian Federation a white man today was adopted into each of the fifty-seven tribes of the association.

The man thus honored is Rev. J. Fisher, pastor of the Arlington Methodist Episcopal Church, who, the Indians declare, has wielded great influence in their behalf. Tribal rites at 10:30 o'clock this morning initiated Rev. Mr. Fisher into the tribes. The ceremonies were held as a part of the mission federation conference, which is in session at the Jonathan Tibbet place on East Prospect avenue. They were not public.

The only other white man adopted by the Mission tribe is Jonathan Tibbet, known as the "Great White Father" of the tribes. Tibbet was adopted when he was 16 years of age, and under entirely different conditions. It was said Rev. Mr. Fisher is the first man to be made a member of all the tribes in one ceremonial. On Sunday evening Rev. Mr. Fisher will hold a special Indian service at his Arlington church. It is expected that several chiefs will speak at this gathering.

Wool Growers Hold Crop for Higher Prices

[EXCLUSIVE DISPATCH]

FRESNO, April 9. — With a large spring clip of wool nearly complete and buyers' offers of 40 cents a pound standing, wool growers of the San Joaquin Valley are refusing to sell at the quoted prices and are holding out for 45 cents and in some instances, 50 cents a pound, it became known here today.

Because of the abundance of green feed and lack of dust as the result of spring rains, the wool is of much higher quality than last year's crop, the growers and buyers state, but despite this fact the sales thus far have been negligible because of the hold-out for higher prices.

Lack of a plant for cleaning the wool, necessitating the shipping of the clip in the grease with all its impurities, adds much to shipping costs and necessitates a higher price if they are to show a profit on their product, the growers declare.

Good crops of wool are said to have been produced on the west side of Fresno county and in Kings, Kern and Madera counties, but none of the growers would attempt an estimate of the aggregate production this year.

FIND HUMAN BONES

Rancher's Plow Brings to Light Skeleton of Child

[EXCLUSIVE DISPATCH]

SANTA BARBARA, April 9.—The skull and bones of a half-grown child, which were turned over by a plow on Hope ranch near here yesterday are engaging the attention of officers in an attempt to solve the mystery of the death.

At first it was believed the bones were from a newly discovered Indian burial ground, but further digging indicates that the child was buried under a foot of earth and no other traces of bodies can be found.

The age of the remains has not been determined, but there is no record of an unsolved child's death in Santa Barbara county for many years. As the body was buried in heavy adobe soil the officials believe it might be anywhere from a few years to 100 years of age, but the fact that it was so near the surface and had not been discovered before is indication that it had been on the earth a comparatively short time.

NEWSPAPER APPOINTS NEW BUSINESS HEAD

[EXCLUSIVE DISPATCH]

RIVERSIDE, April 9.—Charles D. McPherson, Canadian newspaper owner and editor, has accepted an executive position with the Riverside Enterprise in the capacity of business manager, according to announcement today by J. R. Gabbert.

McPherson served as lieutenant-colonel of the Eighteenth Mounted Rifles, and went with the first contingent to England from Canada in 1914. In 1908 he was president of the Western Canadian Press Association. He served four terms in the Manitoba Legislature and was Minister of Public Works in the Norris Cabinet in 1920.

OBSERVE GOOD FRIDAY

[LOCAL CORRESPONDENCE]

Whittier, April 9.—In compliance with a suggestion from the Whittier Ministerial Union and a request from the merchants' council of the Whittier Chamber of Commerce, local merchants and business men will close their places of business from 1 to 3 o'clock Friday afternoon.

This is the first time in the history of the city that the merchants have closed on Good Friday, although most of the Protestant churches have for some years observed the sacred day.

BICYCLE CLUB

[LOCAL CORRESPONDENCE]

HUNTINGTON PARK, April 9. The Huntington Park Cycle Club has been organized here with seventeen members, Herbert McKee being elected president, Kendall Wallace secretary and Robert Baird business manager. The chief purpose of the club is to foster bicycle racing.

Pantomime—On the Firing Line - - - - - By J. H. Striebel

IRRIGATION PROJECT PRACTICALLY ASSURED

NEW LAW MAKES POSSIBLE OPENING OF TERRITORY FOR FARMING

[EXCLUSIVE DISPATCH]

FRESNO, April 9.—With receipt here yesterday of word that the State Senate had adopted Senate Bill No. 52, amending the Water Shortage Act, it was believed by proponents of the Pine Flat Irrigation project, that the last obstacle but one, the signature of the Governor, was removed from the path of the 1,000,000-acre agricultural development project.

The executive committee of the project, twenty-one in number, has requested an audience with Gov. Richardson that they may assure him of the unanimity of opinion and interests in the big project.

Immediately following the signing of the act by the Governor, a new application will be filed by the Pine Flat board with the State Irrigation Commission this step being necessary to cover technical ities, as the petition now on file contains the names of but twelve interested agencies. Nine others have been formed since it was presented.

State Engineer W. F. McClure has had an investigation of the project under way for more than six months. He will conduct a hearing here on May 2, at which it is believed the path will be cleared for the calling of the necessary bond election.

BOUNTIFUL CROP

Recent Rains Promise Tons of Ripening Grain

[EXCLUSIVE DISPATCH]

HANFORD, April 9.—There will be four times the amount of wheat and barley produced in the Tulare Lake area of Kings county, as a result of the recent rains general throughout the San Joaquin Valley, than was prospective a few weeks ago. Authorities estimate that, with a little more rain, for which the weather continues propitious, a million and a half dollars worth of grain will come off the lake bed this year, due largely to the unprecented large rainfall of more than two inches since March 15.

For the same cause, wild feed on the west side plains of Kings county has been reclaimed from a prospective total loss and vast herds of sheep and cattle will wax fat on the grasses this coming summer.

HEAVY SENTENCE FOR LIQUOR VIOLATIONS

[EXCLUSIVE DISPATCH]

RIVERSIDE, April 9.—One of the heaviest sentences ever given a bootlegger in the local Superior Courts was pronounced today by Judge W. H. Ellis, when he sentenced Miche Burtelon, who claims to be a professional wrestler, to a fine of $1000 and five months in the County Jail.

This was Burtelon's third time in Superior Court and his second conviction on a liquor charge. He was arrested recently on his ranch near Wineville by Sheriff's officers after 5000 gallons of wine had been found buried around his ranch. He was sentenced on a charge of selling liquor and other charges against him, including manufacturing liquor and attempting to bribe a n officer, were dropped. Burtelon paid the $1000 fine.

ENORMOUS INCOME FROM BERRY CROP

[EXCLUSIVE DISPATCH]

CALEXICO, April 9.—A $1000 a day income from forty acres of land.

That is the record of M. Kawanami, strawberry rancher near this city, for the past week. His two-year-old field of berries is now producing 600 crates daily, and the current price of $2.25 to $2.75 leaves the grower over $1000 for each day's picking after express charges are paid.

The field has not yet reached its maximum production, and Kawanami expects to take 25,000 crates from his patch before the end of the season.

Mrs. Blodget to be Buried Today at Former Home

By a "Times" Staff Correspondent

VENICE, April 9.—The remains of Mrs. Beryle Blodget, 37 years of age, wife of Rush M. Blodget, former City Attorney, who died Tuesday evening in the St. Catherine Hospital following a short illness, were sent today to her former home in Loomis.

Mrs. Blodget is survived by her husband, a 6-year-old son and her mother, Mrs. Mary S. Martin. The husband is now prominent in legal circles in Los Angeles, where he has been practicing law, following his resignation as City Attorney here in 1919. He was an important witness against Mrs. Louise Peete, having discovered the body of J. C. Denton, whom she murdered.

ASK RECALL OF BEACH OFFICIALS

PETITION CHARGES BOARD WITH LAVISH SPENDING OF CITY MONEY

[LOCAL CORRESPONDENCE]

HERMOSA BEACH, April 9.—The political war which has been looming on the horizon, broke last night when a petition asking for an election to recall Trustees Pinger, Heath and Woodland and Mayor Eravender was filed with City Clerk B. F. Brown. The petition is said to have more than the required number of signatures, but will have to be checked by the City Clerk within the next ten days, after which it will be presented to the City Council. Charges include excess taxation, acceptance of exorbitant bids for street improvements and lavish expenditures of the city's funds.

SUBMITS SCHOOL PLAN

Architect Makes Drawings of Proposed Institution

[LOCAL CORRESPONDENCE]

SOUTH PASADENA, April 9.—The proposed new home of the Boys and Girls Aid Society School will consist of six buildings designed after the old Spanish type of architecture, it was disclosed today when Myron Hunt, prominent architect, submitted his plans to the trustees of the institution. The six buildings consist of an administration building, two boys and two girls dormitories and a hospital. The group will be in the form of a quadrangle, and will face Mountain View street in Altadena.

The institution recently opened a campaign to raise $200,000 for the erection of these buildings after the present home was condemned as a fire trap. The plans submitted by Mr. Hunt were inspected by the building committee, composed of W. A. Brackenridge, chairman, Mrs. M. E. Grimes, superintendent of the home, Donald O'Melveny, Mrs. E. B. Holladay, Harold Landreth, Mrs. John F. B. Miller and Dr. H. M. Coulter.

SERVICE DELAYED

Pacific Electric Has Hard Fight With Wall of Mud

[EXCLUSIVE DISPATCH]

MONROVIA, April 9.—Baffled twenty-four hours longer than expected by a treacherous sheet of slimy mud in a deep cut west of Duarte Station, the first Pacific Electric car was expected to be ordered through to Glendora at 6 o'clock this evening, according to Carl Belt, assistant division superintendent, in charge of clearing the tracks, which were buried in ten feet of mud and rock during the flood Saturday.

A work train, with a wall of railroad ties at one end, has patiently shuttled back and forth shoveling the dozing mass through the cut until it could be turned into trenches alongside and the tracks exposed.

Rushing to open one track, the dirt has been piled to the north side of the cut on the other track, which is still buried in fifteen to twenty feet of mud, and will not be open for possibly a week longer.

ASSOCIATION ASSURES PROFIT FOR CATTLEMEN

FAVORABLE SEASON COUPLED WITH GOOD PRICES PLEASE HERDERS

[EXCLUSIVE DISPATCH]

PORTERVILLE, April 9.—Business for the California Cattlemen's Association indicates a return to normalcy this season as result of present favorable conditions, according to H. M. Rice, who has established a district office of the association in Porterville.

The return to prosperity will be due to good prices, excellent marketing conditions and the fact that 90 per cent of the cattle in the State is signed for co-operative marketing with the association, according to Rice.

Local offices have been opened in the Pacific-Southwest Trust and Savings Bank Building with A. F. McBride in charge. He will act as agent for the cattlemen, marketing through the co-operative plan and a grader in the district. It is believed that 50,000 head of cattle will be shipped from Porterville and surrounding territory. Shipping is expected to begin within a few days, reaching the peak in about a month or six weeks.

Rice left Porterville today for Santa Maria to establish another office, later going to Salinas and Napa.

PLAN BOY WEEK

Ontario Citizens Arrange Series of Events

[EXCLUSIVE DISPATCH]

ONTARIO, April 9.—Plans for the celebration locally of international boy's week, the 26th inst. to May 2, inclusive, were announced today following a meeting at the Ontario Chamber of Commerce attended by representatives of Boy Scout and Y.M.C.A. organizations, service clubs and fraternal bodies. Melbourne A. Gauer, director of physical education in the Ontario schools, was named chairman of a general committee to perfect plans for the observance of the week.

On the committee are A. C. Reynolds, Robert Henderson, Vane L. Olinger, I. J. Linkey, A. L. Davenport, Erich J. Ritter, Arthur A. Jackson, Edward Middough, Arthur I. Peterson and Lex Lucas.

The week will open with boy's programs in all city churches on Sunday, the 26th inst. and on the 28th inst. it is planned the boys shall govern the city, occupying all municipal offices on that day, from the office of the Mayor down.

FIRE BUGS BURN RANCH PROPERTY

[EXCLUSIVE DISPATCH]

FRESNO, April 9.—Sweat boxes were destroyed and a barn damaged in two incendiary fires which last night were set on the K. Arakelian ranch, about fifteen miles northwest of here, last night, entailing a loss of approximately $1500.

About 3500 raisin sweat boxes were destroyed and soon afterward the barn was fired, but the second fire was discovered before it had gained much headway and was extinguished by ranch employees.

Sheriff John Barnett's staff in Madera county, in which the ranch is located, is seeking two men who are believed to have started both of the fires.

YOUNG WOMAN HURT IN AUTO CRASH IMPROVES

By a "Times" Staff Correspondent

SANTA MONICA, April 9.—The condition of Marie Peterson, 25 years of age, of 1433 Eighteenth street, critically injured last night when the car in which she was riding with another young woman and two men turned over, was reported as somewhat improved today at St. Catherine's Hospital. May Brown, 22, of 1514 Tenth street, also injured in the accident, has been discharged from the hospital. The two men, William Maxey, 23, of 1251 Chelsea street, and Harry Scholts of Burley Park, Venice, were but slightly injured.

UNIVERSITY TO MAKE NEW RULE

Accept Students Upon Request of Principals

Announcement Made Thursday at Santa Barbara

Speaker Discusses Retirement Fund for Teachers

[EXCLUSIVE DISPATCH]

SANTA BARBARA, April 9.—The University of California hereafter will accept students from accredited California senior high schools upon recommendation of their principals without basing the acceptance on four years' work, according to announcement made this morning by A. C. Olney, State Superintendent of Secondary Education, following a conference with university officials last night, in connection with the State convention of high-school principals now being held here.

"Under the new ruling," Olney said, "students will be accepted at the university upon recommendation of the high-school principals, regardless of the amount of work they have done in the secondary institutions. This obviously allows much greater leeway to both the students and the schools.

"Entrance examinations are admittedly not the solution to the problem of maintaining high-grade work in universities, as has been proved in the past." This is a significant victory for high schools of the State. Heretofore there has been a great deal of complaint against the university's practice of getting up too 'wooden' a group of standards for entrance requirements, and the high schools felt that these should be more flexible."

E. P. Clark, president of the State Board of Education, told the principals this morning that unless present conditions are remedied there will be a $32,000,000 deficit in the California teachers' retirement fund in ten years.

He asserted, however, that the fund as it stands is adequate and he looks for no crisis as legislative remedy probably will be instituted within ten years.

Further recognition of high schools was stressed in an address by Dr. William M. Proctor of Sanford University. "Entrance examinations are not a true mirror of students' abilities," he said, "it is a moral atrocity to consider them as such. The correlation between passage of entrance tests and college success is only 47 per cent.

"Certificate and inspection methods might be used to better advantage, so that students of superior ability could be entered on their records alone, as Harvard University does. Stanford stands ready to meet high schools half way in this matter."

Power Company Extends Lines Below Border

[EXCLUSIVE DISPATCH]

MEXICALI, April 9.—Extension of the power lines of the Southern Sierras Power Company into the delta region of the Colorado River in Lower California, to serve a number of recently installed irrigation wells, was tentatively announced by A. B. West, general manager of the company, here today.

President West and E. B. Criddle held a conference at the territorial palace this morning with Gov. Abelardo Rodriguez, and Jose G. Parres, assistant Secretary of Agriculture in Mexico, at which plans for the extensions were arranged.

The Southern Sierras will enter this territory from Yuma, and according to the plans of the officials, will extend the service as rapidly as new pumping wells justify.

The recent discovery of an unlimited supply of underground water in the delta has opened the way for the irrigation of a large area in Mexico independent of the Imperial Irrigation District gravity system.

RAINS BRING BLOOM TO NEAR-BY DESERT

[LOCAL CORRESPONDENCE]

REDLANDS, April 9.—The rains of the latter part of March and early April have done much to bring out the desert wild flowers and trips to the Mojave Desert, through the Cajon Pass, and the Colorado Desert, out through the San Gorgonio Pass, are being arranged by those who love the desert wild flowers.

Plans are now under way among the high-school students of Redlands for the staging of a wild-flower show that will surpass the first efforts a year ago. Then more than 200 varieties of wild flowers were shown but the youngsters feel sure that they can increase this number by 50 per cent.

It was feared for a time that there would be only a few wild flowers out but the rains have come just when they were needed most. There will likely be no desert lilies, however, because they rarely bloom unless there are heavy early rains.

INSIST ON SERVICE OF OLD EXECUTIVES

[EXCLUSIVE DISPATCH]

SANTA BARBARA, April 9.—The resignation of Dwight Murphy as president of the old Spanish days fiesta to be held in Santa Barbara on August 13, 14 and 15, was declined by the executive board at a meeting last night. The board likewise refused to accept the resignation of Frederick Forest Peabody, as director.

Plans for the fiesta are fast taking form and the directors asserted that Murphy has consented to remain executive director in order to repeat the success of the fiesta under his direction last year.

SOUTHERN WOMEN WIN RECOGNITION

Baptist Organization Elect Officers at Meeting Just Closed at Fresno

[EXCLUSIVE DISPATCH]

FRESNO, April 9.—Southern California women captured all but one of the important offices of the Women's American Baptist Mission Societies of the South Pacific district at the annual convention here, when 350 delegates from California, Arizona and Nevada elected the following officers:

Mrs. O. J. Oliver, Los Angeles, president; Mrs. J. L. Reits, Piedmont, first vice-president; Mrs. W. M. Ballard, Pasadena, second vice-president; Mrs. R. L. Douglas, Pasadena, recording secretary; Mrs. J. M. Brough, Los Angeles, corresponding secretary; Mrs. M. G. Schoemaker, Los Angeles, treasurer; Miss Ernest, Eagle Rock, world-wide guild secretary; Mrs. Edward Peck, Los Angeles, children's world-crusade secretary; Mrs. M. F. McKenzie, Pasadena, white cross secretary; Mrs. H. A. Johnson, Berkeley, college counsellor; Mrs. C. F. Tingley, Berkeley, missionary education secretary, and Mrs. Mary Bamford, Oakland, literature secretary.

Americanization was the keynote of the closing session of the convention today. The principal addresses were by Miss Naomi Fletcher, in charge of Baptist Americanization work on the Pacific Coast, and Miss Adela Ballard of Oakland, Americanization leader for Northern California.

The convention closed tonight with a banquet at which about 300 were present. Dr. George W. Phillips of Oakland gave the principal address and Miss Helen Hobart of Log Angeles was toastmistress.

Court Stops Murder Trial at El Centro

[EXCLUSIVE DISPATCH]

EL CENTRO, April 9.—Superior Judge Franklin J. Cole ended the trial of John T. Speer and Frank Uselton suddenly today when he granted a motion by Dist.-Atty. E. R. Utley to dismiss the grand jury indictment against the two men charging them with the murder of Barney Wood. The trial had been under way before a jury since last Monday morning.

The action of the District Attorney was taken following a decision by Judge Cole sustaining objections made by attorneys for the accused men to the introduction of testimony made by them before the grand jury before the indictment was returned.

The court agreed with the contention of counsel which held that Speer had not been fully informed of his right to refuse to answer questions that might incriminate him.

In making his motion to dismiss the case, Dist.-Atty. Utley explained that important points he had intended to bring out in support of the State's case were excluded by the court's decision and it would be unfair both to the court, jury and the defendants to proceed further with the trial and ask for a conviction under the circumstances.

EASTER SERVICE ON MOUNT HELIX

San Diego to Dedicate Memorial

Outdoor Theater Accommodates Large Audience

Los Angeles Banker Delivers Chief Address

[EXCLUSIVE DISPATCH]

SAN DIEGO, April 9.—Built as a memorial to a woman who greatest joy for many years was to climb to Easter morn was to climb to top of Mt. Helix, there to with the worshiping throng commemorating the resurrection San Diego's nature theater was dedicated Sunday morning in connection with the annual sunrise services.

The theater, erected on the of Mt. Helix, near the home Mme. Schumann-Heink on mont, fourteen miles from Diego and nearly 1600 feet sea level, is a big concrete capable of seating an audience 5000, with a platform for 225 sons and an orchestra pit modating 200. The concrete is thirty-five feet high, with a foot base, and will be lighted the beams of four 1000-watt power searchlights thrown on it.

The theater has been erected Mrs. F. M. White of San Angeles banker, will be the as a memorial to her mother, Mary Carpenter Shawkey, said to be $75,000.

Charles F. Stern, prominent Angeles banker, will be the cation speaker. He is a friend Mrs. White and of Col. Ed Fleer of San Diego, who is associated with Mrs. White in the construction of the theater. Plans for program indicate that it will one of the most impressive rise services held in Southern fornia next Sunday. The Diego Oratorio Society of voices, with an orchestra of musicians, all under the ship of Nino Marcelli, well-San Diego conductor, will a number of selections from del's oratorio, "The Messiah," soloist will be Mrs. Marie ley of San Diego. Rev. Campbell, pastor of the First gregationalist Church of the will deliver the Easter sermon.

Sunrise service also will be at La Jolla on an eminence looking the Pacific Ocean.

HIGH VOLTAGE KILLS TELEPHONE LINEMAN

[EXCLUSIVE DISPATCH]

OXNARD, April 9.—Weeks the top of a high pole rep electric wires damaged in here yesterday, Avrid Johnson, lineman for the Southern California Edison Company, was electrocuted this morning. He in contact with high-voltage above his head and 4000 passed through his body. A belt prevented him from fa Other employees lowered the to the ground, where worked for more than an hour resuscitate him but without cess. Johnson was 34 years age and married.

DEEP-SEA FILM

JULES VERNE STORY IN COLORS UNDER SEA

By Grace Kingsley

If you have any curiosity at all about the marvels of the deep, you won't have to die wondering if Metro-Goldwyn-Mayer, Technicolor and Ernest Williamson have anything to say about it. And they think they have.

A brilliant new undertaking of this combination is the making of undersea color pictures at the Bahama Islands, where there is the clearest depth sea water to be found in the world. The story to be filmed is Jules Verne's "The Mysterious Island," and Ernest Williamson, who is now in town, declares that he has found the most wonderful undersea location that even Verne himself could imagine, down there around the Bahama Islands.

Not only will this remarkable location be a part of the story, but Technicolor, which has been accomplishing such marvels in the way of development of color photography in motion pictures, has lately made an invention by means of which the sea's bottom at great depths can be photographed in natural hues. This opens up a whole new realm to pictures.

It was the Williamson Brothers, you remember, who invented a deep-sea chamber connected with collapsible tube which made possible the filming of scenes at the bottom of the ocean. They have made several pictures of late. One of the most beautiful is "The Uninvited Guests," lately shown here, which used the Technicolor process of photography.

Speaking of the new venture, Mr. Williamson said yesterday:

"When fantasy enters a little more into the motion-picture stories, I feel that our undersea stuff will come into its own. 'The Mysterious Island' is weirdly imaginative, as everybody knows, and I feel that, made in color photography, it has a chance to be a great success."

Mr. Williamson himself will direct the undersea scenes, but will have the aid of another director for the land and interior parts of the picture. He expects to start work within a month.

ORANGE GROVE DONS NEW DRESS FOR STAR

When Mary Boland steps out on the stage of the Orange Grove Theater next Sunday night, to play the lead in "Meet the Wife," Lynn Starling's comedy, she is going to look out at one of the prettiest theaters in town.

The theater, which was recently taken over by Thomas Wilkes, is being redecorated in charming colors and draperies, with both the interior and the lobby a bower of beauty in effective combinations of orange, green and black, lighted with a new lighting effect in colors. Dickson Morgan, who designs all the sets and theaterical decorations for Mr. Wilkes, is responsible for the new arrangements.

Many noted screen stars as well as other celebrities from the artistic world will be present, and the occasion promises to be one of the most brilliant the city has known.

A fine cast will support Miss Boland, the players including Wyndham Standing and Richard Tucker is leading men, and David Munro, Parks Jones, Lois Austin, Mayfair Murphey and Ralph Kline in important roles.

Gallagher's New Song

The Messrs. Gallagher and Shean, who are holding forth at the Biltmore in the current edition of the Greenwich Village Follies, stepped right back into character at the Montmartre on Wednesday night, when, on being pressed by some admirers present, they consented to walk up on the orchestra platform, thrum the piano and do an impromptu song.

The new Gallagher and Shean song should be introduced into their show, and probably will be. It extols the virtues of one male picture star in Hollywood who hasn't been mixed up in any affairs of the heart for the public benefit.

"Is it Charlie Chaplin?" query the duo, who then go on to mention other male picture stars. The song answers, "No, indeed, Mr. Shean.' 'Who, then, Mr. Gallagher,' 'Oh, it's Jackie Coogan, Mr. Shean!'"

New Romper Romeo

There seems to be no stopping these Romper Romeos. Now it is Buck Black, who has reached the ripe old age of eight, and who came to Hollywood about a year ago all the way from Rangoon, India, to crash the movies, that has been signed by William Fox to play one of the principal roles in support of Buck Jones in "Durant of the Bad Country."

Little Buck Black recently completed important roles in the Banner production, "Empty Hearts" and "The Trouble Buster."

Buster Collier Signs

Buster Collier has been signed on a long-term contract by Jesse L. Lasky, according to announcement by Jesse L. Lasky, first vice-president of the Famous Players-Lasky Corporation.

The young player recently was cast cast for the principal role in "The Wanderer," from the stage play of the same name. He is 23 years of age, is the son of the prominent playwright and comedian, William Collier, Sr., and has more than a score of successful screen and stage productions to his credit.

David Powell in It

If any story ever demanded a good cast, that story is Zona Gale's "Faint Perfume," thinks B. P. Schulberg. Therefore he is leaving no stone unturned in seeing to it that the story has the best interpreters possible.

William Powell, whose performance of Tito in "Romola" was one of the outstanding hits of the production, is now en route to Los Angeles from New York to begin work in the picture, which Louis Gasnier will direct. Powell has lately been playing the lead in Richard Harding Davis's "White Mice."

In "Faint Perfume" Powell will play opposite Alyce Mills, who will make her debut under the Schulberg banner in this production. Other well-known artists are to be cast in important roles within a day or two.

Warner Brothers Film

James Flood isn't going to have any more time in which to improve his golf stroke. In fact he is the busiest person on the Warner lot this week, getting all lined up for the start of his new picture tomorrow.

"The Wife Who Wasn't Wanted" is the intriguing title of the story assigned Flood. It is by Gertie S. de Wentworth James, and Bess Meredyth is writing the continuity.

Irene Rich and Huntly Gordon are playing the leading roles, with Johnny Harron also in a prominent part as the son of the two. This is the second time the combination has appeared together, and they made such a success of it the other time that the Warners felt all heartened up to give them another chance in a similar vein.

Here and There

Lloyd Bacon is shortly to begin direction of another comedy for Mack Sennett.

Edward Gribbon had the unique experience of being signed for a production by means of the radio. Marooned with other members of the company taking "The Limited Mail," in the fastness of the Royal Gorge, and unable to communicate by telegraph or telephone, he was radioed by Christie, and signed for a part in "Seven Days."

Priscilla Dean has gone to New York where she is appearing personally in connection with her picture, "A Cafe of Cairo." Anita Stewart entertained her and Grace Gordon at dinner one evening last week.

Louise Lorraine has been cast for the leading role in "When Man Loves," which Phil Goldstone is making.

Andree Tourneur is now playing an important role in the current J. Stuart Blackton production for Vitagraph, "The Happy Warrior," in which Alice Calhoun is starred.

Two new comedies have just been completed at the Mack Sennett studio. They are "Tee for Two," featuring Alice Day, and "Butter Fingers," a baseball comedy.

Doug Fairbanks is shaving off that dashing young mustache of his and has donned the make-up of a man of fifty-two, all in the interests of his art, as exemplified in "Don Q."

Holmes Herbert has returned to his haunts at the Hollywood Athletic Club after a whirlwind trip to New York and Havana, Cuba.

"Breakers of the Law" is the tentative title of the second A.B.C. production, written and directed by Dudolph Bylek, whose first, "Scarlet Gold," had been completed and is now being cut.

Bringing Hilarity to Criterion

Douglas MacLean

That Alpine mountain climbing is exceedingly humorous, as well as dangerous, will be demonstrated on the screen tomorrow when MacLean's new comedy, "Introduce Me," opens at the Criterion Theater.

Studio AND Stage

Announcement is made by Cecil B. De Mille of the signing of a contract with Mary O'Hara, credited with a number of successful scenarios including "The Woman on the Jury," "Black Oxen," "Trifling Women," "The Age of Desire."

Ten players were added yesterday to the cast of "Rugged Water," Joseph C. Lincoln's dramatic story of the Cape Code life saving service which Irvin Willat will produce for Paramount. Those already signed included Lois Wilson, Wallace Beery and Warner Baxter. The new names in the cast are James Mason, Dot Farley, Knute Erickson, Walter Rogers, Warren Rodgers, J. P. Lockney, Jack Byron, Thomas Delmar, Willard Cooley and Walter Ackerman. There will be still more players before Al Gilks's camera when Willat and his company leave for San Francisco two weeks from now.

Harold Roberts and his Golden State Band will play a series of concerts at the Philharmonic Auditorium beginning the 15th inst. according to George Leslie Smith. Roberts's appearance at the Auditorium with a seventy-piece orchestra will mark his last theatrical engagement in Los Angeles prior to making a tour that will take him to every important city in the country.

A strong cast has been selected for "Paths to Paradise" Paramount's current feature comedy, which went into production this week at the West Coast studio. Betty Compson and Raymond Griffith head the list in roles that allow the versatility of these featured artists full sway. As two crooks they extract an unusual amount of laughs out of the many clever situations. Other well-known players in "Paths to Paradise" are Tom Santschi, Bert Woodruff and Fred Kelsey. Clarence Badger, who was recently signed to a long-term Paramount contract, is directing.

"Ports of Call," a dramatic love story featuring Edmond Lowe, has been booked for early showing at the Cameo Theater. The action of the story is laid in the Orient and combines intrigue with mystery of the most compelling sort. Lilyan Tashman, who is rapidly coming to the fore in the motion-picture world, plays the leading feminine role.

Charles B. Crockett who made his screen debut playing Joe Patton, the crippled ranch owner in "Sundown" and more recently the mayor in "The Dressmaker from Paris," has succeeded Tully Marshall in the cast of Frank Lloyd's "Winds of Chance." Mr. Marshall having accompanied his wife, Marion Fairfax, to New York where Mrs. Marshall will undergo an operation.

Edgar Kennady has dropped the megaphone he has been swinging for the last few months at the Sennett studio and has gone back to acting. He is at present located at the Lasky studio, where he is supporting Raymond Griffith and Betty Compson in "Paths to Paradise," which is being directed by Clarence Badger.

EISTEDDFOD CONTESTS IN OXNARD NEXT WEEK

The California Eisteddfod Association announces the dates for the contests of the Los Angeles District Eisteddfod have been set for for the week of May 14 to 24.

The competitions will include contests for violinists, pianists, singers, choral organizations, church choirs, male quartets, community high school and church orchestras and high-school glee clubs. Contests for drama groups are also included in the proposed program.

Registration of contestants will be received up to and including Saturday, May 9. Gladys Caldwell of the art and music department of the Public Library is chairman of registrations, and other details may be had by inquiring at the art and music department of the library in the Metropolitan Building, or by telephoning TRinity 5431. Registration blanks can be secured at any of the branch public libraries.

The committee on arrangements for the Los Angeles district is composed of W. R. Berry, general chairman; Mrs. Alfa Wood Anderson, chairman of solo contests; Arthur M. Perry, chairman of the orchestra section; E. W. Davis, chairman of choral and church-choir contests; C. P. Longwell, chairman of tickets and admissions; Alexander Stewart, chairman of publicity and printing, and Miss Gladys Caldwell, chairman of registrations. The Los Angeles district contests are part of the California Eisteddfod and the successful competitors will be eligible to enter the final contests with the winners of the various district Eisteddfods, to be held June 6 to June 24.

District Eisteddfods will be held during April and May in Oxnard for Ventura county; Glendale, including San Fernando Valley communities; Inglewood, for the Santa Monica Bay district; El Centro and the Imperial Valley, Santa Barbara, Pasadena, Pomona, Redlands and probably one or two other districts.

GRAVEURE CLASSES

Contrary to the unthinking opinion of master classes as short periods of intensive musical study, only beneficial to the extremely advanced pupils, are the enthusiastic words of Alexander Kisselburgh, well-known baritone of this city. Mr. Kisselburg joined the Graveure master class last summer and has spent this winter in working out and proving the success of the ideas gained there. He declares that any teacher or student could acquire definite and immediately available help from the exceedingly broad and cultured art sense of this master.

The Gravuere idea of the art of singing is unique and invaluable, because his message covers every side of a professional singer's life so thoroughly that no student can afford to miss these conclusions of a world artist. Never does Mr. Graveure interfere with voice placement. His efforts are put forth in applying knowledge of proper diction, authentic tempi, program building, the development of spontaneity and personal resourcefulness, which are made immediately available to pupils who have musical background and a properly receptive mind.

THREAT WRITER IS FOUND GUILTY

Ranch Hand is Convicted on Five Counts

Davis Said to Have Admitted Penning Letters

Jury Out for Less Than Hour; Sentence Monday

Samuel Hugh Davis, a ranch hand, was found guilty in Judge Keetch's court yesterday afternoon of five counts charging him with sending threatening letters in attempts to extort money. The jury deliberated less than an hour. Sentence will be imposed Monday.

Davis was asserted to have written three letters to a former employer, F. M. Hinton, a San Gabriel Valley dairyman, demanding payment of a large sum of money under penalty of death to Hinton and his family. The other letters were addressed to Thomas Roberts, a rancher of Rivera, and E. B. Manning, a Whittier packer.

According to evidence adduced by the State, Davis demanded $300 from Roberts under the threat that if the money were not paid the writer and his gang would kidnap Roberts's daughter and take her to Mexico. A similar threat against Manning's son was made in the letter Manning said he received.

Davis was said to have confessed to deputy sheriffs that he wrote the letters, explaining he was prompted to do so because he was penniless and his wife and children were in need of food.

The case was prosecuted by Dep. Dist.-Atty. McKay.

Under the law Davis may have to serve from one to five years in the State penitentiary on each of the five counts.

McCOY OFF FOR PRISON CELL TODAY

Former Ring Champion is Tendered Good-by Dinner in County Jail Tank

Kid McCoy, former prize-ring champion, bade a sorrowful farewell to his cellmates in Tank 5 of the County Jail yesterday at a good-by dinner given him by the other prisoners in the tank, on the eve of his departure to San Quentin.

It was a sad party for McCoy, though his fellow-prisoners, who had arranged and provided the dinner, attempted to cheer him.

In an impromptu speech, McCoy stated that he would devote the rest of his life to aiding other men, and that he would spend his time at San Quentin in study and self-improvement, so that he could help others.

McCoy is to leave for San Quentin today to serve a last term, having been convicted of manslaughter in connection with the death of Mrs. Teresa Mors, and of other counts growing out of his frenzied race down Seventh street after her death.

Funeral Rites for Mrs. Chick Set for Today

Funeral services for Mrs. Wilda Louise Brown Chick, 26 years of age, wife of Ralph O. Chick, superintendent of the Coliseum, will be conducted at 2 p.m. today in the chapel of the Hollywood Cemetery. Interment will be in the same cemetery. The services will be conducted by Dr. George F. Bovard, president emeritus of the University of Southern California, of which Mrs. Chick was a graduate, and Rev. E. A. Healy, a close friend of the family.

Mrs. Chick was the daughter of Mr. and Mrs. William M. Bowen, the former being a widely known attorney of this city. She had been a leading figure in the University of Southern California and sorority circles for many years. Pallbearers at the funeral will be Kenneth Boyer, Clarence Hunt, John Dixon, John F. S. D'Aule, James A. Garfield, Howard Gwynn and Allen Gwynn.

Mrs. Chick died Thursday morning after an illness of ten days. She leaves, besides her husband and parents, two small sons, one 3 years of age and the other 4 weeks old.

Jury Opens Quiz Into Civic Rule at Beach City

The county grand jury yesterday began investigating Venice's city government. Its criminal complaints committee subpoenaed Venice Trustee Henry L. Anderman and Ivor Grant, president of the Federation of Venice Civic Associations, and was closeted with them for an hour or more yesterday.

Anderman said last night that accumulation of much information concerning the situation in Venice is under way and will be presented to the grand jury within a short time.

At the meeting of the Venice City Council last Saturday night, Anderman openly made charges of inefficiency in city government and asserted gamblers and bootleggers enjoyed immunity, which charges were denied by Mayor Parkhurst.

LEE IS SENTENCED ON PRETENSE CHARGES

Olai R. Lee was sentenced yesterday by Judge Hardy to from one to ten years in San Quentin on a charge of obtaining money under false pretenses. It was charged that he sold approximately $20,000 worth of stock in the Consumers' Milk Company of Long Beach by falsely representing that the company was in a flourishing condition and had contracts to supply the Navy with milk. The plant was losing money at the time, the prosecution contended.

BISHOP TO FLY TO HIS CHURCH

Episcopal Diocese Head to Use New "Carriage" from Catalina

A new kind of bishop's carriage will be used by Bishop W. B. Stevens of the Los Angeles Episcopal diocese, Sunday. In order that he may be in Los Angeles at 11 a.m. for the dedication of All Saints Church after leading sunrise Easter services at Catalina Island, he will make the return trip in a hydroplane furnished by the Pacific Airways Company.

"I'll try anything once," Bishop Stevens said, when "Uncle John" Daggett, in charge of the service, told him of the time-saving arrangement.

ATTENDANCE OF SCHOOLS SHOWS GAIN

Education Board Reports Increase of 13,281 Pupils Over Last Year

A gain of 13,281 pupils in the city schools was shown by the statistical report filed with the Board of Education yesterday for the month ending March 27.

The total of elementary and high-school students is 158,460 for this year, as against 145,179 at the close of March, 1924. The figures do not represent pupils enrolled but show the actual number in daily attendance.

Wilton Place Elementary School will present the usual May Day pageant, which will include every pupil in the school, numbering in all about 900, according to the report from Superintendent Dorsey to the board.

Law Assistants and One Jurist Go Under Knife

From all indications there seems to be a round of appendicitis attacking California State officials. Three assistants of the Attorney-General and a jurist of the Appellate Court have been stricken.

It was learned that Associate Justice Frederick W. Houser of the Second District Court of Appeals, Division One, here and John W. Maltman, Deputy Attorney-General at the local office, are both at the Angelus Hospital recovering from operations.

The jurist is said to have been operated on last Saturday. Mr. Maltman was under the knife on Tuesday. Both are reported doing well.

Two of the Attorney-General's staff at San Francisco, Asst. Atty.-Gen. E. B. Power, and Deputy H. H. Linney, also are said to have been operated on for appendicitis within the past seven days.

Court Grants Rehearings on Blue-Sky Cases

The State Supreme Court yesterday granted hearings on the cases involving the Doble Steam Motors Corporation, which recently were handed down by the Appellate Court in San Francisco.

The litigation which the high court has agreed to consider, is in regard to the validity of indictments returned against Abner Doble, president of the company; W. A. Doble, Jr., vice-president; Harold Havens, secretary, and F. G. Cox and W. E. Barnard, fiscal agents, charging them with violations of the blue-sky law and also with conspiring to violate this law.

The Appellate Court held, in effect, that there is no crime defined as a conspiracy to violate the blue-sky law and that the indictments are invalid.

Two California Men Considered for Siam Post

Two California men are considered by President Coolidge for the post of Minister to Siam, according to advice received from Washington yesterday by Senator Shortridge.

The two men from this State being considered by the President are Bartnie Carryington of Berkeley and Rev. Paul Little of Richmond.

Vacancy of the diplomatic post occurred on the 6th inst., when the resignation of Edward E. Brodie, a Harding appointee, was accepted. Brodie is a resident of Oregon City, Or.

Should one of these men receive the appointment, California would be represented in the government by two Cabinet members and three diplomats.

I See by Today's "Times" Want Ads—

That a four-room California house is offered for sale cheap. Must be moved.

That owner will rent piano very reasonable to responsible party.

That advertiser wants to buy or lease gasoline service station.

That an experienced bookkeeper wants part-time work.

That a soft-drink and lunch room is for sale or exchange for real estate.

STATE ACCUSES HEAD OF AGENCY

Violation of State Labor Law is Charged

Employee of Defunct Firm is Complainant

Embezzlement Counts Drawn Up by Commissioner

Investigation of the affairs of the Merchants' Association of California, an organization of which Leon J. Alexander, 1126 North Kingsley Drive, is averred to have been the guiding light, yesterday resulted in the issuance by City Prosecutor Friedlander of a complaint charging Alexander with violation of State labor laws. Other complaints, charging embezzlement and similar misdemeanors, have been drawn but not yet signed.

The association, which is said now to be defunct, was launched by Alexander and several associates as a plan whereby merchants could enter into "service contracts" in which they were promised free legal advice, assistance in drawing up contracts, mortgages, etc., income-tax returns, prosecutions and collections on bad bills and the services of the "Sweeney Detective Agency," supposedly with branches in all parts of the world, for from $11.25 to $27.50 yearly.

Mrs. S. J. Franken, 9515 South Vermont avenue, A. Forges, 833 West Sixty-sixth street, I. W. Holland, 5650 York Boulevard, George W. Weiser, 1524 East Florence avenue and William Marr, 1911 East Florence avenue, are among the patrons of the concern who have told the city prosecutor that they paid for the service but did not receive it. Fannie Weinberg, a former employee of the concern, is the complainant in the labor case; and avers that in January last, Alexander gave her a check for $35 in payment of work she had done and that the check was returned by the bank with the notation that no funds were available to meet it.

Alexander, according to Deputy Prosecutor Friedman, admitted that the concern had failed and asked the prosecutor what he was going to do about it. The issuance of complaints followed.

Prosecutor Friedlander said last night that in addition to action by his office, the District Attorney's office would be asked to investigate on complaints emanating from customers living outside the city.

MAN WANTED IN RENO IS ARRESTED IN CITY

PERJURY CHARGE SAID TO BE ECHO OF LICENSE HEARING

Jacob Pinkson, wanted in Reno, Nev., on a charge of perjury said to have been committed before J. P. Donnelly, Federal prohibition agent of Nevada, during a hearing involving the question of whether Pinkson's license as the operator of a hotel and cabaret should be revoked, was arrested yesterday and taken before United States Commissioner Turney.

Pinkson was arrested in the summer of last year on the perjury charge and gave bond of $1000. He explained that he had been living in Los Angeles awaiting summons to his trial.

Commissioner Turney set his bail at $1000 and his examination for 2 o'clock Tuesday afternoon.

FINANCIERS TO MEET

Bank of Italy Official to Speak at Santa Ana Gathering

For the evening of the 13th inst. at St. Anne's Inn in Santa Ana, the life insurance underwriters of Orange county have invited financiers from the entire county, who will listen to discussions on the developments of life insurance activities.

Marc Ryan, assistant vice-president of the Bank of Italy at its Southern California headquarters, will speak on life insurance trusts. Mr. Ryan has been active in trust departments of banks for the past eleven years, and for thirteen years previous was a practicing attorney in Los Angeles. He has addressed several leading organizations of the State on the matter of trusts, which has become through each succeeding year a more vital and pertinent matter to California.

ESPEE MINERAL LAND CASE HEARING OPENS

The United States government's effort to restore Southern Pacific Railroad land near Gorfs to public entry, on the grounds that the terrain is rich in gold, silver, copper, tungsten and lead vanadium, is being resisted by Southern Pacific Railroad Company attorneys in a hearing which started yesterday before Federal Land Receiver B. B. Smith and Land Registrar Dudley S. Valentine. It was shown that several mining claims had been filed, and prospectors and Federal experts in mineralogy are of the opinion that the several hundred acres is rich in minerals. The land was deeded to the railroad company years ago as a bonus for extension of the system to the Pacific Coast.

DERELICT NAVY RAFT SIGHTED BY STEAMER

Navy Target Raft No. 14 was again reported a derelict yesterday, this time by Capt. William Nielson of the steamer Davenport, which arrived from Puget Sound. He saw the raft, he said, in latitude 35 deg. 4m. north, longitude 121 deg. 34m. west, and tried to put a line aboard her to tow her in, but a heavy sea prevented. The raft was first reported by a vessel arriving Wednesday. She is worth about $25,000 and broke away from the tow of a mine sweeper in a storm about a week ago.

MASONS TO HEAR McKEE

Edgar McKee, candidate for Mayor, will address members of the Masonic Club at their luncheon meeting this noon at the Alexandria. He will discuss the plan for a cabinet to serve the Mayor in administering the city. A musical program also will be provided.

SHIPPING and Los Angeles Harbor NEWS

PRIVATE PILOTS IN ASSOCIATION

Group of Five Independents Incorporate

Legal Point on Recognition Raised at Port

Reconditioned Greyhound of Sea Due Today

When can a pilot not pilot a ship in Los Angeles Harbor?

This question promises to become a bone of legal contention between the Los Angeles Harbor Department and an independent pilots' association just formed at the harbor.

Incorporation papers have just been issued for the formation of a private pilot group at the harbor to be known as the Los Angeles and Long Beach Pilots' Association according to Capt. H. Anderson, active in the association and a resident of the harbor several years. The purposes stated in the application for incorporation, Capt. Anderson said, were to pilot vessels entering and departing either Los Angeles or Long Beach harbor. Five Los Angeles Harbor masters, all holding Federal pilots' licenses, appear as charter members of the incorporation, all of whom, Capt. Anderson said, are residents of the Harbor District.

Capt. S. S. Sandberg, traffic manager for the Harbor Department of the city of Los Angeles, says an independent pilots' association cannot be formed. He explains that when the State of California turned over the port to the city of Los Angeles in 1911, the city was vested with authority to handle pilotage as well.

At present the city of Los Angeles maintains seven pilots, and handles most of the pilotage, particularly on vessels under registry, although many vessels under enrollment are piloted by their own masters. There has, however, never been any organized attempt by a group of pilots to enter the local field, until the present one.

Capt. Anderson takes the position that such operations must be legal, lest the Corporation Commissioner would have declined the application for incorporation.

Capt. Anderson said there is no intention necessarily to war on any pilots, rather to provide a livelihood for the members of his association, which now numbers five and he hopes shortly to increase it to fifteen, all permanent residents of the harbor and all experienced masters and pilots.

RECONDITIONED LINER RETURNS TO PORT TODAY

Under command of Capt. E. P. Bartlett, the liner H. F. Alexander, greyhound of the Pacific Steamship Company's coastwise passenger fleet, is due from Seattle and San Francisco at 10 a.m. today and will sail north tonight at 5 o'clock. Having been out of commission for the last five months, as is customary during the winter season, the H. F. Alexander has been in dry dock undergoing a general overhauling and reconditioning, and re-enters the run for the summer season in the best shape ever, according to R. S. Schutton, local passenger manager for the line. With the exception of the purser, the personnel of the liner will be the same as before she was taken out of service last year. Oak Pugsley, who has been with the company for years, succeeds George Cramer, who has taken a shore-side berth at Seattle.

Aboard the liner is Lieut. Erik Nelson, commander of the world-flight plane New Orleans, and the engineer genius who kept the big planes in condition against all odds during the flight. Lieut. Nelson is coming down to become inspector for the Army at the Douglass Airplane Factory at Santa Monica, where many planes are under construction for the Army.

Other passengers aboard include C. M. Houghton, big game hunter from British Columbia, and E. Grant McMicken, passenger traffic manager for the Pacific Steamship Company at Seattle.

During the liner's stay here, she is expected to be viewed by hundreds of visitors, including thirty Arapahoe Indians from the Grauman Egyptian Theater in Hollywood, who will get their first glimpse of salt water. They also are expected to invite Capt. Harris to become a member of their tribe with the title of "Big Canoe Chief."

MARITAL KNOT TIED FOR SKIPPER QUICKLY

Capt. J. W. Kirshner, commander of the United American Line freighter Ipswich, recently in port, hurried off the bridge of his ship on arrival at Seattle Monday afternoon, hunted up a minister and was united in marriage to Miss Louise Pincus of Portland, according to word received here yesterday. He did it all in less than an hour from the time the vessel was warped to her dock.

Responding to the increasing demands of the passenger business which it has built with the popular ships steamships Yale and Harvard, between the cities of ports of California and Los Angeles Steamship Company now announces that commencing May 1 there will be four round-trip sailings to San Diego as well as to San Francisco, each week.

The Yale and Harvard, since the inauguration of their service nearly four years ago, have steadily operated four sailings each week to and from San Francisco. Two years ago a weekly round trip to San Diego was added. Last year this one round trip a week to San Diego was increased to three round trips.

Effective May 1, the sailings from San Francisco southbound will be on Tuesdays, Wednesdays, Fridays and Saturdays. Arriving at Los Angeles Harbor from the northern port Wednesday, Thursday, Saturday and Sunday at 10 a.m.; the vessels will sail again at 5 p.m. on those days for San Diego, where they are due to arrive at 9 p.m.

Northbound the vessels will sail at 9 a.m. on Tuesdays, Thursdays, Fridays and Sundays, arriving at Los Angeles Harbor at 3 p.m. and sailing again at 4 p.m. the same day for San Francisco.

MARINE CORPS

[EXCLUSIVE DISPATCH]

WASHINGTON, April 9.—Marine Corps: Maj. R. D. Lowell to Parris Island, S. C. First Lieut. J. I. Conrey promoted to captain, retired list.

First Lieut. E. Selby to Quantico, Va.

247-252—Southern California Edison Company.

CARGO ARRIVALS AT THIS PORT

THURSDAY, APRIL 9

Steamer DAN F. HANLON, Capt. Gallis, from Gray's Harbor, 1:40 a.m. Lumber for W. E. Chamberlin Lumber Company.

Tanker AGWISMITH, Capt. Alexander, from New York, 2:40 a.m. In ballast to load oil for Tidewater Oil Company. W. H. Wickersham, local agent.

Steamer BROOKINGS, Capt. Prandle, from Portland via San Francisco, 3:45 a.m. Passengers and lumber cargo for McCormick Steamship Company.

Mexican steamer CHIHUAHUA, Capt. Ordona, from San Francisco, 3 a.m. Passengers and general cargo for Mexican States Line. McCormick & McPherson, agents.

Steamer DAVENPORT, Capt. Nielsen, from Willapa, 4:45 a.m. Lumber for Davenport Lumber Company.

Steamer SUREMICO, Capt. Hughes, from Gray's Harbor, en route to Newark, 5:50 a.m. Lumber for Transatlantic Steamship Corporation. Agents, T. Darnell, local agent. Calling for bunkers.

Steamer NEWPORT, Capt. Lester, from San Francisco via Eureka and Santa Barbara, 5:50 a.m. Passengers and general cargo for Los Angeles Dispatch Line.

Steamer MEXICAN, Capt. Horner, from Philadelphia, 5:55 a.m. General cargo for American-Hawaiian Steamship Company.

Steamer LILLIAN LUCKENBACH, Capt. Burn, from San Francisco, 7:30 a.m. To load general cargo for Luckenbach Steamship Company.

Steamer GRIFFITH, Capt. Carlson, for Seattle, 8 p.m. In ballast to load lumber for James Griffiths & Son. Called for bunkers.

Steamer NEWPORT, Capt. Lester, for San Francisco, 8:35 p.m. General cargo for Los Angeles Dispatch Line.

DUE TO DEPART

9 P.M. TO MIDNIGHT

Steamer LILLIAN LUCKENBACH, Capt. Bovis, for Boston. General cargo for Luckenbach Line.

Steamer SAN PEDRO, Capt. Ong, for Gray's Harbor. To load lumber for Hammond Lumber Company.

Steamer JANE NETTLETON, Capt. Peterson, for Puget Sound via Redondo. To load lumber for Nettleton Lumber Company.

CARGO VESSELS DUE TO ARRIVE

FRIDAY, APRIL 10

Steamer HUMBOLDT, Capt. Baughman, from San Francisco. Passengers and general cargo for White Flyer Line.

Steamer WALE, Capt. Wolf, from San Diego. Passengers and general cargo for Los Angeles Steamship Company.

Steamer H. F. ALEXANDER, Capt. Bartlett, from Seattle. Passengers and general cargo for Pacific Steamship Company.

Steamer ROSE CITY, Capt. Macgaan, from Portland. Passengers and general cargo for McCormick Steamship Company.

Steamer AVALON, Capt. Norris, from Avalon. Passengers, mail and general cargo for Wilmington Transportation Company.

Steamer ORCUS, Capt. Martin, from Tacoma. To load general cargo for W. R. Grace & Co. H. McLaurin, local agent.

Steamer CIRCINUS, Capt. District, from Baltimore. General cargo for Planet Line. Norton, Lilly & Co., local agents.

NICARAGUAN motorship KOSMOS I, from Bahia Cruz. Banana cargo for W. R. Grace Fruit and Steamship Company. W. M. Wickersham, local agent.

Steamer WEST CARMONA, Capt. Fleming, from Singapore via San Francisco. General cargo for Struthers & Barry.

Steamer IOWAN, Capt. Lavenga, from Portland and San Francisco. General cargo for American-Hawaiian Line.

Steamer COMMERCIAL GUIDE, Capt. Sorenson, from Hampton Roads. General cargo for Moore & McCormick. Swayne & Hoyt, agents.

Tanker LA PURISIMA, Capt. Bolin, from Portland, Or. In ballast to load oil for Union Oil Company.

Tanker RIO, Capt. Burk, from Hongkong. In ballast to undergo overhaul at Bethlehem shipyard and load oil for Standard Transportation Company.

Tanker ESSO ARROW, Capt. Irvine, from Hongkong. In ballast to load oil for Standard Transportation Company.

Tanker W. S. KINGSBURY, Capt. Thomson, from Richmond. In ballast to load oil for Standard Oil Company of California.

Steamer M. J. SCANLON, from Philadelphia and Baltimore. Under charter with general cargo for Los Angeles Dispatch Line. Sold to Hammond Lumber Company.

Steamer ROBERT JOHNSON, Capt. Johnson, from Newport, Or. Lumber for Pacific Spruce Lumber Company.

Steamer MARY E. MOORE, Capt. Rosenblad, from Coquille River. Lumber for Moore Mill and Lumber Company.

CARGO VESSELS DUE TO DEPART

FRIDAY, APRIL 10

Steamer HUMBOLDT, Capt. Baughman, for San Francisco. Passengers and freight for White Flyer Line.

Steamer YALE, Capt. Self, for San Francisco. Passengers and freight for Los Angeles Steamship Company.

Steamer EMMA ALEXANDER, Capt. Halverson, for San Diego. Passengers and freight for Admiral Line.

Steamer H. F. ALEXANDER, Capt. Bartlett, from Seattle and San Francisco. Passengers and freight for Admiral Line.

Steamer AVALON, Capt. Morris, for Avalon. Passengers, mail and freight for Wilmington Transportation Company.

British tanker SCOTTISH BARD, Capt. McDonnell, for Yokohama. Oil cargo for Anglo-Saxon Petroleum Company. Shell Oil Company, agents.

Tanker FRANK H. BUCK, Capt. Hankins, for Avon. Oil cargo for Associated Oil Company.

Steamer ORCUS, Capt. Martin, for Anacortes. General cargo for W. R. Grace & Co. H. R. McLaurin, agent.

Steamer COMMERCIAL GUIDE, Capt. Sorenson, for Hampton Roads. Navy supplies for Moore & McCormick. Swayne & Hoyt, agents.

Tanker K. S. KINGSBURY, Capt. Thomson, for Richmond. Oil cargo for Standard Oil Company of California.

Steamer LENA LUCKENBACH, Capt. Jorgensen, for Puget Sound, via way ports. General cargo for Luckenbach Line.

Tanker WARWICK, Capt. Asp, for Martinez. Gasoline cargo for Union Oil Company.

Japanese tanker TACHIBANA MARU, Capt. Kurishima, for Tokuyama. Oil cargo for Standard Oil Co.

Norwegian tanker LISS, Capt. Arneson, for Shanghai. Kerosene cargo for Shell Oil Company.

ROBT. DOMINGUEZ
City Clerk of the City of Los Angeles.

WIDE CAHUENGA PLAN INDORSED

Council Committee Approves Five-Finger Project

City Officials Ordered to Draw Up Resolution

Engineer Report Segregated to Allocate Cost

The so-called five-finger traffic project of Hollywood, which includes the widening and opening of Cahuenga avenue south to Melrose avenue, one of the elements of the Major Traffic Plan, was favorably recommended by the Council Public Works Committee yesterday. Instructions were given the City Attorney and City Engineer to draw the necessary ordinance of intention.

Councilmen Criswell, Sanborn and Wheeler, members of the committee, listened to a number of protests voiced by property owners from the northerly section of the district, who desired that the proposition go through as two separate districts. It was approved, however, as one district.

REPORT SEGREGATED

A segregation has been made, however, in the report furnished by City Engineer Van Norman and Assistant City Engineer Prince, in charge of street widenings and openings. The plan is to lighten the burden for property owners north of Dix street.

The plan includes the opening and widening of Cahuenga avenue from its junction with Highland avenue at the foot of the pass south to Melrose avenue, portions of Yucca street, Argyle avenue, Ivar avenue, Wilcox avenue and Cole avenue. It is planned, in conjunction with the Major Traffic Plan, to divide Cahuenga avenue at Sunset Boulevard, part to continue straight south by the new Cahuenga, the other by the proposed extension of Cole avenue.

Cahuenga avenue, under the new plan, will be ninety-four feet wide. In addition, a project is now in the course of formulation whereby a sixty-foot roadway through Cahuenga Pass on the east side of the canyon will be constructed.

The entire cost of the five-finger project has been estimated at $3,753,945, including cost of land, damage to existing improvements and construction expense.

The eventual enlargement of Cahuenga avenue and the pass roads is regarded as extremely important on account of the constantly increasing traffic into San Fernando Valley.

NEW CAHUENGA PASS ROAD IS DISCUSSED

Ways and means of financing the proposed highway over Cahuenga Pass on the east side of the Pacific Electric tracks, were considered yesterday morning at a special meeting held at the Hollywood Chamber of Commerce headquarters. Those who attended the meeting were: Carl Bush, secretary of the Hollywood Chamber of Commerce; S. H. Woodruff, developer of Hollywoodland; A. Z. Taft, O. J. Renfrew, secretary of the Greater San Fernando Valley Association; T. W. Teschke, Taft Land and Development Company engineer, and C. Jordan, Hollywoodland engineer.

Until some method of paying for the proposed new roadway is discovered, efforts to obtain the necessary rights of way for the highway will not be successful, in the opinion of those who are interested in the project.

The new road, as proposed by Dewitt Reaburn, engineer in charge of the construction of Mulholland High Way and the new west-side road over Cahuenga Pass, would parallel the road now under construction and be joined to it by a bridge at the summit of the pass.

Scion of Rich is Charged in Pay Check Case

A warrant for the arrest of Benjamin Karpen, reputed to be the son of one of the largest furniture men in the country, who died several years ago, was issued yesterday by Police Judge Richardson, charging Karpen with giving a worthless check for $35 in payment of wages. Bail was set at $100.

Karpen is said to have operated an interior decoration shop at 261 South Western avenue which was closed by the Sheriff last February for nonpayment of bills. The complaint issued against him yesterday by Deputy City Prosecutor Concannon is signed by Fanny Weinberg, who asserted she was unable to cash the check which she was given in payment of wages.

Several complaints charging nonpayment of wages also have been issued against Karpen in the State Labor Department and involve approximately $380.

DEADLY THREAT CHARGED

It was her husband's display of a gleaming razor accompanied by a threat that he would slash her face to ribbons that decided Victoria F. Hill that she was in need of a divorce, she sets forth in a complaint filed yesterday. The razor was displayed by her husband last February, she says. She further asserts she was saved only by the intervention of her brother.

SCREEN PLAYERS IN NEW ROMANCE

Renee Adoree (above)
Gaston Glass (below)

EX-WIFE OF TOM MOORE IS ENGAGED

Renee Adoree Betrothed to Gaston Glass; Wedding Date Not Revealed

Gaston Glass and Renee Adoree, motion-picture players, announced their engagement last night. When the wedding will take place was not revealed. It is understood, however, that about eleven months must elapse before Miss Adoree's interlocutory decree of divorce from Tom Moore, well-known screen actor, becomes final.

Glass was in the public limelight about a year ago last fall when he was arrested in a police raid at the home of Mrs. Helen McCloskey at 6527 Fountain avenue. Louis G. Gasnier, director at the time for Glass, and Alma Rhoades, an extra girl, were arrested in the same raid. After the case against Glass was tried twice and two juries failed to reach a verdict, the charge was dismissed against all the defendants.

BOX-LUNCH FACTORY TO OPEN HERE

John Tait Commissary Will Market Meals Through Drug Stores

A new industry for Los Angeles, employing about 150 persons in addition to messengers, was announced yesterday by John Tait—the production of 75,000 box lunches a day. The lunches will be put up in a modern fireproof concrete commissary at 1642 East Thirty-eighth street and distributed through Sun and Owl drug stores and by messengers on telephone orders.

Tait started the box-lunch plan in San Francisco two months ago and is selling about 10,000 lunches a day there. He has been in the restaurant business on the Pacific Coast during the past twenty-five years. He is the owner of Tait's Coffee Shop at 513 South Broadway.

Benefit Plans Perfected by Joint Councils

Program and feature plans for the big new clubhouse benefit entertainment of the joint L.M.I. Councils at the Philharmonic Auditorium June 4 have begun to take active shape.

One of the features of the joint councils' meeting at the Security Trust and Savings Bank Building, Pico and Alvarado streets, was presentation of the tentative plans and drawings of the proposed new clubhouse by Architects A. C. Martin and Elwood Eiden, showing a well-arranged structure, roomy, ornate and convenient for the varied purposes to which it will be devoted.

Monsignor Cawley's consent to serve as director of the advisory committee has added weight and prestige to that body. William Lucke has been named to assist in the capacity of field secretary, Ed Triolo is head of the show committee with Tom White as his assistant.

JERSEY FOLK TO MEET

The Jersey contingent will meet this evening in the Disabled Veterans' Hall at 246 South Hill street. President O. C. Linnard will have the program in hand and dancing will follow. He will announce plans for the picnic in Sycamore Grove Park Saturday, May 9.

DIZZY PRICE FOR RATTLE

Just Because Bottles Did Not Fit Couple Loses Big Booze Cargo

The rattle of the proverbial family skeleton had nothing in dire results on the rattle emanating from the machine driven by Jack Warren and James Roach.

The rattle of their cargo rather rattled the two men. They drove to a vacant field on Harvard Boulevard to stop the rattle. About this time Deputy Sheriffs Strong, Hossack and Hart sighted them. Their curiosity was aroused by the car in the open field. They investigated with the result that Warren and Roach were further rattled and led away to the County Jail. In the car the deputies found $600 worth of various liquors. Their prisoners explained that the bottles rattled so much they drove into the field in order to rearrange them so that they would not rattle with so much vigor.

SAYS MATE WAS SHEIK OF SIERRAS

Mrs. Marguerite Hoegee Wins Suit for Separate Maintenance

On the mountain trails in the Sierra Madre district, Vinton Hoegee is known as the sheik of the hills, Mrs. Marguerite Hoegee testified before Judge Stanley Murray yesterday at her suit for separate maintenance.

Mrs. Hoegee said that her husband operates pack trains out of Sierra Madre to mountain resorts. He is very attractive to women tourists, she said, and on several occasions has caused her mental strain by his solicitude for their comfort.

Two women whose names were linked with Hoegee in Mrs. Hoegee's complaint were in court yesterday to deny her assertions. Miss Buddy Bartholomew, whom Hoegee is said to have been with during a liquor party of which Mrs. Hoegee was a member, denied that she had been guilty of anything worse than shooting craps.

The other woman named by Mrs. Hoegee, Merle Jane Harvey, likewise denied misconduct and declared Hoegee merely accommodated her to the extent of taking her to town when her mother became ill.

Mrs. Hoegee was granted $125 a month and custody of a minor child, Glen Hoegee.

Suspicious Acts Cause Arrest of Man; Girl Flees

William Friedlander, 20 years of age, was arrested last night by Detectives Waggoner and Becket of Central Station and lodged in the City Jail on a charge of suspicion of burglary. According to the officers, they came upon Friedlander in an alley near Seventh and Los Angeles streets and saw him acting in a suspicious manner. When he saw the officers he attempted to get away and threw a special deputy constable's badge and a revolver over a fence, the officers assert.

As the officers entered the alley a girl who is believed to have been a companion of Friedlander fled, disappearing before the officers could get near her. Police records show that Friedlander is on probation at present, having been arrested a year ago on an automobile theft charge.

RETRIAL PLEA LOST BY FAKE BUILDING AGENT

Trafford Henry Heape, convicted of the larceny of $250 from Bruce G. Kingsley, lost his appeal for a new trial yesterday when Presiding Justice Finlayson of the Second District Court of Appeal, Division Two, confirmed the lower court's judgment. Heape was charged with representing himself as connected with a fictitious corporation known as the Great Western Builders, Inc., and to have obtained $250 from Kingsley as part payment on $1000 which the mythical company was to apply on the purchase of a house and lot for Kingsley. The transactions are said never to have been completed and Heape was charged with converting the money to his own use.

DRIVER CONTINUES AT POST DESPITE BURNS

Though scalding steam from a broken pipe was pouring into his face and upon his arms and chest, William Grenny, 47 years of age, of 5860 Long Beach avenue, stuck to his post on a steam roller he was operating yesterday, and prevented it from running down into Sunset Boulevard, thick with traffic. Grenny was working with the roller on New High street. When the pipe broke the roller started down the grade, but Grenny managed to bring it to a halt just before Sunset Boulevard was reached. He was taken to Receiving Hospital, where it was found he was suffering from first and second-degree burns. He is expected to recover.

FOUR STATES TO RALLY

Saturday is the day for four State picnics in Sycamore Grove Park, Los Angeles. New York, Rhode Island, Connecticut and Washington will each have a separate section and will supply hot coffee for all picnickers. The basket dinner hour will precede the programs. Anyone from either State is invited and tourists will be especially welcome.

TEPEE CITY ON ROOF OF BILTMORE

Hot Water, Maid and Bell Boy Service Given Eight Indian School Braves

[Illustration on Picture Page]

It is "tepee for two" at the Biltmore.

In fact a "tepee floor" has been installed on the roof of the hotel—a tiny city of tents.

The reason is that eight stars Indian runners from the Sherman Institute of Riverside, who soon will compete with Paavo Nurmi, world's champion distance runner, expressed a desire for more atmosphere of the great open spaces than was afforded by rooms in the hotel.

In desperation, the room clerk conferred with Manager Baad. The tepees were provided. Hot water was piped to the tents and a maid and bell boy were assigned to wait on them. Thus the mighty redskins were at home and happy.

The Indians are in Los Angeles to inspect and try out the Coliseum track over which they will run on the 25th inst., against Nurmi.

The runners are Garnett Billy, Amos Hoyowesa, Harry Arthur, Willie Roy Arenas, Bruce Arthuto, Anthony Barney, Cecil Begay and Thomas Humphries. They are in charge of Coach Jamison.

SEMIFINALS TO SET NEW MARK

CAREER PLANS AIDED

Jones plans to take up international law as a career, and for that reason has pursued the study of the Constitution necessary in the preparation of his oration with special interest. He comments on the contest work as follows:

"I have always been interested in the study of the Constitution, but never realized the significance of this document. I admired it as an instrument of government, but never loved it as something that moves and lives in the hearts of men. In my study of international law I learned the good and bad points of every government, but in my study of our Constitution I found none but constructive points. This contest has helped me in my school life. I take more interest in school because I realize that there is more in my life than I thought before the contest. I have gained confidence in myself. I no longer dread talking to people, but find more pleasure in public speaking than I ever did in athletics or ordinary amusements. I find nothing but good in this contest, and only regret that I did not enter the first year."

Melvin Clark of Venice has displayed a variety of interests during his high school career. Aside from devoting much time to debating and oratory, he has taken an ardent interest in several commercial branches, and he is now a member of the Venice junior planning committee.

Undecided before entering the oratorical contest as to what line of work he would take up when he had completed his education, the study of the Constitution and the subjects pertaining to it has caused him to decide to take up law. "I never knew before how interesting the study of the principles of government could be," he says. "I have found the study of the history of the Constitution especially fascinating, and a knowledge of the struggles for human liberty that took place before the principles embodied in our Constitution could become established has greatly increased by respect for that document, and the men who fought for those principles. The study has also stimulated my patriotism."

INTERESTING FIGURE

One of the most interesting figures of the group of contenders for honors at the semifinals is Morris Panarsky, the champion of San Pedro High School. He is a shining example of the type of boy who is thrown on his own resources at an early age and makes good.

Of Russian parentage on his father's side, young Panarsky, who is now 17 years of age, was forced by the loss of his father to help in making a living for himself and his mother when he was only 10. He sold papers on the corner of Sixth and Flower streets in Los Angeles, the city of his birth, and recalls with a good deal of pride that he was one of a group of 300 newsboys receiving a prize of a dollar offered by the late F. B. Silverwood for efficiency among the newsies some six years ago.

"I have worked by way through high school and am now in my senior year," said Panarsky. "I have done everything I could get to do to earn money. Last year I was going to work as a sailor during the summer vacation, but met a friend who induced me to go into business with him. My sole capital was the dollar I had received from Mr. Silverwood, which had been in the bank nearly six years with interest accruing. Our business venture did not prove very profitable, except in regret, but it was valuable to me in that it spurred me on to more diligence. I have worked much harder at my studies since that experience."

Young Panarsky's victory in the preliminaries is remarkable because he had never previously taken an active interest in the school's public-speaking work and debating.

Morris confided further that prior to entering the contest he had not had a very definite idea of what he was going to do when he got out in life. "But I have made up my mind now," he declared. "I am going to be a lawyer."

GIRL VICTOR

Elsie Forsythe, the champion orator of Glendale Union High School, is accustomed to winning prizes for oratory and other feats in school work. She was the winner last year of the first prize in an oratorical contest conducted by her school, which is an annual event of great interest in Glendale. Aside from that she has won prizes for articles and stories appearing in the Exponsion, the official organ of Glendale High.

Miss Forsythe's address at the district meet in the National Oratorical Contest was on Marshall and the Constitution. "I attended some of the preliminaries of last year's contest and noted that nearly every speaker spoke on the Constitution and evidently a large number of them had drawn their material from the same sources, to judge by the frequent occurrence in all the orations of exactly the same phrases," she said. "I decided I wanted to get away from the stock expressions, and so made a study of the part played by Chief Justice Marshall in establishing the principles of the Constitution. During my preparation I read the life of Marshall, as well as texts dealing with the Constitution, and learned more about both Marshall and the Constitution than I ever knew before."

The young lady said she had worked on her oration nearly two months, and expressed the opinion that the reason many youthful orators fail in the contest is because they don't put enough time on preparation. She said she had always taken a great deal of interest in oratory and literature, and when she completes her education she intends to go into newspaper work.

Bill Hart's Wife is Reported in Grave Condition

The condition of Mrs. Winifred Westover Hart, seriously ill at her home from a heart affection, was reported as grave last night.

Mrs. Hart, the estranged wife of William S. (Bill) Hart, has been unable to take food for the last ten days and has been in a coma part of the time, according to her mother, Mrs. Sue Westover, who is acting as her daughter's attendant.

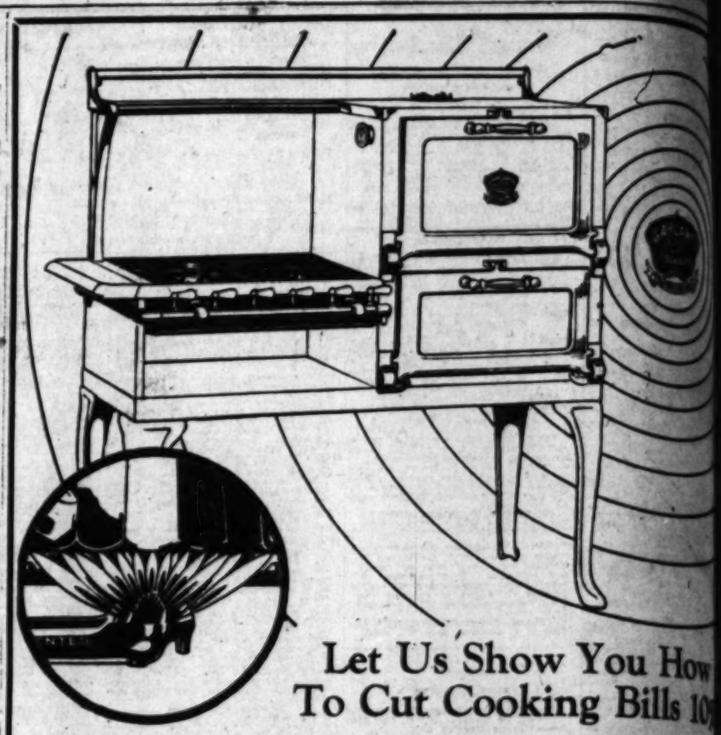
POWELL TAKES LEAD IN ZONA GALE PLAY

William Powell, a character actor of stage and screen, will arrive in Los Angeles today under contract to B. P. Schulberg, independent picture producer, the latter announced yesterday. He will play the lead in "Faint Perfume," based on the novel of that name by Zona Gale. Powell spent nearly a year in Rome making Romola and has just returned from Cuba. This will be his first trip to Los Angeles in several years.

AUTOS STOLEN

Eight automobiles fell prey to thieves in the twenty-four hours ending last night, according to a report from the Theft Bureau of the Automobile Club of Southern California yesterday. The cars stolen and their license numbers are:

Chandler, 444-797 (25;) Ford touring, 855-601 (25;) Chevrolet touring, 301-934 (24;) Ford touring, 565-215 (25;) Jewett touring, 682-232; Velie roadster, 807-144 (25;) Chevrolet roadster, 342-199; Studebaker touring, 565-701.



Let Us Show You How To Cut Cooking Bills 10%

Garland's Patented Heat-Spreading Burner is the biggest money saver ever devised for the kitchen. It uses 10% less gas than any other burner, besides saving your time and improving your cooking.

It does this by bringing your cooking utensils within ⅛ of an inch of the burner top. On ordinary ranges the distance is from 1¼ to 1½ inches. With perfect combustion, as in Garland, this assures a 10% saving.

4,000,000 American homes are enjoying Garland superiorities, the result of more than 50 years experience. Come in and learn about these valuable features. See the beautiful new models we have just received, including the beautiful white porcelain enamel ranges in every size and style.
